The Vimalakirti Sutra:

The Vimalakirti Sutra, 1997 One of the most popular Asian classics for roughly two thousand years the Vimalakirti Sutra stands out among the sacred texts of Mahayana Buddhism for its conciseness its vivid and humorous episodes its dramatic narratives and its eloquent exposition of the key doctrine of emptiness or nondualism Unlike most sutras its central figure is not a Buddha but a wealthy townsman who in his mastery of doctrine and religious practice epitomizes the ideal lay believer For this reason the sutra has held particular significance for men and women of the laity in Buddhist countries of Asia assuring them that they can reach levels of spiritual attainment fully comparable to those accessible to monks and nuns of the monastic order Esteemed translator Burton Watson has rendered a beautiful English translation from the popular Chinese version produced in 406 C E by the Central Asian scholar monk Kumarajiva which is widely acknowledged to be the most felicitous of the various Chinese translations of the sutra the Sanskrit original of which was lost long ago and is the form in which it has had the greatest influence in China Japan and other countries of East Asia Watson's illuminating introduction discusses the background of the sutra its place in the development of Buddhist thought and the profundities of its principal doctrine emptiness

The Bodhisattva Path Thich Nhat Hanh, 2022-11-29 Learn about the bodhisattva ideal the capacity to see the potential for awakening in everyone and aspire to help them along their path with new commentaries on early Mahayana sutras from Zen Master Thich Nhat Hanh the monk Time magazine calls the father of mindfulness Based on a three month retreat given by Ven Thich Nhat Hanh in the winter of 1991 this book gives an historical account of the emergence of the bodhisattva ideal during the first century CE together with Thich Nhat Hanh's previously unpublished commentaries on two early Mahayana sutras the Ugraparip ccha Sutra The Questions of the Householder Ugra and the Vimalak rti nirde a Sutra The Instructions of Vimalak rti About 150 years after the death of the historical Buddha Buddhism had begun to develop into many separate schools in which many monks came to prioritize their own personal liberation in their teaching and practice while making Buddhism into a series of doctrines that served their own school They

came to live in a way that was cut off from other schools and from laypeople and saw laypeople as there primarily to make offerings and support the monks not as practitioners who could also benefit fully from the Buddha's teachings. Consequently around the first century CE there arose among lay and monastic practitioners the desire to popularize Buddhism and bring it out of the ivory tower and back in touch with life in the world as it had been in the time of the Buddha. From this movement sprang the Mahayana path which aimed to provide the deepest wellsprings of Buddhist thought to all people regardless of their social background. Central to the Mahayana teachings is the idea of bodhicitta, the mind of love which was personified in the bodhisattva who sees the potential for enlightenment in everyone and vows to help them on their path to awakening. Soon Mahayana sutras began to appear encouraging practitioners to develop the qualities of a bodhisattva in themselves. The Ugraparipucchā Sūtra counsels students on the bodhisattva path giving practical instructions on how to help others suffer less. The Vimalakīrti Sūtra focuses on bringing the deepest teachings of Buddhism to ordinary people with teachings on the ultimate dimension and Buddhist ethics. With his insightful commentary on these two important sutras, Ven. Thích Nhất Hạnh continues the inclusive spirit of the early Mahayana practitioners.

Sutra of Queen Srimara of The Lion's Roar, The/Vimalakīrti Sūtra, 2004. There are two titles in this volume. The Sūtra of Queen Srimālā is an important early Mahayana text. It is a unique development within the Buddhist tradition because of its egalitarian and generous view concerning women, portraying on the one hand the dignity and wisdom of a laywoman and her concern for all beings and on the other the role of woman as philosopher and teacher. The major philosophical emphases of the text are the theories of the womb of the Buddha and the One Vehicle. The Vimalakīrti Sūtra is a well-known sūtra that deals extensively with the doctrines of nonduality and emptiness. *Flowers Bloom and Fall* (Chen Liu, 2011). The Vimalakīrti sūtra is one of the classics of early Indian Mahayana Buddhism. The sūtra narrates that Vimalakīrti, an enlightened layman, once made it appear as if he were sick so that he could demonstrate the Law of Mahayana Buddhism to various figures coming to inquire about his illness. This dissertation studies representations of the Vimalakīrti sūtra in Chinese painting from the fourth to the nineteenth centuries to explore how visualizations of the same text could vary in different periods of time in light of specific artistic, social, and religious contexts. In this project, about forty artists who have been recorded representing the sūtra in traditional Chinese art criticism and catalogues are identified and discussed in a single study for the first time. A parallel study of recorded paintings and some extant ones of the same period includes six aspects: text content, represented mode of representation, iconography, geographical location, format, and identity of the painter. This systematic examination reveals that two main representational modes have formed in the Six Dynasties period: 220–589 depictions of the Great Layman as a single image created by Gu Kaizhi and narrative illustrations of the sūtra initiated by Yuan Qian and his teacher Lu Tanwei. The latter mode, which became more popular than the former in the Tang Dynasty (618–907), experienced adaptation from handscroll to panoramic mural. It is also during this period that a minor scenario, the Heavenly Maiden Scattering Flowers

became a necessary vignette for representation of the sutra Since the Song Dynasty 960 1279 the Heavenly Maiden Scattering Flowers gradually became an independent theme This author investigates the thematic shift caused by various factors These include the transformation of later Chinese narrative painting and the prevalence of shinu hua painting of beauties in later Chinese painting There is also a change in the role of the Heavenly Maiden from one of many maidens to the only and necessary partner of Vimalakirti Ultimately the image of the Heavenly Maiden evolves from a Buddhist heavenly being to a Daoist fairy and later to a symbol representing auspicious meanings

Ordinary Enlightenment Charles Luk, 2002-10-08 This classic scripture of Mahayana Buddhism and Zen emphasizes spiritual practice in the midst of secular life Composed in about the second century CE The Vimalakirti Nirdeśa Sutra tells the story of a householder named Vimalakirti who lived a worldly life while following the Bodhisattva path This sutra is particularly applicable to Western students of Buddhism because it teaches that people in the secular life can practice Buddhism as effectively as members of monastic communities The translator provides an accurate and accessible text complete with explanatory notes and a glossary

Buddhist Practice in Secular World: Six Commentaries on the Vimalakirti Sutra Sheng Yan Fa Shi, 2021-12-13 Vimalakirti is the most respected example of a Buddhist layman He lives the same life as us but allows all practitioners to see the dawn of the pure earth on earth This book introduces how lay Vimalakirti lived a free outlook on life with the life style of joining the world The Vimalakirti Sutra is a very special piece of the Mahayana sutras which raises people to the level of Buddha and all living beings people and Buddha coexist in the environment It is a Mahayana classic with a total size of five times and it is also a beautiful literary work like a novel but also like a drama Since ancient times it has been deeply loved by many writers
