Wisdom Dead Men Wildenstern Saga:

The Wisdom of Dead Men Oisín McGann, 2015-12-08 While investigating a series of mysterious murders Nate uncovers dark secrets that threaten to reveal the true nature of the Wildenstern family The British Empire is no longer the authority it once was Instead it s controlled by private business organizations the most powerful of which is Ireland s ruthless Wildenstern family Eighteen year old Nathaniel Wildenstern has given up his dreams of travel and adventure to devote himself to being his brother Berto s head of security With the help of his wife Daisy Berto wants to change the barbaric ways of the clan But there are many among the Wildensterns who like things the way they are and will resort to whatever devious methods necessary to keep them that way Meanwhile the burned bodies of women are appearing around Dublin When a connection to the Wildenstern family is discovered Nate Daisy and Nate s sister Tatiana decide to investigate Soon they are digging into shadowy societies and dark family secrets that date back to the origin of the part animal part machine enigmas And what the young Wildensterns find could shed light on the savage nature of their family itself **Strangled Silence** Oisín McGann, 2015-04-14 Are you being watched Before she turns twenty one Amina Mir intends to have one of her stories published on the front page of the Chronicle So when she gets an internship there she s thrilled even if it means a summer making coffee and writing human interest stories Then she interviews Ivor McMorris A veteran of the war in Sinnostan Ivor is convinced that someone interfered with his memories while he was there but if he does anything about it the watchers will make him disappear At first Amina is skeptical As the daughter of a major in the Royal Marines she knows that veterans often suffer from posttraumatic stress disorder But when she meets Chi Sandwith a conspiracy investigator who has spoken to dozens of soldiers like Ivor Amina realizes that she may have stumbled upon the biggest and most terrifying government cover up ever Now if only she can break the story before disappearing herself **Children's Fantasy Literature** Michael Levy, Farah Mendlesohn, 2016-04-16 Fantasy has been an important and much loved part of children s literature for hundreds of years yet relatively little has been written about it Children s Fantasy Literature traces the development of the tradition of the children s fantastic fictions specifically written for children and fictions appropriated by them from the sixteenth to the twenty first century examining the work of Lewis Carroll L Frank Baum C S Lewis Roald Dahl J K Rowling and others from across the English speaking world The volume considers changing views on both the nature of the child and on the appropriateness of fantasy for the child reader the role of children s fantasy literature in helping to develop the imagination and its complex interactions with issues of class politics and gender The text analyses hundreds of works of fiction placing each in its appropriate context within the tradition of fantasy literature **The Need for Fear** Oisín McGann, 2015-07-28 A young journalist uncovers what might be the world s biggest conspiracy if only he can prove it For years Chi Sandwith has written about things like alien abductions puppet masters and brainwashing He s not a conspiracy theorist though he s a serious journalist and a seeker of the Truth When Chi meets a man who claims to be a former secret agent it looks like

evidence of a huge conspiracy has landed right in the reporter's lap But can Chi believe a single word he hears from the professional liar And why is the old spook so intent on introducing Chi to a woman who could expose the agent's dark past Over the course of 1 day Chi is faced with spies anarchists as tough as nails policewoman a highly valuable refrigerator and a very harsh truth He is a rank amateur in a world of dangerous professionals The Need for Fear is a companion novella to Strangled Silence

Rat Runners Oisín McGann, 2015-01-13 If you have nothing to hide you have nothing to fear Four young thieves one simple mission Steal a black leather box from the daughter of a murdered scientist without anyone noticing But WatchWorld controls London now and the organization knows everything Every major street is monitored with heat sensitive and X ray cameras Microphones record voices from hundreds of feet away and drones watch from the sky Patrolling the streets are Safe Guards part human and part robot they can see through walls hear your heartbeat and analyze your sweat But staying hidden is what Nimmo Scope Manikin and FX do best Using the city's blind spots they navigate the criminal underworld until they're caught in a rat run of murder and deceit that might not let them out alive

Irish Children's Literature and Culture Keith O'Sullivan, Valerie Coghlan, 2011-03-17 What constitutes a national literature is rarely straightforward and it is especially complex when discussing writing for young people in an Irish context Until recently there was only a slight body of work that could be classified as Irish children's literature whatever the parameters in comparison with Ireland's contribution to adult literature in the twentieth century This volume looks critically at Irish writing for children from the 1980s to the present examining the work of many writers and illustrators and engaging with all the major forms and genres Topics include the gothic the speculative picturebooks poetry post colonial discourse identity and ethnicity and globalization Modern Irish children's literature is also contextualized in relation to Irish mythology and earlier writings thereby demonstrating the complexity of this fascinating area The contributors who are leading experts in their fields examine a range of texts in relation to contemporary literary and cultural theory and also in relation to writing for adults thereby inviting a consideration of how well writing for a young audience can compare with writing for an adult one This groundbreaking work is essential reading for all interested in Irish literature childhood and children's literature
