The Way Forward Renewing The American Idea:

The Way Forward Paul Ryan, 2024-09-24 From the intellectual leader of the Republican party an unvarnished look into the state of the conservative movement today and a clear plan for what needs to be done to save the American Idea *The Way Forward* challenges conventional thinking outlines his political vision for 2014 and beyond and shows how essential conservatism is for the future of our nation Beginning with a careful analysis of the 2012 election including a look at the challenge the GOP had in reaching a majority of voters and the prevalence of identity politics Ryan examines the state of the Republican party and dissects its challenges going forward *The Way Forward* also offers a detailed critique of not only President Obama but of the progressive movement as a whole its genesis its underlying beliefs and philosophies and how its policies are steering the country to certain ruin Culminating in a plan for the future *The Way Forward* argues that the Republican Party is and must remain a conservative party emphasizing conservatism in a way that demonstrates how it can modernize and appeal to both our deepest concerns and highest ideals *The Economist's View of the World* Steven E. Rhoads, 2021-10-21 A thought provoking tour of the economist s mind using non technical language and relevant political examples throughout *Social Poetics* Mark Nowak, 2020-03-10 *Social Poetics* documents the imaginative militancy and emergent solidarities of a new insurgent working class poetry community rising up across the globe Part autobiography part literary criticism part Marxist theory *Social Poetics* presents a people s history of the poetry workshop from the founding director of the Worker Writers School Nowak illustrates not just what poetry means but what it does to and for people outside traditional literary spaces from taxi drivers to street vendors and other workers of the world **Getting Right with Reagan** Marcus M. Witcher, 2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as

Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher's work so deftly shows the conservative movement as we know it now Is Congress Broken? William F. Connelly, Jr., John Pitney Jr., Gary J. Schmitt, 2017-03-21 Making Congress Work Again Within the Constitutional System Congress for many years has ranked low in public esteem joining journalists bankers and union leaders at the bottom of polls And in recent years there's been good reason for the public disregard with the rise of hyper partisanship and the increasing inability of Congress to carry out its required duties such as passing spending bills on time and conducting responsible oversight of the executive branch Congress seems so dysfunctional that many observers have all but thrown up their hands in despair suggesting that an apparently broken U S political system might need to be replaced Now some of the country's foremost experts on Congress are reminding us that tough hyper partisan conflict always has been a hallmark of the constitutional system Going back to the nation's early decades Congress has experienced periods of division and turmoil But even in those periods Congress has been able to engage in serious deliberation prevent ill considered proposals from becoming law and over time help develop a deeper more lasting national consensus The ten chapters in this volume focus on how Congress in the twenty first century can once again fulfill its proper functions of representation deliberation legislation and oversight The authors offer a series of practical reforms that would maintain rather than replace the constitutional separation of powers that has served the nation well for more than 200 years America Moves On R. Emmett Tyrrell Jr., 2016-08-07 With a voice that is witty candid and cutting R Emmett Tyrrell Jr bears witness to the formation of new political orders that are rocking the Western world R Emmett Tyrrell Jr is a nationally syndicated opinion columnist for Creators Syndicate This is a collection of the very best of R Emmett Tyrrell Jr from 2014 **Let them Eat Tweets: How the Right Rules in an Age of Extreme Inequality** Jacob S.
