The Vampires Prisoner:

The Vampire's Prisoner Zara Novak, 2018-08-06 Kat had always believed in vampires and one night her search for truth brought her to a dark and mysterious bar on the edge of town. She soon realizes she's made a grave mistake and runs for her life only to fall into the arms of a dark and mysterious stranger. Kat is bewitched by the man's strange beauty and mysterious ways but what she doesn't realize is that he's an outlaw vampire on the run, being hunted by a dark and powerful force. Ansel Draco is a vampire out for revenge. Hunted and kept as a prisoner by his own makers, Ansel managed to defy death at the last minute and break free. Now he's out and running for his life, waiting for the perfect moment to get back at the dark society ruling the world of vampires. That's when he runs into Kat and everything in his life is turned upside down. Ansel quickly realizes that there is something different about Kat and then she's swept into his outlaw world, forced into running for her life right alongside him. Kat has a precious gift and he'll protect it with his life if he has to. Now he has her in his arms, he's not letting go. Fate works in mysterious ways, but their story is just part of something even bigger. **The Vampire's Prisoner** is Book 2 in the **Tales of Vampires** series and is the first book featuring Ansel Kat. Dark, stormy, and delicious once it sinks its teeth into you, there's no escape. Vampires. Whether imagined by Bram Stoker or Anne Rice, they are part of the human lexicon and as old as blood itself. Other contributors include Arthur Conan Doyle, Ray Bradbury, Ambrose Bierce, H P Lovecraft, Harlan Ellison, Roger Zelazny, Robert Bloch, Clive Barker.

Prisoner of blood and night Lisa Frank, 2024-02-21 Jonathan Johan and the other vampire hunters from the village of Vrain actually intended to rid the distant city of Lyria of vampires once and for all. However, they had no idea that they had been bewitched by a beautiful stranger and lured into a trap. Soon they would lose one of their own to the darkness. Could Jonathan himself have been turned into a creature of the night? Will the vampire hunters have the heart to save their friend from this fate? And might they even have to realize that vampires are not the monsters they had previously assumed but that they are even capable of feeling love. *Forbidden Mate of the Vampire* L. J. Red, The rules are clear. Vampires are off limits to witches, but some rules are made to be broken. Heron is primal, seductive, and utterly forbidden. Freya knows she should reject his tempting advances. The Arch Coven might have cast her out for her weak magic, but they're always watching. If she falters and gives in to Heron's intense bedroom eyes and shamelessly wicked promises, they will find out. Then she won't just lose the few witches who have been willing to accept her, but also the thing that matters to her most. Her magic is one night of hot passion worth the risk. She would be safer without him. But his soul yearns for her. Half feral with insatiable hunger, Heron is teetering on the knife edge of madness. He can see one thing clearly: Freya is his soulmate. She'd be safer if he stayed away, but the innocence in her dark, trusting eyes is too much for him to resist. He's desperate for her touch and hungers for her blood. He'll do anything to possess her body and soul. Even if it costs him his brothers, his mission, and his bloodline. Every stolen moment they share brings the Arch Coven's cold gaze closer, and not everyone in their sleepy little town is as friendly as they seem. Nothing can stay secret forever. *Feral Bonds* Sheri Eleese, 2020-10-30 When Two Forbidden Souls Unite, Innocents are Saved. Edgar Dempsey has been a Personal Assistant to Prince Roman for over three hundred years. He is a sophisticated vampire and a respected professional. He knows what he wants in life and expects any vampire he mates to appreciate the same things as him. Fate shakes up his world. Against all reason, Edgar finds himself visiting wolf packs driving through the mountains wearing shudder jeans, all while keeping company with a sexy dominant wolf. This is not the life he planned. Jackson Miller is a wolf shifter from the Alpha line. His father was killed under suspicious circumstances, and now his brother, the pack Alpha, has vanished. Something sinister is happening in the shifter community. Alphas are going feral, wolves are dying, and now wolf pups are missing. The last thing Jackson has time for is a prissy mate who wouldn't know how to handle a strong wolf if he bit him. A sophisticated city vampire has no place in the country. Fate is laughing at them both. This book is not a standalone and is best read as part of a series. Varney the Vampire James Malcolm Rymer, 2012-06-01 The modern day vampire story has its roots in an unlikely source cheap paper pamphlets that were sold on

