Positive Conflict Darby Checketts, 2007-09-17 Conflict is a central theme of our lives We see the negative consequences of war and violence all around us Even in the workplace disputes and arguments cause

problems and stifle productivity But opposition can also be positive For instance our muscles become stronger as they encounter resistance The bonds of our relationships can become stronger as we strive to overcome our differences Likewise says author Darby Checketts businesses and organizations can become stronger as a result of conflict Postive Conflict is a book that goes beyond coping with or handling workplace conflict its premise is that conflict is often an indicator that creative energy is about to be unleashed There is potentially positive power inside opposition just as with the fusion of atoms When opposing ideas are openly explored a breakthrough in thinking can occur which can reveal more comprehensive solutions And the coming together of these once opposing forces multiplies the potential for success If our view of conflict transcends a win lose mentality we will see that the flipside of opposition is the opportunity for discovery and innovation And in business today we need leaders who can reconcile the seeming exclusivity of competing ideas and fuse them for new and better results For example it is the combination of self confidence and humility that maximizes a leader s effectiveness By reading Postive Conflict you will Recognize the creative energy inside conflict to unleash the power of opposites Discover why the optimist s answer to everything is yes that the issue is not what is right or wrong but how to synthesize ideas to expand problem solving options Help your stakeholders come together in a spirit of partnership to move beyond special interests and personality clashes Understand that your own conflicting ideas and viewpoints reveal new dimensions of who you are and the range of opportunities that await you Moneywood William Stadiem,2025-06-25 As wild and sexy and over the top as the decade it brings to life author William Stadiem tells the inside story of Hollywood producers in the 80s From hits like Beverly Hills Cop Top Gun and Batman to flops like Heaven s Gate Howard the Duck and Leonard Part 6 Hollywood was never more excessive than it was in the 1980s In this the Moneywood era the purse strings were not controlled by reasonably consenting adults but by pop culture cowboys who couldn t balance their own checkbooks What they could do was sweet talk the talent seduce the starlets snowball the Japanese and slither out of Dodge when the low grosses trickled in Their out of control lifestyles and know nothing raging narcissistic personalities make the original brutal studio heads like Sam Goldwyn and Jack Warner seem like Oxford dons Yet for all their flops these Scoundrels of Spago turned Hollywood into a Big Business that was catnip to Wall Street They were The Producers and they were way beyond anything Mel Brooks could dream up The Moneywood cast of characters includes Simpson and Bruckheimer Guber and Peters Eisner Katzenberg Ovitz An unusual fresh take on the usual subjects Ray Stark the wizard of Holmby Hills the most powerful producer of the 80s Mario Kassar and Andy Vajna the Rambo boys who went from making wigs to making blockbusters Menahem Golan Yoram Globus the Israeli schlockmeisters who proved that every star had a price David Begelman the embezzler gambler and sex addict who was rewarded for his sins by getting to run both Columbia and MGM Roland Betts the aristocratic Silver Screen Partners founder and former Yale frat mate of George W Bush who was a master at playing the Reagan White House card Giancarlo Parretti the Italian cannery worker who bought MGM with a little help from his Sicilian friends David Puttnam The
