Zhi, 2012-09-04 Shi Zhi has been a major force in Chinese poetry since 1968 when several of his poems were circulated as secret handwritten manuscripts in the midst of China's Cultural Revolution. He gave voice to the aspirations of dispirited youth and although once relegated to obscurity he is today celebrated as one of China's most important cultural influences having spawned the modern Chinese poetry revolution of the 1980s. This collection of Shi Zhi's most significant poems featuring an afterword by the poet himself is the first book length publication of his work in English. Born as Guo Lusheng in 1948 at the height of the Chinese Civil War Shi Zhi joined the People's Liberation Army at the age of twenty three. Discharged early he entered into a period of severe depression and spent much of the next three decades living in mental hospitals under harsh conditions. Taking the pen name of Shi Zhi meaning index finger to evoke the image of people pointing at his back he continued to write poetry through these tumultuous years chronicling his journey from the heights of fame to the depths of institutionalism and ultimately to a final redemptive return to society in 2005. The voice of this besieged poet burdened with

exile and illness captured the spirit of his generation and now inspires young readers By presenting Shi Zhi s poems in chronological order *Winter Sun* allows readers to appreciate the evolution of his poetry from his earliest work to his most recent poems Masterfully translated by Jonathan Stalling and with an introduction by leading poetry critic Zhang Qinqin this landmark collection ensures that Shi Zhi s poetry so important to Chinese readers during the most challenging of times will engage the hearts and minds of new readers the world over for years to come *Sequels* Janet G. Husband,Jonathan F. Husband,2009 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *Winter Love* Jacob Korg,2003 Ezra Pound and Hilda Doolittle who used the pseudonym H D are among the most important American modernist poets In this comparative study Jacob Korg examines their intertwined lives from an early romantic relationship when both writers were in their early twenties through the ongoing friendship and artistic dialogue that helped shape their work Drawing on unpublished letters and manuscripts as well as published works Korg offers a fresh view of two American artists and a wholly unexpected portrait of Pound examined here for the first time through the context of a female modernist
