Have you ever found yourself asking what his/her secret is or worse chalking it all up to luck? Did you know that there are ways to prosperity that have little to do with luck and a lot to do with creating a wealthy mindset? First, Abundance is not only for the chosen few. It's everyone's birthright, but here we seek wealth in abundance with a happy state of mind. How many times have you heard stories of people pulling themselves up from nothing to create mass success and fortune? It can happen for you, too. You're probably asking yourself how or even shaking your head while thinking this is for other people and not for me. That's a great place to start with your thoughts. Change your thoughts, change your mindset, and change your life. A wealth mindset does more than conjure rainbows and unicorns dancing with the Pollyannas of the world. A wealth mindset shifts people from being selfish to selfless. It overrides the innate reptilian brain that prefers self-preservation to the benefit of an entire community. It stops the focus from being solely on one person and redirects the focus outward. Wealth is obviously referred to as money and income, but there are many desirable things that have nothing to do with money. And from some of the definitions of the word, it appears that if you have these desirable things, you want wealth with a happy state of mind also. If this is the case, what are some of the things a person can possess that are considered desirable and make him or her wealthy? That depends on the person. Since money is not the only wealth, we can consider things like health, experiences, relationships, and memories as desirable things that create wealth in one's life. Wealth is also dependent upon a person's idea of what is desirable, so what may not be considered desirable to one person may be what another individual considers his greatest source of wealth. If you want to be happy in life, you need to search out and decide what you consider to be wealth and make that come to abundance in your life. Truly desirable things will nurture you, relax you, and leave you with a lingering sense of well-being. Wealth is how rich your life feels to you in the presence of these beautiful things that you do for yourself that complete your journey with the Richer experience.
