South Africa is the first collection dedicated to contemporary Black South African feminist perspectives. Leading feminist theorist Desiree Lewis and poet and feminist scholar Gabeba Badero have curated contributions by some of the finest writers and thought leaders into an essential resource. Radical polemic sits side by side with personal essays and critical theory coexists with rich and stirring life histories. The collection demonstrates a dazzling range of feminist voices from established scholars and authors to emerging thinkers, activists and creative practitioners. The writers within these pages use creative expression, photography and poetry in eclectic interdisciplinary ways to unearth and interrogate representations of blackness, sexuality, girlhood, history, divinity and other themes. *Surfacing* asks what do the African feminist traditions that exist outside the canon look and feel like? What complex cultural logics are at work outside the centers of power? How do spirituality and feminism influence each other? What are the histories and experiences of queer Africans? What imaginative forms can feminist activism take? *Surfacing* is indispensable to anyone interested in feminism from Africa, which its contributors show in vivid and challenging conversation with the rest of the world. It will appeal to a diverse audience of students, activists, critical thinkers, academics and artists. *Winnie & Nelson* Jonny Steinberg, 2023-05-10

Only Steinberg could have written a book in which Winnie and Nelson can appear both larger than life and all too human. What a book. What an achievement. Jacob Dlamini, historian and author. One of the most celebrated political leaders of the twentieth century, Nelson Mandela has been written about by many biographers and historians. But in one crucial area, his life remains largely untold: his marriage to Winnie. During his years in prison, Nelson grew ever more in love with an idealised version of his wife, courting her in his letters as if they were young lovers frozen in time. But Winnie, every bit his political equal, found herself increasingly estranged from her jailed husband's politics. Behind his back, she was trying to orchestrate an armed seizure of power, a path he feared would lead to an endless civil war. Jonny Steinberg tells the tale of this unique marriage, its longings, its obsessions, its deceptions, turning the course of South African history into a page-turning political biography. *Winnie Nelson* is a modern epic in which trauma doesn't just affect the couple at its centre but an entire nation. It is also a Shakespearean drama in which bonds of love and commitment mingle with timeless questions of revolution, such as whether to seek retribution or a negotiated peace. Told with power and tender emotional insight, Steinberg reveals how far these forever entwined leaders would go for one another and also where they drew the line. For in the end, both knew theirs was not simply a marriage but a contest to decide how apartheid should be fought. **Winnie Mandela** Chris Van Wyk, 2003
