John Michael Greer

Witnessed The True Story Of The Brooklyn Bridge Ufo Abductions:

Witnessed Budd Hopkins,1996-01-01 Hopkins the respected authority in the field of UFO research learned of an witnessed abduction something unprecedented in the history of UFO research In NY City on Nov 30 1989 at 3 00 AM several witnesses saw this event Accompanied by 3 alien figures Linda Cortile was seen emerging from an apartment building window Suspended within a beam of light Linda her captors were lifted into a large glowing UFO which then moved off in the direction of the Brooklyn Bridge When she reported her abduction Hopkins conducted a thorough investigation Whatever the aliens motives the details of this case incl an inexplicable metallic object implanted in Linda s body challenge all preconceptions about UFOs alien abductions Illustrated

Witnessed Budd Hopkins,Phyllis Halldorson,1997 In Intruders Hopkins focused worldwide attention on a series of alien encounters Now for the first time in history an abduction has been sighted by independent third party witnesses including a major world leader This book reveals this unprecedented and amazingly complex case in its entirety Includes 16 page photo insert

Bizarre Brooklyn: Stories of the Tragic, Macabre and Ghostly Allison Huntington Chase,2022 Every day millions of New Yorkers walk past the ghosts of Brooklyn s history in broad daylight Park goers stroll by the Prison Ship Martyrs Monument in Fort Greene Park yet few read the historic marker revealing that it is actually a grave holding up to fifteen thousand bodies The iconic Park Slope Armory is simply a beautiful landmark to most onlookers but its secrets include numerous haunted halls and a hidden tunnel to Prospect Park buried underneath Two planes crashed into each other over the skies of Brooklyn in 1960 killing more than one hundred and destroying an entire city block yet an eleven year old known as the Boy Who Fell from the Sky miraculously walked away as the sole survivor Author Allison Huntington Chase reveals the hidden macabre and bizarre of Brooklyn s past Book jacket

The Alien Abduction Phenomenon Paul Meehan,2025-06-16 News reports books articles and films about alien abductions have long captured the public imagination This book traces the evolution of the phenomenon from the late 1940s flying saucer era and the contactee and occupant sightings of the 1950s to the widespread abduction stories of the 1960s and beyond It examines how broader social cultural and scientific contexts have shaped these accounts and offers a critical analysis of their interpretations over time Also discussed are the key researchers who have sought to understand the nature and intentions of alleged extraterrestrial beings or ufonauts while addressing the skepticism about the subject The efforts of the scientific community to investigate unidentified aerial phenomenon UAP and abductions are assessed acknowledging both the challenges and limitations of such inquiries Firsthand encounters with non human entities are examined attempting to uncover the forces behind these sightings and arguing that there could be unforeseen consequences of ignoring the phenomena

Out of Time Steve Aspin,2023-08-24 In *Out of Time* The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the

decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of *Out of Time* will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experiencer and human society collectively

They Know Us Better Than We Know Ourselves Bridget Brown, 2007-08-01 What's really behind Americans persistent belief in alien abductions Since its emergence in the 1960s belief in alien abduction has saturated popular culture with the ubiquitous image of the almond eyed alien appearing on everything from bumper stickers to bars of soap Drawing on interviews with alleged abductees from the New York area Bridget Brown suggests a new way for people to think about the alien phenomenon one that is concerned not with establishing whether aliens actually exist but with understanding what belief in aliens in America may tell us about our changing understanding of ourselves and our place in the world *They Know Us Better Than We Know Ourselves* looks at how the belief in abduction by extraterrestrials is constituted by and through popular discourse and the images provided by print film and television Brown contends that the abduction phenomenon is symptomatic of a period during which people have come to feel increasingly divested of the ability to know what is real or true about themselves and the world in which they live The alien abduction phenomenon helps us think about how people who feel left out create their own stories and fashion truths that square with their own experience of the world

Alien Experiences Nadine Lalich, Barbara Lamb, 2020-09-03 Many current and ancient sources suggest that UFOs and extraterrestrial beings have been visiting the earth and interacting with humans for thousands of years If this is true monumental implications arise regarding the origin and evolution of humanity and the future of our planet This book discusses the highly controversial subject of alien contact and abduction recounting twenty five cases of close encounter The

cases included have been selected from the files of psychotherapist Barbara Lamb who has been working with abductees since 1991 In her work with 560 individuals more than 1 800 regressions have revealed encounters with what appear to be non human life forms Although extraterrestrial contact is difficult to prove scientifically the events described in this book are accurate in that they have been presented as they were described by the individuals who experienced them These are normal men and women living average responsible lives who have been subjected to extremely unusual events These individuals display such a compelling sincerity and marked emotional response to their strange experiences there can be no doubt they have experienced some kind of extraordinary event As a reader you may be curious about the subject or you may be a confirmed skeptic You may also be someone who is investigating unusual occurrences in your own life Whatever the case may be if with an open mind you will simply consider the possibilities inferred by the cases described herein you might find yourself on the road to a greater vision of reality

