Bortins, 2025-10-16 In the past correct spelling the multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today

follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In The Core Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences *The British National Bibliography* Arthur James Wells,2006 **Complete Book of the Human Body** Anna Claybourne,Juliet Percival,2006 An in depth exploration of the workings of the human body this book contains facts and figures on brain cells chromosomes blood cells and much more *The Heart of Wisdom Teaching Approach* Robin Sampson,2005-04 Details the Bible based homeschool teaching approach for parents and discusses Christian education learning styles unit studies bible study and more **The World of the Edwardian Child** Michael Tracy,1998 **The Usborne Internet-linked First Atlas** Elizabeth Dalby,2004 Simple text maps and photographs along with recommended websites introduce young readers to the world *American Reference Books Annual, 2002* Bohdan S. Wynar,Libraries Unlimited,2002-05 This source of information on contemporary American reference works is intended for the library and information community It has nearly 1600 descriptive and evaluative entries and reviews material from more than 300 publishers in nearly 500 subject areas It should help the user keep abreast of reference publications in all fields answer everyday questions and build up reference collections *Teaching with Usborne Books* Nancy Lotinsky,2001
