**The Wisdom and Witness of Dietrich Bonhoeffer** Dietrich Bonhoeffer, Wayne Whitson Floyd, 2000-06-06 At a time when much of the world was either enticed with or entrapped by fascism Dietrich Bonhoeffer dared to live the morally responsible Christian life to a most expressive and in his case tragic end His legacy has inspired many and it demonstrates his life and works to be among the most important of the twentieth century Forged during his struggle against Nazism Bonhoeffer's striking notions of religionless Christianity i.e. costly grace direct religious engagement with political forces and his own martyrdom still speak directly to the situations faced by the Christians and Christianity of today His key insights combined with Floyd's meditations which address meaning and significance for today are powerfully presented here in fifty key passages grouped into eight areas of Bonhoeffer's concern church world discipleship politics love Christ creation and the future

**The Wisdom and Witness of Dietrich Bonhoeffer** Dietrich Bonhoeffer, Wayne W. Floyd, 2000 The witness and ideas of theologian Dietrich Bonhoeffer continue to gain attention and interest fifty years after his execution by the Nazis for his involvement in a plot to assassinate Adolf Hitler Forged in the crucible of his struggle against Nazism Bonhoeffer's striking notions of religionless Christianity costly grace and direct religious engagement with political forces along with his own martyrdom still speak directly to the situation of Christians and Christianity now Crystallized in fifty passages Bonhoeffer's key insights are here powerfully presented along with meditations by Bonhoeffer scholar and churchman Wayne Whitson Floyd that address their meaning and significance for today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Dietrich Bonhoeffer's Christian Humanism* Jens Zimmermann, 2019 An innovative study of the theology of Dietrich Bonhoeffer which elucidates that his work teaches and represents a Christian humanism that is also present in the wider Christian tradition

**The Existential Philosophy of Etty Hillesum** Meins G. S. Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom Reformed Humanism David Fergusson, 2024-05-30 The volume comprises a collection of essays ordered in three parts each of which describes broadly the sub fields of theology to which these belong The essays tackle core themes in Christian doctrine the longstanding relationship of theology to philosophy and a series of challenges facing churches today

While the volume represents a Reformed theological approach often with a historical focus it self consciously reflects an ecumenical and critical perspective The term humanism reflects an openness to insight understanding and correction from different fields of knowledge while its Reformed designation positions the work within a recognized theological tradition though seeking to avoid imprisonment by it A further feature of the collection is its attempt to overcome the curricular divisions between systematic theology Christian ethics and practical theology The third section in particular deal with issues in social ethics theological aesthetics the place of the church in a secular culture and the role of theology in the university

*Bonhoeffer's Religionless Christianity in Its Christological Context* Peter Hooton, 2020-02-06 The German theologian Dietrich Bonhoeffer understood Western civilization to be approaching a completely religionless age to which Christians must respond and adapt This book explores Bonhoeffer's own response to this challenge his concept of a

religionless Christianity and its place in his broader theology It does this first by situating the concept in a present day Western socio historical context It then considers Bonhoeffer s understanding and critique of religion before examining the religionless Christianity of his final months in the light of his earlier Christ centred theology The place of mystery paradox and wholeness in Bonhoeffer s thinking is also given careful attention and non religious interpretation is taken seriously as an ongoing task The book aspires to present religionless Christianity as a lucid and persuasive contemporary theology and does this always in the presence of the question which inspired Bonhoeffer s theological journey from its academic beginnings to its very deliberately lived end the question Who is Jesus Christ      **American Book Publishing Record** R.R. Bowker Company,1978      Bonhoeffer's Seminary Vision Paul R. House,2015-04-16 Dietrich Bonhoeffer is best known for his role in a plot to assassinate Adolf Hitler and his subsequent execution at the hands of the Nazis However readers are less familiar with his tireless work educating seminary students for a life of pastoral ministry Anchored in a variety of influential lectures personal letters and major works such as *The Cost of Discipleship* this book attempts to recover a largely unexamined part of Bonhoeffer s life exploring his philosophy and practice of theological education in his original context It then builds on this foundation to address the drift toward increasingly impersonal educational models in our own day affirming the value of personal face to face seminary education for the health of pastors and churches      Current Contents. of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s theology can make

**Homiletical Theology** David Schnasa Jacobsen,2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task [The Decalogue and a Human Future](#) Paul L. Lehmann,2002-03-15 An important book for theology ethics and the church James H Cone This book displays all the depth penetrating insight and clarity of thinking that have become the hallmarks of Lehmann s writing It mercilessly and wonderfully exposes the superficiality and frivolousness of many of the arguments surrounding the Decalogue Theologically instructive intellectually satisfying and spiritually uplifting Allan Boesak Paul Lehmann was one of the greatest of America s Christian ethicists and one of its most influential teachers His work has had a profound impact on many persons especially pastors and lay folk This final work brings him back to some of his major themes the relation of the gospel and law the commitment to a truly human life in this world that is shaped by God s just and loving activity in Jesus Christ and the need for the gift of discernment to see what it is that makes and keeps human life human One does not expect to hear much that is fresh on such worked over moral issues as abortion and homosexuality but in these pages Lehmann makes us think afresh and challenges us even on those familiar topics It is sad to think that we shall hear no more from this deeply Christian and moral thinker Patrick D Miller Princeton Theological Seminary This is vintage Lehmann His koinonia

ethic continues to make enormous sense not least in South Africa and other transitional situations where people are seeking moral discernment amid complexity and ambiguity in the quest for social justice This book s development of Lehmann s ethic around the Ten Commandments makes it more than a textbook for students It is a book for pastors the laity and the general public It is also a wonderful culmination to the work of a great theologian Charles Villa Vicencio University of Cape Town South Africa
