The Ways Of Judgement Bampton Lectures:

The Ways of Judgement Oliver O'Donovan, 2008-01-29 In this probing book Oliver O'Donovan extends the exploration into the correspondence between theology and politics that he began in *The Desire of the Nations* While that earlier work took as its starting point the biblical proclamation of God's authority *The Ways of Judgment* approaches political theology from the political side Responsive to developments such as the uncertain role of the United Nations after the Cold War and the expansion of the European Union O'Donovan also draws on the extensive tradition of Christian political thought and a range of contemporary theologians Rather than supposing as does some political theology that the right political orientations are well understood and that theological beliefs should be renegotiated to fit them O'Donovan considers contemporary social and political realities to be impenetrably obscure and elusive Finding the gospel proclamation luminous by contrast O'Donovan sheds light from the Christian faith upon the intricate challenge of seeking the good in late modern Western society Pursuing his analysis in three movements O'Donovan first considers the paradigmatic political act the act of judgment and then takes up the question of forming political institutions through representation Finally he tackles the opposition between political institutions and the church provocatively investigating how Christians can be the community instructed by Jesus to judge not

Theology and the Future Trevor Cairney, David Starling, 2014-07-31 Theology was once queen of the sciences the integrating centre of Christendom's conceptual universe In our own time the very idea of systematic theology is frequently called into question derided as an arcane and superstitious pseudo discipline Even within the church it is commonly disregarded in favour of unreflective piety and pragmatism At the same time the southward shift in world Christianity's centre of gravity prompts crucial questions about the future form and content of theology Within this context Theology and

the Future offers a case for the continuing viability of theology exploring how it might adapt to changing circumstances and discussing its implications for how we are to imagine and help shape our shared human future Beginning with the question of God this book explores what might be meant by the future of God and what its implications are for Christian theology Chapters follow on the location of theology in global Christianity the church and the academy and on its sources and method The second half of the book explores a wide variety of dimensions of the human future that theology might address and illuminate The essays bring together a mix of specialist theologians and interdisciplinary thinkers to support the assertion that there can be no more critical endeavor to the future than understanding God and all things in relationship to him

God of Love and God of Judgement Stephen K. Moroney, 2009-07-06 How can a God of love also be a God of judgment If God loves everyone what is the point of judgment Does God change from being wrathful in the Old Testament to loving in the New Testament Can we discern God's judgments in current events such as hurricanes and personal tragedies Is it ever right for humans to judge These are not just daunting issues for theologians to ponder They are urgent questions for everyone Our answers profoundly affect how we relate to God and how we live with one another Coming to grips with these issues is vital for our spiritual journeys Many people today emphasize God's love and downplay his judgment The problem with this approach is that God's judgment is taught in Scripture from the beginning of Genesis to the end of Revelation and it is a core part of the gospel preached by Jesus and his apostles There are problems at the other end of the spectrum too when we believe in a God of judgment who is not also a God of love It is impossible for us to find spiritual peace when we live in constant dread of God pictured as a harsh judge whom we can never please This book calls us to embrace a more full biblical image of God one that joins his love and judgment together Additionally the book shows that as those who are made in God's image we can fuse love and judgment together constructively in our own daily lives

The Good Work of Non-Christians, Empowerment, and the New Creation Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non-Christians Have you ever theologically considered the work of non-Christians at all Is it possible that God would ever give credence to let alone honor the work of non-Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non-Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non-Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous

Political Formation Jenny Leith, 2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In *Political Formation Being Formed by the Spirit in Church and World* Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics

Mending the World? Niclas Blåder, Kristina Helgesson Kjellin, 2017-06-16 Religion has played a major role in history affecting the course of events and influencing individuals Today one frequently hears the expression the return of religion but opinions differ as to how this return is to be understood It is clear that modernity and postmodernity have not meant that religion is dead or relegated to society's backyards Religion is still of vital importance for many people It has to some extent changed shape but has not lost its legitimacy and attractiveness to broad groups Religion is public visible and has sought for voice but it is also wrestling with extremism ignorance and preconceptions Just like ideologies religions are capable of activating diametrically opposite traits in humans It is this dual tension that is implicit in the question mark in this book's title *Mending the World* This book's aim is to help explore whether how and in what ways religion church and theology can contribute constructively to the future of a global society In thirty one chapters researchers from around the world address the relation between religion and society

