THE JEDI CODE

BY GRAND MASTER FAE COVEN

For forty years, the Jedi Code has been my focus, as it will become yours. It is the philosophy upon which stands the Jedi Order. It is a pledge of power given to the citizens and inhabitants of the Republic. It is an encapsulation of our relationship with the Force. As a Jedi, you must be faithful to the spirit of the Code. Every day you must ask yourself: Do I understand it?

“MEDITATION BRINGS PEACE, HARMONY, AND SERENITY”—THIRD OF THE FIVE PRECEPTS OF THE JEDI CODE.

There is no death, there is the Force. All things die, but the Force lives on. As beings who exist as shards of the Force, the end of one existence in this form is not to be merely mourned. We are part of an energy larger than ourselves, and we play roles in a cosmic fabric that ensures our accurate understanding. —Lando

There is no emotion, there is peace. This principle guides all interactions and transactions with all others. It nullifies the Jedi ideal to act without attachments, and to view the actions of others through the pure lens of the Unifying Force.

There is no passion, there is serenity. A subtle extrapolation of the first precept, this reminder to act dispassionately in every deliberation extends to personal obsessions and is a reminder not to elevate the self above the mission.

There is no chaos, there is harmony. Those who cannot see the threads uniting all life view existence as random.

We are part of an energy larger than ourselves, and we play roles in a cosmic fabric that ensures our accurate understanding.

The Upper Mantle and Deep galea transcriptions add more—and controversial—notes, but the Jedi need only to remember the core teachings to live their lives as galea, yet beautiful, deliberators of justice.

Wisdom Jed Notes Jedi Lifestyle:

The Wisdom of Jed P. C. May, 2015-12-12 Eons ago long before the founding of the Jedi Order of Knights there lived a wise old creature Nothing is known of the species race or gender of this creature All that is known is that he or she ended their life as a hermit in a cave in the Tartegus Mountains of Manius in the solar system of the Orphius star in the galaxy of Sokolata Before death this creature inscribed a series of graphene sheets with notes on how to live a virtuous life in unity with the force The sheets were enclosed in a graphene casket engraved with the name JED A group of speleologists on a caving expedition in the mountains came across the casket alongside a collection of bones When they opened the casket the cave began to shake in the grip of a sudden maniusquake They grabbed the casket but left the bones and escaped just as the cave was engulfed in a rock fall which totally obliterated the entrance No creature has been able to locate the cave since It is not known if this collection of wisdom formed the basis for the Jedi Order or if they came to the force independently The wisdom of Jed refers to ordinary aspects of life rather than relating to warfare for which the Jedi are best known This translation seeks to make Jed s words relevant to our time and age on this planet Includes eight FEEL THE FORCE exercises
