Bryant, II, 2014-01-02 During the Civil War African American war correspondent Thomas Morris Chester was so inspired by the men of the 36th United States Colored Troops that he declared the group to be a model regiment Composed primarily of former slaves recruited from Union occupied areas of eastern North Carolina and southeastern Virginia the 36th USCT participated in large scale expeditions to liberate slaves guarded Confederate prisoners at major POW camps served in the trenches before Petersburg and Richmond and stood as one of the first units to enter the abandoned Confederate capital on April 3 1865 This volume which includes a complete regimental roster explores the background of these former slaves and their families examines their initial recruitment and chronicles their military contributions throughout the war More than a unit history the story of the 36th USCT offers a vivid portrait of the challenging transition from slavery to freedom *The Subject Index to Periodicals* ,1920 **Women's War** Stephanie McCurry, 2019-04-15 The Civil War is remembered as a war of brother against brother with women standing innocently on the sidelines But battlefield realities soon challenged this simplistic understanding of women s place in war Stephanie McCurry shows that women were indispensable to the unfolding of the Civil War as they have been and continue to be in all wars [A History of Women in America](#) Carol Hymowitz, Michaela Weissman, 2011-08-24 From colonial to modern day times this narrative history incorporating first person accounts traces the development of women s roles in America Against the backdrop of major historical events and movements the authors examine the issues that changed the roles and lives of women in our society Note This edition does not include photographs [White Flight](#) Jane Dailey, 2020-11-17 A major new history of the fight for racial equality in America arguing that fear of black sexuality has undergirded white supremacy from the start In White Flight historian Jane Dailey brilliantly reframes our understanding of the long struggle for African American rights Those fighting against equality

were not motivated only by a sense of innate superiority as is often supposed but also by an intense fear of black sexuality In this urgent investigation Dailey examines how white anxiety about interracial sex and marriage found expression in some of the most contentious episodes of American history since Reconstruction in battles over lynching in the policing of black troops behavior overseas during World War II in the violent outbursts following the Supreme Court s decision in Brown v Board of Education and in the tragic story of Emmett Till The question was finally settled as a legal matter with the Court s definitive 1967 decision in Loving v Virginia which declared interracial marriage a fundamental freedom Placing sex at the center of our civil rights history White Fright offers a bold new take on one of the most confounding threads running through American history

Husband,2010-02-01 Antislavery Discourse and Nineteenth Century American Literature examines the relationship between antislavery texts and emerging representations of free labor in mid nineteenth century America Husband shows how the images of families split apart by slavery circulated primarily by women leaders proved to be the most powerful weapon in the antislavery cultural campaign and ultimately turned the nation against slavery She also reveals the ways in which the sentimental narratives and icons that constituted the family protection campaign powerfully influenced Americans sense of the role of government gender and race in industrializing America Chapters examine the writings of ardent abolitionists such as Frederick Douglass non activist sympathizers and those actively hostile to but deeply immersed in antislavery activism including Nathaniel Hawthorne
