Preaching Words John S. McClure, 2007-01-02 John McClure s *Preaching Words* highlights the most important ideas in homiletics and preaching offering short explanations of these ideas what scholars of preaching are saying about them and how they can help in today s

preaching Topics range from elements of the sermon introduction body and conclusion to aspects of delivery types of preaching in different Christian traditions and theories of preaching Urban Ecclesiology Pascal D. Bazzell, 2015-05-21

Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today's ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the homeless population is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH's case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH's ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e.g. congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH's social world and communal identity The theological findings from the FECH's hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God's presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH's nature mission and place *The Bible, Justice, and Public Theology* David J. Neville, 2014-10-09

Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good Themes of ecology poverty human rights and especially justice feature prominently in its discourse Although justice is also a prominent theme in the Bible there is no single perspective on what constitutes justice in the Bible and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice Informed and inspired by Christopher Marshall's landmark work on *Compassionate Justice* Cascade Books 2012 in dialogue with Jesus parables of the Good Samaritan and the Prodigal Son this collection of studies addresses various interrelations between the Bible justice and public theology Marshall himself proposes that certain parables of Jesus are paradigmatic for public theology and some contributors respond to different

dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice Other contributors by contrast examine broader related concerns such as justice in biblical theological and philosophical perspective the hermeneutics of engagement for justice the relation between feminist theology and restorative justice biblical resources for public theology and popular culture as both a conversation partner with and a medium for public theology

Hopeful Realism in Urban Ministry Barry K. Morris, 2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another's literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy **Alive**

to the Word Stephen I. Wright, 2013-01-25 In *Alive to the Word* Stephen Wright offers a constructive introduction to preaching as an existing and varied practice throughout the church on which it is important to continue to reflect theologically so that it is executed with developing spirituality understanding and skill *Alive to the Word* includes discussion of the full range of key components in the understanding and practice of preaching from its basic theological rationale right through to the dynamics of live communication and its aftermath The book begins by reflecting on the nature and the context of preaching not least in a communications culture and moves on to setting a constructive agenda for the development of preaching as a core practice of the Christian church for the preacher the congregation and the wider church

The Word Before the Powers Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task *The Scandal of the Gospel* Charles L.

Campbell, 2021-10-26 Through its shocking incongruities and transgressive forms the grotesque offers an intriguing lens for exploring the scandal of the gospel and the challenges of Christian preaching Drawing on diverse sources from Swedish crime fiction and contemporary poetry to James Cone Harriet Beecher Stowe and Pussy Riot this book will examine the theological homiletical and social implications of a grotesque gospel for contemporary preachers The book focuses on three aspects of preaching and the grotesque 1 the ways in which a grotesque gospel unsettles the preacher and challenges the false patterns that often shape Christian preaching 2 the importance and challenges of resisting the weaponized grotesque which dehumanizes people and furthers the power of dominant groups 3 the incarnate Word as the carnivalesque grotesque body of Jesus which calls the church to become the porous and inclusive body of Christ The Scandal of the Gospel is the written adaptation of Yale Divinity School's Beecher Lectures given by Charles Campbell in 2018 The last chapter Preaching and the Environmental Grotesque is a new addition Speaking Church I. Ross Bartlett, 2019-01-03 Language is the gift by which we shape our understanding and tell our story But if we cannot see ourselves and our context in our language our lives can be confused and our witness weakened through a kind of cognitive dissonance created when the only vocabulary available to us fails to match our lived situation Urban and suburban congregations live this disconnect when the language and imagery often employed in hymns prayers imagery and liturgies reflect a rural ideal far from the experience of believers The irony is revealed when we recognize that the Bible is a book deeply and profoundly urban in nature Christianity's earliest history gives both authorization and resources for helping urban and suburban congregations find their unique voice

Preaching and the Other Ronald J. Allen, 2008-11-01 Preaching and the Other introduces the reader to six major themes characteristic of the postmodern era that are important for preaching and explains their implications Themes discussed include perception as interpretation deconstruction otherness transgression pluralism and the importance of apologetics

Homiletics Wilfried Engemann, 2018-11-19 In a dialogue with all of the theological disciplines and also with closely related human and philosophical sciences this standard work sets out criteria for a contemporary approach to preaching The assumptions arguments models perspectives and methods for analyzing the homiletic process are presented in an understandable form Figures and practical guidelines offer helpful illustrations This comprehensive and engaging format makes this volume a supportive textbook a reliable reference work and a stimulating aid for preaching all in one

