exposes the unseen distinctions that exist among the ways that people seek the Big Answers to the questions posed by life the universe and everything When most people speak about God or Truth or the Divine Campion asserts they aren t actually talking about anything divine or godly at all whether they are believers unbelievers or undecided Whatever their posture toward these matters they betray an almost universal unseeingness about what the entire spiritual enterprise is actually

about its rules codes even its final aim They are blind to what the great sages of the world s religious and philosophical traditions have pointed to forever which also happen to converge with the discoveries of contemporary science as it grapples with the nature of consciousness At its core this book is about the blind spot that prevents us from knowing who we are In revealing this obliviousness the author dives into the perspective that is commonly known as nonduality the principle that lies at the core of all world wisdom traditions including the scientific ones The reasons for what Campion has dubbed Blindspot may be understandable yet as he shows in brilliant and often humorous detail its costs to the individual to humanity in general to the planet as a whole are high indeed In a word confusion In another word suffering Although there are numerous books available today about nonduality only Blindspot addresses the critical distinctions that exist between the conventional approaches to spirituality indeed to life itself and the nondual approaches Plus how these same distinctions also play out in the sciences Moss Campion is a qualified commentator having immersed himself in the mystery of consciousness all his life both in the context of his personal circumstances and also in his work with patients in the hospital setting Along the way he studied with many esteemed teachers and guides in both the animal and plant kingdoms *Work That Matters* Maia

Bodhi's meticulously selected anthology of suttas provides a systematic overview of the Buddha's teachings mirroring the four noble truths, the most concise formulation of the Buddha's guide to liberation. *Reading the Buddha's Discourses in Pali* shares with readers not only exceptional language instruction but also a nuanced study of the substance, style and method of the early Buddhist discourses.

Breakdown Gregory John DiStefano, 2005-04. Advance praise for *Breakdown*. *Breakdown* takes the reader on a journey of growth and transformation through an often overlooked path demonstrating how the shadow side of life can be a vehicle to enlightenment. Extremely honest and personal, it shines a poignant eye on the struggles of a high-powered job in New York's glitz and glamour scene and the darkness of addiction. Through it all, this illuminating adventure offers a fresh and hopeful point of view to the meaning of life in these troubled times. Steve Kammon, Editor, *Circuit Noize* magazine. Greg DiStefano has spent a decade on the fringes of the limelight, brushing up against the famous and the infamous in the shadowy underbelly of New York's nightclub scene. It all looks promising until Greg's bizarre encounter with the prophetic Spiros forces him to reexamine his perception of reality. Propelled by a string of serendipitous events, Greg and Spiros wind their way across the Middle East and India, interacting with a series of seers, sages and spiritual masters. Troubled by America's soulless culture, internal conflicts and the meaninglessness of his star-studded dream job, Greg breaks down. Stripped of everything that defines his identity, only a terrifying leap into the unknown can save him. While chronicling dizzying celebrity heights and floor-crawling lows, *Breakdown* blends elements of religion, philosophy, metaphysics and sexuality into popular language. A testimonial to the indomitable human spirit, this coming-of-age tale provides hope, deeper meaning and an opportunity for transformation. *Breakdown*. Find yourself. Five Percent of the author's royalties will be donated to Hale House, America's best-known independent facility for addicted babies in Harlem.
