*The Verdict Is In* E Jason W Swindle Sr, 2015-10-25 The Criminal Justice system is broken both the ideal of justice and that of rehabilitation have been lost but there is hope Everyone can agree on that Right now criminal justice costs too much it punishes those with drug problems and mental illness who commit crimes but doesn't offer them the help that they need and often it merely slaps the wrist of violent offenders who go on to offend over and over again Prosecutors defense attorneys judges and the public can all agree that the system isn't working Georgia Criminal Defense Attorney Jason W Swindle Sr has stepped up in *The Verdict Is In* Fix the Criminal Justice System to offer innovative new ideas and a fresh vision for fixing the broken criminal justice system in an effort to get this important national conversation started *The Verdict Is In* pulls back the curtain of the legal system itself for the uninitiated to see how it really works in real life **The Place of the Explained**

**Verdict in the English Criminal Justice System: Decision-making and Criminal Trials** Bethel G. A.

Erastus-Obilo, 2008-10-30 Lay participation in the criminal justice process in the form of a jury is a celebrated phenomenon throughout the common law jurisdictions While not claiming credit for its origin England as the latent cradle of the modern jury disseminated this mode [Black Men on Race, Gender, and Sexuality](#) Devon Carbado, 1999-07 A groundbreaking anthology of essays providing commentary on gender and sexuality inclusion in the antiracist movement In late 1995 the Million Man March drew hundreds of thousands of black men to Washington DC and seemed even to skeptics a powerful sign not only of black male solidarity but also of black racial solidarity Yet while generating a sense of community and common purpose the Million Man March with its deliberate exclusion of women and implicit rejection of black gay men also highlighted one of the central faultlines in African American politics the role of gender and sexuality in antiracist agenda In this groundbreaking anthology a companion to the highly successful *Critical Race Feminism* Devon Carbado changes the terms of the debate over racism gender and sexuality in black America The essays cover such topics as the legal construction of black male identity domestic abuse in the black community the enduring power of black machismo the politics of black male white female relationships racial essentialism the role of black men in black women's quest for racial equality and the heterosexist nature of black political engagement Featuring work by Cornel West Huey Newton Henry Louis Gates Jr A Leon Higginbotham Jr Houston Baker Marlon T Riggs Dwight McBride Michael Awkward Ishmael Reed Derrick Bell and many others Devon Carbado's anthology stakes out new territory in the American racial landscape *Critical America* A series edited by Richard Delgado and Jean Stephancic **The Intermediary in the Criminal Justice System** John Taggart, 2025-07-25

This book undertakes a sociolegal examination of the intermediary role within the criminal justice system The intermediary special measure is one of the most innovative and controversial developments in the history of English criminal procedure But what does the role actually involve That is the central question explored in this book Despite increased academic attention into this new criminal justice actor the content of the intermediary role remains unclear Based centrally on

empirical data gathered in England and Wales and Northern Ireland but also drawing upon comparative material from other jurisdictions the book examines how those executing the intermediary role understand its work and how other criminal justice actors perceive it The book then uses this as the basis for generating a theory of the intermediary role and its scope and content It also considers the future of the role and its integration into the criminal justice system This book will appeal to those researching and studying in the areas of sociolegal studies criminal law and criminology as well as lawyers judges intermediaries and policy makers working in relevant areas

### **Contemporary Challenges in the Jury System**

Nicola Monaghan, 2024-07-05 This collection explores a variety of issues facing contemporary juries bringing together innovative research from different disciplines and jurisdictions The debate stems from a real concern that criticism of the jury may lead to a loss of public confidence in the institution and that this may renew government efforts to further restrict the role of the jury in criminal proceedings in England and Wales This work offers an interdisciplinary approach presenting insights from legal psychological and criminological perspectives thus bypassing traditional borders and presenting a cohesive view Issues discussed reflect the rapid advances in technology changing dynamics and behaviours in society and challenges that have been aggravated by the Covid 19 pandemic Whilst the focus is primarily on juries in England Wales Scotland and across Ireland in terms of challenges and opportunities the collection also invites a comparative perspective drawing on experiences and related research in other jurisdictions The book will be of interest to academics researchers and policy makers working in the areas of criminal law and procedure criminal justice criminology and psychology

*The Sixth Amendment in Modern American Jurisprudence* Alfredo Garcia, 1992-05-26 Alfredo Garcia who has been both a prosecuting and a defense attorney in criminal processes reviews the United States Supreme Court's interpretations of the Sixth Amendment the right to a fair trial as they have evolved since the 1960s He determines that the Court with a few notable exceptions has demonstrated doctrinal inconsistency and has failed to adhere to the core values embedded in the amendment Garcia argues that the functional and symbolic roles of the Sixth Amendment have been eroded and that this is particularly evident in the three clauses that provide defendants the means to respond to charges and to be assured of fair process The clauses considered specifically involve the right to counsel the right to confrontation and the right to compulsory process The Supreme Court's emphasis in more recent years is perceived to be on efficiency rather than on protecting the ideal of a fair trial The six chapters cover the rights to counsel to confrontation to compulsory process to a speedy trial and to a jury trial and the sometime conflict between a free press First Amendment and the Sixth Amendment assurance of a fair trial free of antecedent prejudicial publicity This is a timely much needed and substantive examination of the highest court's interpretations of a defendant's constitutional right to a fair speedy trial

*The Trial on Trial: Volume 1* R A Duff,2004-12-31 The trial is central to the institutional framework of criminal justice It provides the procedural link between crime and punishment and is the forum in which both guilt and innocence and sentence are determined Its continuing significance is evidenced by the heated responses drawn by recent government proposals to reform rules of criminal procedure and evidence so as to alter the status of the trial within the criminal justice process and to limit the role of the jury Yet for all of the attachment to trial by jury and to principles safeguarding the right to a fair trial there has been remarkably little theoretical reflection on the meaning of fairness in the trial and criminal procedure the relationship between rules of evidence procedure and substantive law or the functions and normative foundations of the trial process There is a need in other words to develop a normative understanding of the criminal trial The book is based on the proceedings of two workshops which took place in 2003 addressing the theme of Truth and Due Process in the Criminal Trial The essays in the book are concerned with the question of whether and in what sense we can take the discovery of truth to be the central aim of the procedural and evidential rules and practices of criminal investigation and trial They are divided into four parts addressing distinct but inter related issues models of the trial Duff Matravers McEwan the meaning of due process Gunther Dubber the meaning of truth and the nature of evidence Jung Pritchard and legitimacy and rhetoric in the trial Burns Christodoulidis
