The View from Saturday E.L. Konigsburg, 2010-12-21 From the Newbery Medal winning author of the beloved classic *From the Mixed Up Files of Mrs Basil E Frankweiler* comes four jewel like short stories one for each of the team members of an Academic Bowl team that ask questions and demonstrate surprising answers How had Mrs Olinski chosen her sixth grade Academic Bowl team She had a number of answers But were any of them true How had she really chosen Noah and Nadia and Ethan and Julian And why did they make such a good team It was a surprise to a lot of people when Mrs Olinski s team won the sixth grade Academic Bowl contest at Epiphany Middle School It was an even bigger surprise when they beat the seventh grade and the eighth grade too And when they went on to even greater victories everyone began to ask How did it happen It happened at least partly because Noah had been the best man quite by accident at the wedding of Ethan s grandmother and Nadia s grandfather It happened because Nadia discovered that she could not let a lot of baby turtles die It happened when Ethan could not let Julian face disaster alone And it happened because Julian valued something important in himself and saw in the other three something he also valued Mrs Olinski returning to teaching after having been injured in an automobile accident found that her Academic Bowl team became her answer to finding confidence and success What she did not know at least at first was that her team knew more than she did the answer to why they had been chosen **The**
