The Heartbeat of Wounded Knee is the essential intimate story of a resilient people in a transformative era. *The Mound Builder Myth* Jason Colavito, 2020-02-20 Say you found that a few dozen people operating at the highest levels of society conspired to create a false ancient history of the American continent to promote a religious white supremacist agenda in the service of supposedly patriotic ideals. Would you call it fake news? In nineteenth century America this was in fact a powerful truth that shaped Manifest Destiny. The Mound Builder Myth is the first book to chronicle the attempt to recast the Native American burial mounds as the work of a lost white race of true native Americans. Thomas Jefferson's pioneering archaeology concluded that the earthen mounds were the work of Native Americans. In the 1894 report of the Bureau of American Ethnology, Cyrus Thomas concurred, drawing on two decades of research. But in the century in between the lie took hold with Presidents Andrew Jackson, William Henry Harrison and Abraham Lincoln adding their approval and the Mormon Church among those benefiting. Jason Colavito traces this monumental deception from the farthest reaches of the frontier to the halls of Congress, mapping a century long conspiracy to fabricate and promote a false ancient history and enumerating its devastating consequences for contemporary Native people. Built upon primary sources and first person accounts, the story that The Mound Builder Myth tells is a forgotten chapter of American history, but one that reads like the Da Vinci Code as it plays out at the upper reaches of government, religion and science. And as far fetched as it now might seem, that a lost white race once ruled prehistoric America, the damage done by this ancient myth has clear echoes in today's arguments over white nationalism, multiculturalism, alternative facts and the role of science and the control of knowledge in public life. *Directory of Rare Book and Special Collections in the UK and Republic of Ireland* Karen Attar, 2016-05-31 This directory is a handy on volume discovery tool that will allow readers to locate rare book and special collections in the British Isles.
