emergence as elite troops of the East India Company the British Raj and the British Empire Their special aptitude meant they were used as the first British Special Forces Bellamy looks at the wars the Gurkhas have fought this century from the two world wars through the Falklands to Iraq and Afghanistan and examines their remarkable status now when each year 11 000 hopefuls apply for just over 170 places in the British Army Gurkhas Extraordinarily compelling this book brings the history of the Gurkhas and the battles they have fought right up to date and explores their future **Falklands Gunner** Tom

Martin,2017-05-30 The Royal Artillery played an absolutely vital though often forgotten part in the British armed forces successful operation to recapture the Falkland Islands in 1982 The actions of the artillery were recorded by one young officer in a journal which he kept before during and after the conflict Second Lieutenant Tom Martin was a Command Post Officer with 29 Corunna Field Battery RA which deployed to the South Atlantic in 1982 as part of the Task Force dispatched to retake the Falklands With its six 105mm Light Guns making the journey on the MV Europic Ferry the Battery sailed south on the MV Norland with 2 PARA joining 3 Commando Brigade for the landings The five gun batteries of the Royal Artillery totaling thirty light field guns fired a tremendous number of shells on the Argentine forces For its part 29 Corunna Field Battery fired the first Fire Mission of the conflict and continued to do so until the Argentinian surrender in the most testing environment and against the odds Whilst in the South Atlantic Martin sought to detail and record the action on the Battery's gun position Supported by the recollections of some of those he served alongside Martins notes and diary entries form the basis of this book a vivid blow by blow account which provides a comprehensive picture of the Royal Artillery and its pivotal role in the Falklands War **Bringing War to Book** Rachel Woodward,K. Neil Jenkins,2018-05-04 This book explores how

military memoirs come to be written and published Looking at the journeys through which soldiers and other military personnel become writers the authors draw on over 250 military memoirs published since 1980 about service with the British armed forces and on interviews with published military memoirists who talk in detail about the writing and production of their books A range of themes are explored including the nature of the military memoir motivations for writing authors reflections on their readerships inclusions and exclusions within the text the memories and materials that authors draw on the collaborations that make the production and publication of military memoirs possible and the issues around the design of military memoirs distinctive covers Written by two leading commentators on the sociology of the military Bringing War to Book offers a new and original argument about the representations of war and the military experience as a process of social production The book will be of interest to students and scholars across a range of disciplines including sociology history and cultural studies Politics, Propaganda and the Press Louise A. Clare,2023-03-20 This book examines British and Argentine media output in the prelude to and during the 1982 Falklands Malvinas Conflict and acknowledges the aftermath and legacies of the media response Yards of ink have been spilt reinforcing the view that the Argentine Junta's action on 2nd April 1982 was a diversion from domestic tensions This view coupled with the paucity of any thorough in depth analysis

afforded to Argentine media aspects of the War particularly the press necessitates this volume's copious international study of the Conflict. Uniquely US media output is also analysed alongside Britain's and Argentina's all drawing upon Cold War historiography and media theory with a view to contesting the traditional consensus that media outlets merely reflected government opinion during the Crisis providing almost no effective dissent. Asserting media and culture influenced the climatic decision making process of key actors in the Conflict this book's triangulated approach explores the integral influencing role played therein by culture and how it was not only instrumental to government actions but also to Argentine British and US media output. This book's revisionist approach makes it a reference point for any nascent research on Falklands/Malvinas media reporting and Argentine and international approaches particularly the US to the 1982 Conflict.

Staging Lives in Latin American Theater Paola Hernández, 2021-04-15 *Staging Lives in Latin American Theater Bodies Objects Archives* examines twenty-first century documentary theater in Latin America focusing on important plays by the Argentine director Vivi Tellas the Argentine playwright and director Lola Arias the Mexican theater collective Teatro L nea de Sombra and the Chilean playwright and director Guillermo Calderón. Paola S Hernández demonstrates how material objects and archives photographs videos and documents such as witness reports legal briefs and letters come to life onstage. Hernández argues that present-day live performances catalog these material archives expanding and reinterpreting the objects' meanings. These performances produce an affective relationship between actor and audience visualizing truths long obscured by repressive political regimes and transforming theatrical spaces into sites of witness. This process also highlights the liminality between fact and fiction questioning the veracity of the archive. Richly detailed nuanced and theoretically wide-ranging *Staging Lives in Latin American Theater* reveals a range of interpretations about how documentary theater can conceptualize the idea of self while also proclaiming a new mode of testimony through theatrical practices. **Gurkhas at War** J.P. Historical Record of The Queen's Own Gurkha Logistic Regiment, 1958-2018 J. R. Cawthorne,2023-01-31 The Gurkha Army Service

Corps the predecessor of The Queen's Own Gurkha Logistic Regiment was raised in Singapore in 1958 ten years after the transfer of Gurkha regiments from the Indian Army to the British Army and towards the end of the Malayan Emergency. Within four years of being formed it was committed to continuous operations in Brunei and Borneo during Confrontation with Indonesia between 1962-66. It was also redesignated the Gurkha Transport Regiment in 1965 to reflect changes to the Army's logistic structure. Between 1966-71 the Regiment was substantially reduced in size along with the rest of The Brigade of Gurkhas as Britain withdrew its forces from East of Suez. Concentrated in Hong Kong the Regiment provided transport support to the Garrison for the next 20 years. In 1991 a composite squadron was sent to reinforce British Forces in the Gulf War after which in preparation for the handback of Hong Kong to China the Regiment moved to and became permanently stationed in the UK. In recognition of its past services it was granted the royal title The Queen's Own Gurkha Transport Regiment in 1992. The following two decades saw it undertake multiple operational tours to the Balkans, Iraq, Cyprus and Afghanistan as well as providing humanitarian assistance to the Ebola crisis in Sierra Leone. It also expanded both its role to incorporate supply and catering and size which led in 2001 to it being redesignated to its current title The Queen's Own Gurkha Logistic Regiment. This history records the events and activities of the Regiment during its first 60 years of service to the Crown. While of wider interest to military historians it is principally written for members of the Regiment past, present and future.
