unique set provides an up to date overview of the impact of globalization on international security by examining how the
interrelationships of economics politics and culture determine levels of stability within regions around the world
Globalization and Security An Encyclopedia addresses the need for an authoritative but accessible analysis of the impact of
globalization on security and its multifaceted aspects Broad in scope this two volume set covers the economic and political
aspects of globalization as well as its social and cultural impacts More importantly it is the first work to focus explicitly on
security including human security broadly conceived and the role that globalization plays in the world s new and ever
evolving security environment While more books on globalization are becoming available none focus on the impact of
globalism on security related issues as this set does Drawing on the expertise of specialists from many disciplines and nations
Globalization and Security directly addresses the needs of one of the fastest growing areas of study the intersection of
globalization and security worldwide Bowker's Guide to Characters in Fiction 2007 ,2008-02 Paperbacks in Print
