Unam 2015 Accademic Year Falculty:

General Reports of the XXth General Congress of the International Academy of Comparative Law - Rapports généraux du XXème Congrès général de l'Académie internationale de droit comparé Katharina Boele-Woelki, Diego P. Fernández Arroyo, Alexandre Senegacnik, 2020-12-17 This book explores convergences of legal doctrine despite jurisdictional cultural and political barriers as well as divergences due to such barriers examining topics that are of vital importance to contemporary legal scholars Written by leading experts from all continents its 26 chapters present a comparative analysis of cutting edge legal issues of the 21st century While each of the countries covered stands alone as a sovereign state in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues Several of the chapters show how in addition to state normative production and state adjudication a growing panoply of non state instruments and non state adjudication are becoming more and more central to the legal field This book is a key addition to the library of any scholar wanting to keep abreast of the major trends in contemporary law Representing the current state of law in a vast range of areas it covers each topic from a comparative perspective Cet ouvrage en examinant des sujets d'une importance vitale pour les juristes contemporains traite des convergences de la doctrine juridique malgré les barrières juridictionnelles culturelles et politiques ainsi que des divergences dues à ces barrières critiquées par des universitaires de tous les continents ses 26 chapitres présentent une analyse comparative de sujets juridiques majeurs du 21^e siècle Dans un monde technologiquement avancé bien que chaque pays analysé dans cet ouvrage demeure autonome en tant qu'état souverain l'ensemble des systèmes disparates présente néanmoins des stratégies comparables pour traiter des questions juridiques complexes En outre plusieurs chapitres montrent comment en plus de la production normative et de la résolution des différends juridiques la panoplie croissante de différents types d'instruments juridiques et de résolution non juridique des différends devient de plus en plus centrale dans la sphère juridique Cet ouvrage est un ajout essentiel à la bibliothèque de tout universitaire souhaitant se tenir au courant des principales tendances du droit contemporain Il couvre un vaste domaine de sujets traités d'un point de vue comparatif et représente l'état actuel du droit dans chaque domaine *Handbook of Research on Connecting Research Methods for Information Science Research* Ngulube, Patrick, 2019-12-13 In today's globalized world viable and reliable research is fundamental for the development of information Innovative methods of research have begun to shed light on notable issues and concerns that affect the advancement of knowledge within information science Building on previous literature and exploring these new research techniques are necessary to understand the future of information and knowledge The Handbook of Research on Connecting Research Methods for Information Science Research is a collection of innovative research on the methods and application of study methods within library and information science While highlighting topics including data management philosophical foundations and quantitative methodology this book is ideally designed for librarians information science professionals policymakers advanced level students researchers and

academicians seeking current research on transformative methods of research within information science **Routledge Handbook of Political Advertising** Christina Holtz-Bacha, Marion R. Just, 2017-02-24 This Handbook provides the most comprehensive overview of the role of electoral advertising on television and new forms of advertising in countries from all parts of the world currently available Thematic chapters address advertising effects negative ads the perspective of practitioners and gender role Country chapters summarize research on issues including political and electoral systems history of ads the content of ads reception and effects of ads regulation of political advertising on television and the Internet financing political advertising and prospects for the future The Handbook confirms that candidates spend the major part of their campaign budget on television advertising The US enjoys a special situation with almost no restrictions on electoral advertising whereas other countries have regulation for the time amount and sometimes even the content of electoral advertising or they do not allow television advertising at all The role that television advertising plays in elections is dependent on the political the electoral and the media context and can generally be regarded as a reflection of the political culture of a country The Internet is relatively unregulated and is the channel of the future for political advertising in many countries **Global Rankings and the Geopolitics of Higher Education** Ellen Hazelkorn, 2016-11-18 Global rankings and the Geopolitics of Higher Education is an examination of the impact and influence that university rankings have had on higher education policy and public opinion in recent years Bringing together some of the most informed authorities on this very complex issue this edited collection of specially commissioned chapters examines the changes affecting higher education and the implications for society and the economy Split into four interrelated sections this book covers The development of rankings in higher education how they have impacted upon both the production of knowledge and its geography and their influence in shaping policymaking Overviews of the significance of rankings for higher education systems in Europe Asia Africa Russia South America India and North America An analysis of rankings in relation to key concerns that pervade contemporary higher education Examination of the role rankings are likely to play in the future directions for higher education This is a significant scholarly work that analyses in depth an important development in higher education systems and which is likely to have an important influence upon how we understand the higher education policy making process past present and future It provides new analysis and conceptual understanding for researchers and firm evidence for policy makers to use when addressing the value of rankings in measuring the quality of their institutions Besides bringing together a powerful cast of academics this book incorporates contributions from heads of important international higher education organisations from both those involved in making and also in administering key decisions This timely reflective and accessible book forms crucial reading for those studying the subject of rankings as well as the broader implications and unintended consequences of rankings on national higher education policies Extending beyond academic researchers and students this book will also be of significant interest to policymakers higher education leaders and key
