The Voice Of The People Public Opinion And Democracy

Paul Gunn

The Voice Of The People Public Opinion And Democracy:

The Voice of the People James S. Fishkin,1997-01-01 Philosopher and political scientist James Fishkin evaluates modern democratic practices explains how the voice of the people has struggled to make itself heard in the past and combines a review of ideas and experiments including his own idea for a National Issues Convention that was adapted by PBS in January 1996 to legitimately rediscover the people s voice

The Blackwell Guide to Social and Political Philosophy Robert L. Simon,2008-04-15 The Blackwell Guide to Social and Political Philosophy brings together a collection of newly commissioned essays which examine fundamental issues in social and political theory Written by leading social and political philosophers each essay provides a map to the history of the issue at hand and a judicious assessment of the main arguments that have been brought to bear upon that issue

The Oxford Handbook of Carl Schmitt Jens Meierhenrich,Oliver Simons,2016 The Oxford Handbook of Carl Schmitt collects thirty original chapters on the diverse oeuvre of one of the most controversial thinkers of the twentieth century Uniquely located at the intersection of law the social sciences and the humanities it brings together sophisticated yet accessible interpretations of Schmitt s sprawling thought and complicated biography

Democratic Theory and Mass Incarceration Albert W. Dzur,Ian Loader,Richard Sparks,2016 Despite its increasing visibility as a social issue mass incarceration and its inconsistency with core democratic ideals rarely surfaces in contemporary political theory Democratic Theory and Mass Incarceration seeks to overcome this puzzling disconnect by deepening the dialogue between democratic theory and punishment policy

Political Science (+2 Stage) Vol. I D. K. Sarmah,2007 This Volume Consisting Of Political Theory Part I And The Constitution Of India Part Ii Practically Covers The Syllabi Prescribed By The Higher Secondary Councils Boards Of The North Eastern States Of India As Well As The North Eastern Hill University Shillong For The First Year Students Of 2 Stage This Volume Should Be Treated As Supplementary To Political Science For 2 Stage Volume Ii Of The Same Author For Comprehensive Study This Edition Has Been Enriched With The Addition Of A Number Of Matters To Make The Book More Useful To The Students Comprehensive Presentation Clear Exposition And Brief Description Simple Lucid And Easy Language Step By Step Treatment And Incorporation Of A Number Of Essay Type Short Answer Type And Objective Type Model Questions At The End Of Every Chapter Are Its Noteworthy Features Detailed Discussion Of Every Topic With Necessary Data Is Sure To Make The Book Extremely Helpful To The Students For Finding Out Answers To All Possible Questions More Particularly The Objective Type Questions Which Require Definite Information Of Facts Degree Students Offering Political Science Candidates Appearing At Competitive Examinations And General Readers Interested In Political Theory And Indian Constitution Will Find The Book Useful

Faith, Fallibility, and the Virtue of Anxiety D. Malone-France,2012-05-21 Malone France brings together important themes from religious studies philosophy and political theory to articulate a fundamental re conception of religious faith and an innovative argument for classic liberal norms

Forms of Justice Daniel A. Bell,Avner de-Shalit,2002-10-28 What is justice Great

political philosophers from Plato to Rawls have traditionally argued that there is a single principled answer to this question Challenging this conventional wisdom David Miller theorized that justice can take many different forms In *Forms of Justice* a distinguished group of political philosophers takes Miller's theory as a starting point and debates whether justice takes one form or many Drawing real world implications from theories of justice and examining in depth social justice national justice and global justice this book falls on the cutting edge of the latest developments in political theory Sure to generate debate among political theorists and social scientists *Forms of Justice* is indispensable reading for anyone attentive to the intersection between philosophy and politics

New Paradigms in Public Policy Peter Taylor-Gooby, 2013-08-01 This book reviews the policy implications of some of the most challenging developments in British society climate change ageing greater ethnic and religious diversity the debate about community and local area politics democratisation the international financial crisis and the growth of popular disillusion with politics and politicians