street corners in Victorian England Called penny dreadfuls these pamphlets strung out sensationalized tales over dozens and sometimes even hundreds of episodes Varney the Vampire is a classic of the genre and many of the elements of classic vampire lore originated in this sprawling deliciously pulpy tale **Varney the Vampire** Thomas Preskett Prest,2016-08-12 The unprecedented success of the romance of Varney the Vampyre leaves the Author but little to say further than that he accepts that success and its results as gratefully as it is possible for any one to do popular favours A belief in the existence of Vampyres first took its rise in Norway and Sweden from whence it rapidly spread to more southern regions taking a firm hold of the imaginations of the more credulous portion of mankind The following romance is collected from seemingly the most authentic sources and the Author must leave the question of credibility entirely to his readers not even thinking that he is peculiarly called upon to express his own opinion upon the subject Nothing has been omitted in the life of the unhappy Varney which could tend to throw a light upon his most extraordinary career and the fact of his death just as it is here related made a great noise at the time through Europe and is to be found in the public prints for the year 1713 With these few observations the Author and Publisher are well content to leave the work in the hands of a public which has stamped it with an approbation far exceeding their most sanguine expectations and which is calculated to act as the strongest possible incentive to the production of other works which in a like or perchance a still further degree may be deserving of public patronage and support To the whole of the Metropolitan Press for their laudatory notices the Author is peculiarly obliged

The Unsired Lee Duke,2013-11-27 Throw away your crucifix for it will not protect you not in this chillingly original take on the vampire legend Its a tale of bloody revenge that will expose the modern day workings of the Vampire Clans and their constant war with those who would hunt them to extinction Its a story that explains away the myths handed down through centuries of ignorance that keeps us from believing the horrifying truth about the real vampires living among us today It is the winter of 1362 in what was then a small Lithuanian farming village on the edge of the Carpathian Mountains A man and a child lay dead their throats savagely ripped open and their bodies drained of blood The mans pregnant wife on hearing the news goes into premature labor giving birth to an underdeveloped baby boy The infant is not expected to live and the mother remains weak and sickly The attending midwives leave the two of them alone to share what precious moments they have left together The creature responsible for the attacks is an injured vampire being chased through the nearby forest by a band of determined Hunters In his need for blood to repair both the injuries and replenish his strength the vampire doubles back losing the Hunters in the process Reentering the village hidden from sight by the raging storm and the dark of night the vampire breaks into one of the small homes to feed upon the defenseless mother as she clutches her newborn baby protectively to her breast In the course of his savage feeding the vampire unknowingly allows some of his own blood and that of the mother to spill into the infants mouth The blood feeds and nurtures the dying infant turning him into something very very different This horrific act will set in motion a series of events that will leave a trail of death and destruction across seven

centuries and three continents before it finally reaches the new lands of America One man not quite human or of the undead will stand between the two warring factions of Hunters and Vampires a saviour to some and a deadly enemy to others and this is his story Like Blade meets Bond directed by Tarantino The Vampire in Science Fiction Film and Literature Paul Meehan,2014-07-07 Vampires have been a popular subject for writers since their inception in 19th century Gothic literature and later became popular with filmmakers Now the classical vampire is extinct and in its place are new vampires who embrace the hi tech worlds of science fiction This book is the first to examine the history of vampires in science fiction The first part considers the role of science and pseudo science from late Victorian to modern times in the creation of the vampire as well as the sensation fiction of J Sheridan Le Fanu Bram Stoker Arthur Conan Doyle and H G Wells The second part focuses on the history of the science fiction vampire in the cinema from the silent era to the present More than sixty films are discussed including films from such acclaimed directors as Roger Corman David Cronenberg Guillermo del Toro and Steven Spielberg among others *To Save the World* Heather Hayashi,2006 Mix three people from present day Earth into Arhka a world brimming with energy wielded by humanoids and dragons as power Add centuries of war between two of the humanoid races Stir in conflict with a highly advanced strategic alien race from a distant planet Spice with epic battles mysterious characters with personal agendas and a teenage girl trying to get back to high school before she wracks up too many absences i *To Save the World* i is the result Stephanie is a tomboy with a love for adventure stories She never expects a real one to occur in her life much less with her mother and her best friend along for the ride However their accidental arrival on Arhka sparks the chain of events that sweep the world into chaos As wars within wars wage the three of them must decide where their loyalties lie *The Vampire Killers* Clifford L. Linedecker,2025-10-16 When eighteen year old Jennifer Wendorf returned home one evening she was witness to the most horrific scene she would ever set eyes upon her own parents brutally bludgeoned bodies It was later discovered that both Richard and Naoma Wendorf each received over twenty ferocious blows to the head As this atrocious crime came to light so too did many troubling questions Who in a quiet Florida town could harbor such hatred toward the genial couple Where was the Wendorfs troubled fifteen year old daughter Heather And could this ungodly murder be connected to Heather s friends a bizarre group of teens who were obsessed with blood drinking and other vampire rituals Read with fascination as police track down the renegade teens extract their startling confessions and watch as bestselling author Clifford Linedecker uncovers the twisted tale in a true crime case as shocking as any fiction
