Maxwell,2023-03-28 Never Be Afraid to Speak to a Group Again It's been said that public speaking is the number one fear of most people with death being second This means said comedian Jerry Seinfeld if you have to be at a funeral you would rather be in the casket than doing the eulogy How can you overcome fear or ineffectiveness as a speaker Learn the Laws of Communication John C Maxwell has been a public speaker and motivational teacher for more than fifty years He is one of only eight people on the planet who have been awarded Toastmaster's Golden Gavel and been inducted into the National Speakers Association Hall of Fame In *The 16 Undeniable Laws of Communication Apply Them and Make the Most of Your Message* he shares everything he's learned from a lifetime of communication Learn how to Speak from conviction Prepare your content and yourself for speaking Find and use your personal and communication strengths Focus on your audience and connect Tell better stories Read the room and create energy and anticipation Add value to people Inspire people to take action Everyone has a message to share Whether you want to improve your ability to inspire employees speak at PTA meetings report to a board of directors teach students deliver a sermon address a small group speak from a stage or communicate to an arena full of people this book can help you Learn from one of the best communicators in the world and start making the most of your message today **Eisenhower and Churchill** James C. Humes,2010-03-03 Although born and raised more than an ocean apart Dwight Eisenhower and Winston Churchill the two titans of the greatest generation led remarkably parallel lives whose paths would intersect during history's most harrowing days Through their youth education and military training both men experienced similar triumphs and failures that shaped their lives though they met only for the first time upon the eve of war in 1941 Eisenhower and Churchill tells the magnificent story of these two great leaders and their exemplary partnership in war and peace Through enlivened pages and fascinating anecdotes author James C Humes illuminates the human side of each man who had more in common with each other than a world war You'll discover the extraordinary stories of how both were born to domineering mothers and failed fathers both did not qualify for the military academy on the first try both were traumatized by experiences in World War I both were talented writers and both lost a child in the very same year 1921 Remarkably each man did not warm to the other at first but as they worked together their respect for one another grew to become a powerful friendship that lived long after the echoes of war had receded into the past As allies they shared a hatred for tyranny and led the world through the greatest war of the twentieth century As friends they shared a sense of trust and cooperation that should be

raised as a standard. Containing new research and memorable insights, Eisenhower and Churchill brings to life the two lions of the twentieth century. Who would not welcome an intimate book about Churchill and Eisenhower and who is better situated to write it than Professor Humes, who knew them both and studiously and ardently records their careers and their friendship? William F. Buckley Jr. James C. Humes's *Eisenhower and Churchill* is a wonderful dual biography laced with lively anecdotes, engaging prose, and shrewd analysis. A truly welcome addition to our growing literature on the Second World War.

Douglas Brinkley, professor of history and director of the Eisenhower Center, University of New Orleans

The Art of Woo

G. Richard Shell, Mario Moussa, 2007-10-18

You may need *The Art of War* to defeat your enemies, but if you prefer to win them over, read *The Art of Woo*. G. Richard Shell and Mario Moussa know what it takes to drive new ideas through complex organizations. They have advised thousands of executives from companies such as Google, Microsoft, and General Electric to organizations like the World Bank and even the FBI's hostage rescue training program. In *The Art of Woo*, they present their systematic four-step process for winning over even the toughest bosses and most skeptical colleagues. Beginning with two powerful self-assessments to help readers find their Woo IQ, they show how relationship-based persuasion works to open hearts and minds. Ranging across history from Charles Lindbergh to Sam Walton, the authors examine how savvy negotiators use persuasion, not confrontation, to achieve goals. *U.S. News & World Report*

The Churchill Factors, Larry Kryske, 2000

Most people look at a towering leader like Winston Churchill and see a life full of extraordinary achievements. Few, however, realize that his road to greatness was neither straight nor smooth. He had to wage a constant battle with defeats, setbacks, obstacles, and even depression. Churchill's ability to bounce back from difficulties and problems can be traced to a simple formula for success that he practiced his entire life. Using *The Churchill Factors*, Churchill's best practices involving leadership, the reader will learn how to achieve heroic results, harness relentless resolve, and turn adversity into advantage. The reader will also learn proven strategies for communicating more effectively, achieving powerful goals, sustaining encouragement in times of trial, building self-esteem using simplicity, and risk to one's advantage, and experiencing a richer, fuller, more productive life.
