builds a bridge from our modern world to the forest hermitages of ancient India where sages first explored the inner cosmos Inside this guide you will discover A Grand Map of Reality Journey with the sage Angiras in the Mundaka Upanishad to distinguish between the lower knowledge of the world and the higher knowledge of the Self The Precision Compass Within Master the Mandukya Upanishad a direct and powerful method for exploring your own consciousness through the states of waking dreaming and deep sleep The Secret of AUM Learn to use the sacred syllable as a key to unlock the deepest levels of your being and experience the peace of your true nature Timeless Stories it is an experience It is a chance to sit down near the great sages and listen to the truths that have guided seekers for millennia If you are ready to move beyond intellectual understanding and begin a journey of profound self discovery this guide is your doorway Answer the whisper Read Now to begin your journey home *The Wisdom of the Upanishads* Annie Besant,1986 **Three Upanishads** ,1973 **Wisdom**

**of the Upanishads** Annie Besant,2013-10 This is a new release of the original 1925 edition **Book of Wisdom** Swami Rama,1972 Swami Rama s commentary on one of the most celebrated Upanishads Serves as an introduction to yoga philosophy Yoga, Wisdom of the Upanishads Swami Jyotir Maya Nanda,1974 The Book of Wisdom Swami Rama,1978

The Mukhya Upanishads Charles Johnston,2014-10-23 The Upanishads are among the noblest and most inspired books in the world in them the whole of the Indian wisdom is already contained later teachers could but expand and comment on them but in no way departed from this original treasure of wisdom The Upanishads teach the wisdom of Atma the Supreme Self of all beings the same divine Life which Philo of Alexandria later called the Logos the Divine Mind the collective spiritual consciousness of our universe They tell us that while each of us may seem to be a wanderer and exile lonely desolate in our world of shadow and of sorrow we are in reality neither alone nor desolate but undivided unseparated rays of the Universal Self the Logos What is needed to secure our immortality an immortality which is still conditional until this victory is won is the realization of our oneness with the Supreme Self The Upanishads show how step by step we may mount the golden stairs they tell us what we must leave behind what we must gain as we tread the small old path what we must achieve with the promise that we shall in the fullness of time be initiated into the fullness of that eternal universal Supreme Self of all beings The whole aim of their teachings is this to point the path by which the personal self may win immortality and divinity by becoming united with the Higher Self which always possessed immortality and divinity Charles Johnston The Upanishads are the ultimate classic of Indian Spirituality In this volume the reader will find the heart and soul of India the foundations of the Vedanta philosophy the source wisdom that was later embodied in the teachings of such exalted sages as Krishna Badarayana Gaudapada and Sankaracharya Johnston has here translated and comments upon the complete text of the 10 principal mukhya Upanishads the oldest and most profound of all Upanishadic texts Originally printed in two theosophical magazines The Oriental Department Papers The Theosophical Quarterly between the years 1892 and 1931 these translations and commentaries have finally been collected and organized into a single volume In addition to these several articles on the

Indian wisdom Tradition are included both to introduce the translations and to supplement them The student will find Johnston s commentaries drawing comparisons and correspondences between the hidden wisdom of the Upanishads and the wisdom embodied by the world s religious traditions as well as the modern philosophies of Kant Schopenhauer and others and even to the modern sciences of physics and astronomy These commentaries provide a bridge for students and researchers that will enhance their understanding of the deep and timeless wisdom of the sages of old Traces of the teachings which have become known to us as Theosophy are found in the records of all ancient religions in both hemispheres but nowhere are these teachings so fully lucidly and profoundly recorded as in the oldest Upanishads and this is true not only of large generalizations like the doctrines of rebirth and liberation but also of those more particular and recondite doctrines which come gradually to the knowledge of students who follow a special line of study and work So that in the Upanishads we have an invaluable proof of the antiquity and authenticity of both general and particular doctrines a guarantee at least three thousand years old and in all probability very much older And if the Upanishads lend this invaluable support to our modern teachings it is on the other hand true that without these modern teachings much that is most profound and of greatest value in the Upanishads is hardly intelligible so that one may read the ordinary translations without gaining any idea of the meaning or even the presence of those particular teachings which we have spoken of It was therefore necessary to read and translate the Upanishads in the light of Theosophy Charles Johnston      The Wisdom of the Upanishad-s Annie Besant,1986-12-31
