Erinn, 2013-02-14 Have you ever thought I feel trapped while in a relationship home or work environment While growing up author Olivia Erinn often felt she was caught in a spider web she experienced an abusive childhood and would later be involved in two abusive marriages She came across the following facts about spiders and spider webs and found it quite similar to her feelings of entrapment Spiders do not have teeth and do not chew their victims Instead they fill the bodies of their victims with poisonous juices which dissolve the victims insides This is why you see the spiders victims laying in their webs They are not saving them for later they are in the process of dissolving their insides Once the insides have been dissolved the spider is then able to suck the victim as if it were water The spiders web helps in this process Once the victim is in the web they cant get free Spiders dont actually save their food for later they just take a little while to prepare their meals This is a great analogy of what an abuser or bully does with his or her victims The abuser regardless of the form it takes is the abusers poison Over time the abuse weakens the victims self esteem and they eventually find themselves lying in the web the life sucked right out of them Once in the web the victim finds it nearly impossible to get free of the abuser In a sense its a slow death to our physical verbal emotional mental sexual and spiritual beings our very existence But take heart Olivia shares both her story and the necessary steps to discover and expose these kinds of individuals known as narcissists She provides the knowledge and ways to escape from these types of abusive relationships *A Concordance to the Plays of Shakespeare*
