Smith,2016-07-22 Exploring the hospitality of God and its implications for human thought and action this book examines the concepts of hospitality as cognitive tools for reframing our thinking about God divine action and human response in discipleship Hospitality is imagined as an interactive symbol changing perspectives and encouraging stable environments of compassionate construction in society Human rights are of crucial importance to the wellbeing of the people of our planet But there is a sense in which they will always be an emergency measure a response to evils as they are happening The authors argue that a hospitable comparative theology reaches out to bring Christian hospitality into the dialogue of world religions and cultures It will respect the identity of particular groups and yet will strive for a cosmopolitan sharing of common values It will respect tradition but also openness to reform and re imagining It will encourage convergence and development in a fluid stream of committed hospitalities **The Gospel Comes with a House Key** Rosaria

Butterfield,2018-04-16 What did God use to draw a radical committed unbeliever to himself Did God take her to an evangelistic rally Or since she had her doctorate in literature did he use something in print No God used an invitation to dinner in a modest home from a humble couple who lived out the gospel daily simply and authentically With this story of her conversion as a backdrop Rosaria Butterfield invites us into her home to show us how God can use this same radical ordinary hospitality to bring the gospel to our lost friends and neighbors Such hospitality sees our homes as not our own but as God s tools for the furtherance of his kingdom as we welcome those who look think believe and act differently from us into our everyday sometimes messy lives helping them see what true Christian faith really looks like
