Winnie Finn Worm Farmer:

Winnie Finn, Worm Farmer Carol Brendler, 2009-08-04 Winnie Finn raises earthworms which help her neighbors win prizes at the county fair Includes instructions on making a worm farm Not Very Scary Carol Brendler, 2014-08-12 On Halloween Melly is invited to Cousin Malberta's home for a surprise but as she walks there on a beautifully spooky evening she is followed by increasing numbers of creatures that may actually be frightening **Teaching Economic Concepts with Picture Books and Junior Novels** Nancy J. Polette, 2013-08-29 Using quality literature to introduce younger students to economic terms and concepts is an engaging and effective teaching method This book demonstrates how At what age can children benefit from learning about economics The consensus among educators today is the earlier the better K 8 teachers and librarians will find this book invaluable for introducing basic economic concepts to students and giving them a solid foundation of understanding that can be built upon as they advance in grade level Author Nancy Polette prolific author and expert on using picture books for education explains how to use 20 picture books to present basic ideas such as credit wants and needs and supply and demand and to build understanding of more complex concepts with 20 junior novels The titles and suggested activities enable students to enjoy the literary experience and benefit from economic lessons that sink in because they are presented through stories involving characters with whom children can relate **How to STEM** Carol Smallwood, Vera Gubnitskaia, 2013-12-05 During the past few years groups like the President's Council of Advisors on Science and Technology Center for Education have been placing great emphasis on the significance of STEM science technology engineering and math education In brief the US is seen as falling behind the rest of the world in science and technology education In response the curricula have been revised in many educational institutions and school districts across the country It is clear that for STEM to be successful other community organizations most particularly libraries need to be closely involved in the process Library staff realize the importance of getting involved in STEM education but many have difficulty finding comprehensive information that will help them plan and successfully implement STEM direction in their organization This book is designed to meet that need It is timely and relevant How to STEM Science Technology Engineering and Math Education in Libraries is by and for libraries who are involved in contributing efforts into advancing these subjects It is organized in 9 parts including funding grant writing community partnerships outreach research and examples of specific programming activities Authors are drawn from the professional staffs of educational institutions libraries and non profit organizations such as science museums The book contains eight parts each emphasizing a different aspect of how to succeed with STEM Part 1 emphasizes how hands on activities that are both fun and educational can be used to further STEM awareness Parts 2 and 3 contain chapters on the uniting of STEM with Information Literacy Innovative collection development ideas are discussed in Part 4 and Part 5 focuses on research and publishing Outreach is the theme of Part 6 and the programs described in these chapters offer an array of ways to connect with students of all ages The final section of How

to STEM Science Technology Engineering and Math Education in Libraries addresses the funding of these programs Librarians of all types will be pleased to discover easy to implement suggestions for collaborative efforts many rich and diverse programming ideas strategies for improving reference services and library instruction to speakers of English as a second language marketing and promotional tips designed to welcome multicultural patrons into the library and much more