Paranormal Nation Marc E. Fitch,2013-03-21 This thought provoking study of paranormal phenomena traces the impact of supernatural beliefs on popular culture and conversely examines the influence of new communication technologies on research being conducted in the field Did you know that interest in UFO research increased during the 1960s as a result of the Kennedy assassination Or that America experienced a Satanic Panic in the 1980s that culminated with the longest most expensive court trial in American history This book reviews the history economy and community of paranormal research in this country and considers the deeper meaning behind the philosophies and theories surrounding the industry Paranormal Nation Why America Needs Ghosts UFOs and Bigfoot explores the events that have defined paranormal belief systems today From the birth of religious doctrine to European witch hunts to the increasing popularity of the supernatural in American television programming the author examines the past and present conditions that have fueled interest in the unexplained and considers what this trend means for modern day America

The Night Sky, Updated and Expanded Edition Richard Grossinger,2014-09-30 Ever since Homo sapiens first looked up at the stars we as a species have been looking for meaning in the mysteries of the night sky Over the millennia as our knowledge science and technology developed the stories we told ourselves about the universe and our place in it developed as well In The Night Sky Richard Grossinger traces those developments covering multiple aspects of humanity s complex relationship to the cosmos Covering not only astronomy but also cosmology cosmogony astrology and science fiction he offers us a revelatory look at the firmament through his own telescope fitted with an anthropological lens Throughout his explorations Grossinger continually reflects on the deeper meaning of our changing concepts about the universe and creation offering insight into how each new discovery causes us to redefine the values moralities and aesthetics by which we live He also calls into question the self aggrandizing notion that humanity can and will conquer all and injects our strident confidence in science with a healthy dose of humility and wonder Filled with poetic observation and profound questions The Night Sky is a brilliant reflection of humanity s relationship with the cosmos a relationship fed by longing doubt and awe

Shockingly

Close to the Truth , The Believer Ralph Blumenthal,2021-03-15 The Believer is the weird and chilling true story of Dr John Mack This eminent Harvard psychiatrist and Pulitzer Prize winning biographer risked his career to investigate the phenomenon of human encounters with aliens and to give credibility to the stupefying tales shared by people who were utterly convinced they had happened Nothing in Mack s four decades of psychiatry had prepared him for the otherworldly accounts of a cross section of humanity including young children who reported being taken against their wills by alien beings Over the course of his career his interest in alien abduction grew from curiosity to wonder ultimately developing into a limitless unwavering passion Based on exclusive access to Mack s archives journals and psychiatric notes and interviews with his family and closest associates The Believer reveals the life and work of a man who explored the deepest of scientific conundrums and further leads us to the hidden dimensions and alternate realities that captivated Mack until the end of his life

Outbreak! Hilary Evans,Robert E. Bartholomew,2009 From fads crazes and manias to collective delusions scares panics and mass hysterias history is replete with examples of remarkable social behavior Many are fueled by fear and uncertainty others are driven by hope and expectation For others still the causes are more obscure This massive collection of extraordinary social behaviors spans more than two millennia and attempts to place many of the episodes within their greater historical and cultural context Perhaps the most well known example of unusual collective behavior occurred in 1938 when a million or more Americans were frightened or panicked after listening to a realistic radio drama about a Martian invasion of New Jersey based on an adaptation of the H G Wells novel War of the Worlds Less known but equally remarkable scares based on Wells book occurred in Chile in 1944 when Army units were mobilized in Ecuador in 1949 when riots broke out leaving more than a dozen dead as well as in Buffalo in 1968 Rhode Island in 1974 and Europe in 1988 and 1998 The modern civilized world is by no means immune to such peculiar episodes In the late 20th century scores of people in the U S and Europe were wrongly incarcerated following claims of Satanic ritual abuse by authorities untutored in False Memory Syndrome This episode recalls the European witch terror of the late Middle Ages when innocent people were tortured and executed for consorting with the Devil based on the flimsiest of evidence

