of the conversation of mankind is explored together with the roots of Oakeshott's thinking in his early philosophical work the relevance of his ideas to the concept of Bildung and the significance of his political conservatism in evaluating the seemingly progressive potential of his educational ideas In addition concepts prominent in Oakeshott's thought are taken up and brought to bear on contemporary philosophical discussions about education learning and development including the nature of initiation the phenomenology of listening and the value of the liberal arts tradition Education and Conversation shows how the idea of conversation illuminates both the character and the ends of education yielding insight into the scope and limits of the philosophy of education and the character of philosophical inquiry more generally **Autism** Sharla R. Jordan, 2011

Liberal Perspectives on Inclusion Joseph Mintz, 2024-10-28 Providing a theoretical underpinning for the idea of inclusion within education this book recognizes the fundamental role political values play in our understanding of inclusion in the classroom providing a philosophical lens on the inherent tensions that exist within sociological perspectives on social justice equity and diversity Chapters address value tensions from the perspective of classical liberalism and the extent to which this can be reconciled with values pluralism and Berlin's notions of negative and positive liberty The book argues for a re framing of inclusion as a process of negotiation between teachers parents children and young people which involves a recognition of the complex tradeoffs involved in working with difference in the classroom These tensions are explored through a series of case studies of real world dilemmas in the classroom ultimately serving to highlight the ways in which varying political value positions including liberalism are inescapably embedded within the practice in education Considering topics such as decolonization of the curriculum freedom of speech and social justice this seminal volume will be highly relevant for researchers scholars and postgraduate students in the fields of inclusive education special educational needs philosophy of education social justice and education and critical theory The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

In a Different Key John Donvan, Caren Zucker, 2016-01-19 PULITZER PRIZE FINALIST NEW YORK TIMES BESTSELLER Sweeping in scope but with intimate personal stories this is a deeply moving book about the history science and human drama of autism Walter Isaacson 1 New York Times bestselling author of *The Code Breaker* Remarkable A riveting tale about how a seemingly rare childhood disorder became a salient fixture in our cultural landscape The Wall Street Journal Ten Best Nonfiction Books of the Year The inspiration for the PBS documentary *In a Different Key* In 1938 Donald Triplett of Forest Mississippi became the first child diagnosed with autism Beginning with his family's odyssey *In a Different Key* tells the extraordinary story of this often misunderstood condition from the civil rights battles waged by the families of those who have it to the fierce debates among scientists over how to define and treat it Unfolding over decades *In a Different Key* is a beautifully rendered history of people determined to secure a place in the world for those with autism by liberating children from dank institutions campaigning for their right to go to school challenging expert opinion on what it means to have autism and persuading society to accept those who are different This is also a story of fierce controversies from the question of whether there is truly an autism epidemic and whether vaccines played a part in it to scandals involving facilitated communication one of many unsuccessful treatments to stark disagreements about whether scientists should pursue a cure for autism to compelling evidence that Hans Asperger discoverer of the syndrome named after him participated in the Nazi program that consigned disabled children to death By turns intimate and panoramic *In a Different Key* takes us on a journey from an era when families were shamed and children were condemned to institutions to one in which a cadre of people with autism push not simply for inclusion but for a new understanding of autism as difference rather than disability
