**Voodoo** Gert Chesi, 1980     *A Companion to Modern African Art* Gitti Salami, Monica Blackmun Visona, 2013-12-24

Offering a wealth of perspectives on African modern and Modernist art from the mid nineteenth century to the present this new Companion features essays by African European and North American authors who assess the work of individual artists as well as exploring broader themes such as discoveries of new technologies and globalization A pioneering continent based assessment of modern art and modernity across Africa Includes original and previously unpublished fieldwork based material Features new and complex theoretical arguments about the nature of modernity and Modernism Addresses a widely acknowledged gap in the literature on African Art     **African Material Culture** Mary Jo Arnoldi, Kris L. Hardin, 1996-04-22

This volume has much to recommend it providing fascinating and stimulating insights into many arenas of material culture many of which still remain only superficially explored in the archaeological literature Archaeological Review a vivid introduction to the topic A glimpse into the unique and changing identities in an ever changing world Come All Ye Fourteen interdisciplinary essays open new perspectives for understanding African societies and cultures through the contextualized study of objects treating everything from the production of material objects to the meaning of sticks masquerades household tools clothing and the television set in the contemporary repertoire of African material culture     Tribal Talk Will

Coleman, 2010-11-01     **Intellectuals and African Development** Bjorn Beckman, Gbemisola Adeoti, 2008-02-29 This book looks at the very different responses to the African predicament from prominent writers like Soyinka Ngugi and Achebe to the military men in power and the students who defy repression It suggests that intervention by international agencies who claim to promote democracy and empower the youth may reinforce authoritarian attitudes and structures The essays in the book give voice to the outrage ridicule and revolutionary ardour as well as to the reformist caution of those directly affected The shallow pretences of those in power and the hypocrisy and arrogance of the foreign helpers are also exposed The book concludes that being an insider or an outsider is less important than being committed to listening to ordinary people

Re-visions Karel Arnaut, 2000     **Mami Wata** Henry John Drewal, 2008 This book traces the visual cultures and histories of Mami Wata and other African water divinities Mami Wata often portrayed with the head and torso of a woman and the tail of a fish is at once beautiful jealous generous seductive and potentially deadly A water spirit widely known across Africa and the African diaspora her origins are said to lie overseas although she has been thoroughly incorporated into local beliefs and practices She can bring good fortune in the form of money and her power increased between the fifteenth and twentieth centuries the era of growing international trade between Africa and the rest of the world Her name which may be translated as Mother Water or Mistress Water is pidgin English a language developed to lubricate trade Africans forcibly carried across the Atlantic as part of that trade brought with them their beliefs and practices honoring Mami Wata and other ancestral

deities Henry John Drewal is the E.J. Bascom Professor of African and African Diaspora Arts at the University of Wisconsin-Madison. Other contributors include Marilyn Houlberg, Bogumil Jewsiewicki, Amy L. Noell, John W. Nunley, and Jill Salmons.

Explains how to use the many forms of divination, explores events and predictions, and includes entries on such people as Aleister Crowley and Jeane Dixon. Tate Gallery Tate Gallery, 1996. Betru a Markus Raetz. **South**, 1980. **India in Africa, Africa in India** John C. Hawley, 2008-06-25. India in Africa, Africa in India traces the longstanding interaction between these two regions, showing that the Indian Ocean world provides many examples of cultural flows that belie our understanding of globalization as a recent phenomenon. This region has had and continues to have an internal integrity that touches the lives of its citizens in their commerce, their cultural exchanges, and their concepts of each other and of themselves in the world. These connections have deep historical roots, and their dynamics are not attributable solely to the effects of European colonialism, modernity, or contemporary globalization, although these forces have left their mark. The contributors to this interdisciplinary volume come from the fields of history, literature, dance, sociology, gender studies, and religion, making this collection unique in its recreation of an entire world too seldom considered as such.