Act Justly Samuel Wells, 2022-09-27 *Act Justly* is the final book in the trilogy begun by *Walk Humbly* and *Love Mercy* together forming an introduction to Christian faith and life Taking their inspiration from a question posed in the Old Testament What does the Lord require of you To act justly and to love mercy and to walk humbly with your God each book in the series offers a practical ethic for living that is rooted in timeless wisdom Focusing on two of the most outstanding justice issues of our day racial and climate injustice as well as individual stories of injustice *Act Justly* offers practical ways of thinking about justice and cultivating habits of justice to foster the life of God so that injustice can be challenged and the world can be changed

The Righteous Judgment of God John Richard Coulson, 2016-12-22 This book seeks to fill a gap on the important topic of God's judgment It is written for Christians who desire to have a biblical worldview that helps them to live faithfully for Jesus Christ It investigates what the apostle Paul has to say in his letters about God's judgment The worldview that emerges is one that must not be ignored of judgment as fundamental to our human life as Adam's descendants of God's judgment at work in the world today and of the final judgment as the certain future for every person At the center is the decisive judgment of our sin in Christ at the cross which is God's answer to our judgment problem For each of these four aspects of judgment key questions are considered

with the central question being How do we live in the light of this truth *The Disappearance of Ethics* Oliver O'Donovan, 2024-01-18 The capstone lectures of esteemed ethicist Oliver O'Donovan What is the future of ethics Oliver O'Donovan addresses a discipline in crisis in *The Disappearance of Ethics* Based on the 2021 Gifford Lectures this book contends that contemporary ethics has lost its object good frontier time and agent person O'Donovan traces the development of these concepts from Greek philosophy through early Christianity the Enlightenment and into the modern era Engaging with a range of thinkers including Aristotle Augustine of Hippo Max Scheler Karl Barth and more O'Donovan shows how ethics has lost its heart and how the field can regain its purpose He completes his lectures by integrating theology and philosophy to recover ethics Contemplating theological concepts such as creation divine law and justification undergirds ethics by generating existential wonder With characteristic warmth and scholarly precision O'Donovan reinvigorates ethical argument with theological insight Scholars and students of Christian ethics will find his lectures equally provocative and inspiring Protestant Traditions and the Soul of Europe Gijsbert van den Brink, Gerard den Hertog, 2017-12-01 What binds contemporary Europeans together in terms of cultural values that go beyond a common interest in economic growth In a time of resurging nationalist movements all over Europe the need for what former President of the European Commission Jacques Delors called a soul for Europe has become more urgent than ever In this volume Delors's 25 years old appeal to the churches is taken seriously In particular contributions to a common sense of belonging that have been made by the traditions of European Protestantism are carefully investigated In nineteen case studies topics and areas as varied as theological identity religious tolerance political philosophy ethics the arts the scientific mentality and the economy are covered It appears that despite the rise of religious pluralism throughout Europe aspects of the Protestant ethos continue to be key to societal cohesion in many places *Mit Beiträgen von* Ibolya Balla Henk van den Belt Jasper Bosman Gijsbert van den Brink Ad de Bruijne Gerard den Hertog Zsolt Gröndt Theo L Hettema Hans Martin Kirn Jen Kiss Leo Koffeman Henri A Krop Yelena Mazour Matusevich Olga Navrotilov Henk P de Roest Herman Speelman Willem van Vlastuin Pieter Vos und Heleen Zorgdrager *Protestantische Traditionen und die Seele Europas Welche gemeinsamen Werte verbinden uns im heutigen Europa über konomische Interessen hinaus Vor dem Hintergrund der heute vielerorts in Europa aufflammenden nationalistischen Bestrebungen ist der Bedarf nach einer Seele für Europa wie der frühere Vorsitzende der Europäischen Kommission Jaques Delors es nannte dringender denn je In diesem Band wird Delors vor einem Vierteljahrhundert geäußerte Appell an die Kirchen darum ernst genommen Besonders Beiträge zum gemeinsamen Bewusstsein der Zusammengehörigkeit in der protestantischen Tradition werden sorgfältig untersucht und geprüft In neunzehn Fallstudien werden Themen und Bereiche wie theologische Identität religiöse Toleranz politische Philosophie Ethik Kunst wissenschaftliche Haltung und Konomie in den Blick genommen Es zeigt sich dass trotz des Anwachsens eines religiösen Pluralismus überall in Europa Aspekte des protestantischen Ethos wesentlich zur gesellschaftlichen Kohäsion beitragen* **The Once and Future Parish**