Community Engagement after Christendom Douglas G. Hynd, 2022-02-25 The post Christendom era in the English speaking world has seen a significant reduction in access to political power by the churches a slow loss of their social and cultural influence and a shredding of their moral standing from abuse scandals and other public failings Community Engagement after Christendom directly addresses these challenges proposing a different approach to the relationship between church and society Church agencies today are often entangled in contracting with the state and its private partners to deliver government policy and services This means they can be increasingly vulnerable to external pressure So what

resources can they and their agencies draw upon to reshape community engagement in a difficult unsettling context Community Engagement after Christendom proposes a multifaceted approach It begins by reading Scripture afresh through questions shaped by the present situation Douglas Hynd then explores the story of Anabaptist public servant Pilgram Marpeck identifying how his critique of Christendom can help reshape our understanding today Finally he looks at the current experience of church related agencies and Christian advocacy suggesting fresh imaginative ways forward

Community Ministry Carl S. Dudley,2002-12-31 In this era of faith based initiatives congregations increasingly find themselves in the business of establishing and supporting community ministries daycare for infants and toddlers respite care for elders and programs for housing rehab and home repair tutoring and social justice advocacy In this volume Carl S Dudley revises and updates his earlier book Basic Steps toward Community Ministry which Loren Mead called the most valuable book on parish ministry I ve seen in a decade *From Pulpit to Public Square* Richard W. McClure,2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result *A Faithful Public-Prophetic Witness* Barry K. Morris,2020-03-20 This book hails from decades of challenging trial and error work

abundant reading and an enduring obligation to ministers activists and unsung lay heroes whose legacies matter As there is little that actually addresses the elusive meanings if not the dangers inherent in pursuing alleged spoils of success it is kairos time Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field or on the sidelines to speak write and communicate clearly and convincingly not only for ourselves and our people past and present but for those who come along soon to receive the baton or wear the mantle Concretely narrated with unique case studies a cast of dozens contribute their earthy earnest testimonies and are at long last energetically affirmed Specifically this work proffers constructive attention to the critical cautions concerning subtle temptations to succeed including commodification cooptation communalism clientelism and cowardice and not bailing on fierce charity justice tensions with benevolence protectively dominant Narrative analysis and biography as theology social ethics biblical theology and recent church history give apt attention to how a compelling case is possible for success if justice is practiced given a hopeful realism and perspective of prophetic eschatology

Praying with Our Feet Lindsey Krinks,2021-02-02 Readers looking for ways to get involved in their communities will find plenty to motivate them in Krinks s personal testament Publishers Weekly At age twenty Lindsey Krinks thought she had her life figured out But a devastating injury and an unexpected encounter with a homeless organizing group disrupted her plans and opened her eyes to the immense suffering and injustice around her Awakened to a fierce pursuit of justice and a faith that called her to pray with her feet Krinks plunged into the underside of American society where she found both staggering loss and astounding love As a street chaplain activist and cofounder of Open Table Nashville Krinks takes us on an unforgettable spiritual journey to tent cities alleys slums and the front lines of movements for justice *Praying with Our Feet* challenges preconceptions about people who live on the streets calling us to move from charity to justice and to get our hands dirty in the struggle for a better world Readers who are dismayed by the world s suffering but don t know where to start will find much inspiration in this intimate and moving book Includes end of book discussion questions for each chapter

Slow of Speech and Unclean Lips Robert Stephen Reid,2010-01-01 Historically people who have risen to the occasion

to speak of faith for their generation have been keenly aware of their own limitations whether Moses who was slow of speech or Isaiah who was concerned that he spoke with unclean lips The question both Moses and Isaiah seem to be asking is who am I to speak for God And we wonder in turn was it they who spoke or God who spoke through them These biblical images carry the weight of the question raised by the essays in this volume How is preaching both the work of God and yet also a function of the individual's own person and identity How is the preacher to conceive the identity he or she assumes when proclaiming the Word of God Some of the leading educators in homiletics today propose a variety of possible preaching identities in this volume preacher as messenger of hope as lover as God's mystery steward as ridiculous person as fisher as host and guest as one out of one's mind and as one entrusted The result is an open ended invitation for readers to identify their own preaching identity either in concert with one of the images presented here or of their own making appropriately contextualized to their own ministry and theology