Democratic Deliberation in the Modern World Paul Gunn, 2017-07-05 Would ordinary citizens benefit if public decisions were increasingly based on an inclusive and fair exchange of reasons rather than mere voting or choices in the market Debates amongst deliberative democrats often proceed as though this process of public reasoning is precisely what the democratic ideals of freedom and equality require Less attention has been paid to whether an inclusive and fair exchange of reasons is possible in any realistic modern setting and what the effects would be of trying to move democratic institutions in a deliberative direction To examine these effects the contributors to this collection of essays bring together a number of analyses of the practical implications of expanding deliberative processes Some consider the prevailing epistemic conditions in modern societies and their likely effects on deliberative reasoning Others discuss the politics of these societies and especially the likely effects of existing political divisions on democratic deliberation Lastly the question of what we might hope to see and what we might hope to avoid from political argument is addressed Considered together these three foci should equip readers to decide whether deliberative democracy is feasible and if so if it is desirable This book was published as a special issue of *Critical Review*

The Oxford Handbook of Irish Politics David M. Farrell, Niamh Hardiman, 2021 This handbook provides the most comprehensive coverage of Irish politics and society to date and is the go to resource for academics students policy makers and journalists

The SAGE Handbook of Rhetorical Studies Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field

The Oxford Handbook of Political Networks Jennifer Nicoll Victor, Alexander H. Montgomery, Mark Lubell, 2018 Politics is intuitively about relationships but until recently the network perspective has not been a dominant part of the methodological paradigm that

political scientists use to study politics This volume is a foundational statement about networks in the study of politics

The Politics and Law of Democratic Transition Sonia Zaman Khan, 2017-10-25 Peaceful legal and political changing of the guards is taken for granted in developed democracies but is not evident everywhere As a relatively new democracy marred by long periods of military rule Bangladesh has been encountering serious problems because of a prevailing culture of mistrust weak governance institutions constant election manipulation and a peculiar socio political history which between 1990 and 2011 led to a unique form of transitional remedy in the form of an unelected neutral caretaker government CTG during electoral transitions This book provides a contextual analysis of the CTG mechanism including its inception operation manipulation by the government of the day and abrupt demise It queries whether this constitutional provision even if presently abolished after overseeing four acceptable general elections actually remains a crucial tool to safeguard free and fair elections in Bangladesh Given the backdrop of the culture of mistrust the author examines whether holding national elections without a CTG or an umpire of some kind can settle the issue of credibility of a given government The book portrays that even the management of elections is a matter of applying pluralist approaches Considering the historical legacy and contemporary political trajectory of Bangladesh the cause of deep rooted mistrust is examined to better understand the rationale for the requirement emergence and workings of the CTG structure The book unveils that it is not only the lack of nation building measures and governments wish to remain in power at any cost which lay behind the problems that Bangladesh faces today Part of the problem is also the flawed logic of nation building on the foundation of Western democratic norms which may be unsuitable in a South Asian cultural environment Although democratic transitions on the crutch of the CTG have been useful in moments of crisis its abolition creates the need for a new or revised transitional modality perhaps akin to the CTG ethos to oversee electoral governance which will have to be renegotiated by the polity based on the people's will The book provides a valuable resource for researchers and academics working in the area of constitutional law democratic transition legal pluralism and election law

The Politics of Presidential Term Limits Alexander Baturo, Robert Elgie, 2019-06-20 Presidential term limits restrict the maximum length of time that presidents can serve in office They stipulate the length of term the presidents can serve between elections and the number of terms that presidents are permitted to serve While comparative scholarship has long studied important institutions such as presidentialism vs parliamentarism and the effects of different electoral systems we lack a comprehensive understanding of the role and effects of presidential term limits Yet presidential term limits and term lengths are one of the most fundamental institutions of democracy By ensuring compulsory rotation in office they are at the heart of a democratic dilemma What is the appropriate trade off between allowing the unrestricted selection of candidates at presidential elections vs restricting selection procedures to prevent the possibility of dictatorial takeover by presidents who are unwilling to step down In the context of a long and on going history of changes to presidential term limits and the many and varied ways in which term

limits have been both applied and avoided this book explains the factors behind the introduction stability abolition and avoidance of presidential term limits as well as the consequences of changes to presidential term limits and it does so in the context of non democracies third wave countries and consolidated democracies It includes comparative theoretical and practitioner oriented chapters as well as detailed country case studies of presidential term limits across the world and over time

Electronic Government Roland Traunmueller, 2004-08-18 This book constitutes the refereed proceedings of the Third International Conference on Electronic Government EGOV 2004 held in Zaragoza Spain in August September 2004 The 92 revised papers presented together with an introduction and abstracts of 16 workshop papers were carefully reviewed and selected from numerous submissions The papers are organized in topical sections on e democracy interoperability process management technical issues e voting services processes and general assistance empowering regions methods and tools g2g collaboration change and risk management e governance ID management and security policies and strategies geographical information systems legal aspects teaching and empowering designing Web services public information and regional developments in global context