Alison Milbank, 2023-09-28 Few other books have caused as much stir in the Church of England in recent decades as has *For the Parish*. Twelve years on from its publication in the wake of the Covid pandemic and the Save the Parish movement much has changed but much has stayed the same. In this follow up to this influential and controversial book new and already familiar themes are newly inflected in the debates of the present time principally minister hubs the Emerging Church programme and the Strategic Development Fund. Alison Milbank challenges the ecclesiology models of theological anthropology and the analysis of secularism that are present explicitly or implicitly in these movements and offer a striking and encouraging vision of what the parish model could offer to our anxious world. **Christian Moral Theology in the**

Emerging Technoculture Brent Waters, 2016-05-23 We are living in an emerging technoculture. Machines and gadgets not only weave the fabric of daily life but more importantly embody philosophical and religious values which shape the contemporary moral vision, a vision that is often at odds with Christian convictions. This book critically examines those values and offers a framework for how Christian moral theology should be formed and lived out within the emerging technoculture. Brent Waters argues that technology represents the principal cultural background against which contemporary Christian moral life is formed. Addressing contemporary ethical and religious issues, this book will be of particular interest to students and scholars exploring the ideas of Heidegger, Nietzsche, Grant, Arendt and Borgmann. Christology and Ethics F. LeRon

Shults, Brent Waters, 2010-06-28 This book brings together leading theologians and ethicists to explore the neglected relationship between Christology and ethics. The contributors to this volume work to overcome the tendency toward disciplinary xenophobia considering such questions as: What is the relation between faithful teaching about the reality of Christ and teaching faithfulness to the way of Christ? and How is christological doctrine related to theological judgments about normative human agency? With renewed attention and creative reformulation they argue we can discover fresh ways of tending to these perennial questions. **The Many Faces of Christianity**, 2025-08-28 Is the Russian invasion of Ukraine a

Holy War? This book offers insights into the complex ideology of the Russki Mir or Russian World which must be understood as Russian shaped world order or peace but above all a claim to the sacred. The collected essays describe how Far Right politics in Europe and its resonances with the Russian World nod to the changing meaning of Christianity, defying and transforming the categories of religion and politics and challenging common conceptions of the role of Christianity in European politics. **The Reign of God** Jonathan Cole, 2022-07-28 The Reign of God constitutes the first detailed and

systematic critical engagement with Oliver O'Donovan's political theology. It argues that O'Donovan's theological account of political authority is not tenable on the basis of exegetical and methodological problems. The book goes on to demonstrate a way to refine O'Donovan's theology of political authority by incorporating insights from his earlier work in moral theology. This can provide a cogent basis for thinking that the Christ event redeems the natural political authority embedded in the created order and inaugurates its new historical *bene esse* in the form of Christian liberalism. **Imperial Pilgrims** Shawn

A. Aghajan, 2022-03-29 This book is an Augustinian interrogation of contemporary Christian accounts of empire just war and terrorism Though Augustine's voice has guided much of the Christian discourse in these conjoined arenas it has not shielded his work from being misappropriated to serve ends that are inimical to his own The US war on terror is the most recent and egregious example of violence that many theologians have unjustly baptized as Augustinian By reading Augustine pastorally rather than merely polemically this work offers a counter narrative and an alternative praxis for the American Christian trying to reconcile her baptism with her citizenship The judgment of the bishops upon tractarian theology, a complete analytical arrangement of the charges delivered 1837 to 1842 William Simcox Bricknell, 1845 The Judgment of the Bishops Upon Tractarian Theology. A Complete Analytical Arrangement of the Charges Delivered by the Prelates of the Anglican Church, from 1837 to 1842 Inclusive; So Far as They Relate to the Tractarian Movement. With Notes and Appendices William Simcox Bricknell, 1845 **The Intermediate State Between Death and Judgment** Herbert Mortimer Luckock, 1891