OUTBREAK THE ENCYCLOPEDIA OF EXTRAORDINARY SOCIAL BEHAVIOR is an authoritative reference on a broad range of topics collective behavior deviance social and perceptual psychology sociology history folklore religious studies political science social anthropology gender studies critical thinking and mental health Never before have so many sources been brought together on the mesmerizing topic of collective behavior

The Trickster and the Paranormal George P. Hansen,2001-08-20 Paranormal and supernatural events have been reported for millennia They have fostered history s most important cultural transformations e g via the miracles of Moses Jesus Mohammed Paranormal phenomena are frequently portrayed in the world s greatest art and literature as well as in popular TV shows and movies Most adults in the U S believe in them Yet they have a marginal place in modern culture No university departments are devoted to studying psychic phenomena In fact a panoply of scientists

now aggressively denounces them These facts present a deeply puzzling situation But they become coherent after pondering the trickster figure an archaic being found worldwide in mythology and folklore The trickster governs paradox and the irrational but his messages are concealed This book draws upon theories of the trickster from anthropology folklore sociology semiotics and literary criticism It examines psychic phenomena and UFOs and explains why they are so problematical for science

UFOs, ETs, and Alien Abductions Don Donderi, 2023-06-23 A splendid book compiling the extensive evidence justifying his courageous and clear conclusion that some UFOs are extraterrestrial spacecraft Stanton T Friedman author of *Flying Saucers* and Science Psychologist and researcher Don Donderi examines the evidence and research from the past several decades on the changing nature of UFOs He looks at why the scientific establishment takes a dim view of UFOs and abduction evidence and examines how the US government has collected and suppressed UFO evidence UFOs ETs and Alien Abductions is a wide ranging examination of all things off planet that falls into three sections UFOs evidence and belief between 1947 through 1965 and Cold War mysteries The changing nature of UFO phenomenon from 1965 to the present which makes the case for the existence of humanoid crew members seen in and around landed UFOs This section also examines six well documented abduction cases and includes the author detailing his own research involvement with the evidence He refutes the belief that all abductees are mentally disturbed and that a psychological disturbance explains the experience The third section is devoted to a very meaty and controversial analysis of science politics and UFOs An excellent study of the UFO phenomenon and the scientific community's reaction to it David M Jacobs author of *The Threat Revealing the Secret Alien Agenda* A bold summation of the case for extraterrestrial UFOs which explains why science has rejected these data and tells us how the UFO phenomenon is potentially important for all mankind Mark Rodeghier president and scientific director of the J Allen Hynek Center for UFO Studies

The UFO Chronicles John Michael Greer, 2020-10-31 A seminal text which has redefined extraterrestrial encounters Beyond the familiar opposition between those who believe that UFOs are spacecraft from other planets and those who believe UFOs do not exist at all lies a landscape of stranger and more rewarding topics This new edition of Greer's groundbreaking *The UFO Phenomenon* is a discovery of the nature of apparitions the history of secret American aerospace technologies the mythology of progress and the role of popular culture in defining experienced reality

Sight Unseen Budd Hopkins, Carol Rainey, 2004 The New York Times bestselling author of *Witnessed* and *Intruders* returns with astonishing evidence that otherworldly beings are a very real and growing part of our earthly lives

UFOs and Abductions David Michael Jacobs, 2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon

Lessons Out of the Body Bob Peterson, 2025-09-12 In his first and now classic book *Out of Body Experiences How to Have Them and What to Expect* Robert Peterson taught us the

mechanics of out of body travel In *Lessons Out of the Body* he describes how we can benefit from those experiences **The**
UFO Phenomenon John Michael Greer, 2009 Written by an acclaimed occult scholar this book is a thorough and credible
exploration of the UFO phenomenon from Kenneth Arnold's 1947 sighting of the first flying saucers to present day sightings
The Skeptical Inquirer, 2009

As recognized, adventure as capably as experience about lesson, amusement, as well as contract can be gotten by just checking out a book **Witnessed The True Story Of The Brooklyn Bridge Ufo Abductions** next it is not directly done, you could say you will even more just about this life, going on for the world.

We come up with the money for you this proper as skillfully as easy habit to get those all. We present Witnessed The True Story Of The Brooklyn Bridge Ufo Abductions and numerous books collections from fictions to scientific research in any way. in the middle of them is this Witnessed The True Story Of The Brooklyn Bridge Ufo Abductions that can be your partner.