Deliberative Innovation according to the Decision-Makers Joanna Podgórska-Rykała, 2024-12-16 Have you ever wondered why politicians reach for democratic innovations How do they evaluate deliberative practices involving ordinary citizens and what political value do they ascribe to them Do they want to put citizens perspectives at the centre of decision making processes in the face of a growing crisis of representative democracy or are their motivations more nuanced and instrumental This book is an absolute must read for anyone interested in the future of democracy using unique data from in depth interviews with local politicians to explore decision makers attitudes towards deliberative innovation and propose some truly effective ways to design it in relation to traditional representative institutions

The Oxford Handbook of Public Policy Michael Moran, Martin Rein, Robert E. Goodin, 2008-06-13 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines Public policy is the business end of political science It is where theory meets practice in the pursuit of the public good Political scientists approach public policy in myriad ways Some approach the policy process descriptively asking how the need for public intervention comes to be perceived a policy response formulated enacted implemented and all too often subverted perverted altered or abandoned Others approach public policy more prescriptively offering politically informed suggestions for how

normatively valued goals can and should be pursued either through particular policies or through alternative processes for making policy Some offer their advice from the Olympian heights of detached academic observers others as engaged scholars cum advocates while still others seek to instil more reflective attitudes among policy practitioners themselves toward their own practices The Oxford Handbook of Public Policy mines all these traditions using an innovative structure that responds to the very latest scholarship Its chapters touch upon institutional and historical sources and analytical methods how policy is made how it is evaluated and how it is constrained In these ways the Handbook shows how the combined wisdom of political science as a whole can be brought to bear on political attempts to improve the human condition

The SAGE Handbook of Risk Communication Hyunyi Cho,Torsten Reimer,Katherine A. McComas,2014-10-29 In this comprehensive state of the art overview of risk communication the field s leading experts summarize theory current research and practice in a range of disciplines and describe effective communication approaches for risk situations in diverse contexts such as health environment science technology and crisis Offering practical insights the contributors consider risk communication in all contexts and applications interpersonal organizational and societal offering a wider view of risk communication than other volumes Importantly the handbook emphasizes the communication side of risk communication providing integrative knowledge about the models audiences messages and the media and channels necessary for effective risk communication that enables informed judgments and actions regarding risk Editors Hyunyi Cho Torsten Reimer and Katherine McComas have significantly contributed to the field of risk communication with this important reference work a must have for students scholars and risk and crisis communication professionals

The Age of Direct Citizen Participation Nancy C. Roberts,2015-01-28 Citizen involvement is considered the cornerstone of democratic theory and practice Citizens today have the knowledge and ability to participate more fully in the political technical and administrative decisions that affect them On the other hand direct citizen participation is often viewed with skepticism even wariness Many argue that citizens do not have the time preparation or interest to be directly involved in public affairs and suggest instead that representative democracy or indirect citizen participation is the most effective form of government Some of the very best writings on this key topic which is at the root of the entire reinventing government movement can be found in the journals that ASPA publishes or sponsors In this collection Nancy Roberts has brought together the emerging classics on the ongoing debate over citizen involvement Her detailed introductory essay and section openers frame the key issues provide historical context and fill in any gaps not directly covered by the articles More than just an anthology The Age of Direct Citizen Participation provides a unique and useful framework for understanding this important subject It is an ideal resource for any Public Administration course involving citizen engagement and performance management

Blogging, Citizenship, and the Future of Media Mark Tremayne,2012-10-02 This collection of original essays addresses a number of questions seeking to increase our understanding of the role of blogs in the contemporary media landscape It takes a provocative look at how blogs

are reshaping culture media and politics while offering multiple theoretical perspectives and methodological approaches to the study Americans are increasingly turning to blogs for news information and entertainment But what is the content of blogs Who writes them What is the consequence of the population s growing dependence on blogs for political information What are the effects of blogging Do readers trust blogs as credible sources of information The volume includes quantitative and qualitative studies of the blogosphere its contents its authors and its networked connections The readers of blogs are another focus of the collection how are blog readers different from the rest of the population What consequences do blogs have for the lives of everyday people Finally the book explores the ramifications of the blog phenomenon on the future of traditional media television newspapers and radio
