Wisdom Of Malachi Z York:

Nuwaubian Pan-Africanism Emeka C. Anaedozie, 2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan Africanism and black nationalism in the post civil rights era It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history culture and tradition The author argues that the Nuwaubian Nation like their contemporaries such as the Nation of Islam represents contemporary efforts of African descendants to dialectically and culturally fight oppression He argues that unlike the classical Back to Africa movements the contemporary ones do not seek to primarily relocate to Africa but to go to Africa culturally and bring back Africa to the diaspora This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions mores and values in their various communities across the United States especially in Eatonton Georgia Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent *Black Zion* Yvonne Patricia Chireau, Nathaniel Deutsch, 2000 This is an exploration of the interaction between African American religions and Jewish traditions beliefs and spaces The collection s argument is that religion is the missing piece of the cultural jigsaw and black Jewish relations need the religious roots of their problem illuminated **YOUR POTENTIAL** DR. Freemasonry: A Nubian's View Michael Berkley, *The Nuwaubian Nation* Susan Palmer, 2016-12-05 The Nuwaubian Nation takes the reader on a journey into an African American spiritual movement The United Nuwaubian Nation has

changed shape since its inception in the 1970s transforming from a Black Hebrew mystery school into a Muslim utopian community in Brooklyn N Y from an Egyptian theme park into an Amerindian reserve in rural Georgia This book follows the extraordinary career of Dwight York who in his teens started out in a New York street gang but converted to Islam in prison Emerging as a Black messiah York proceeded to break the Paleman s spell of Kingu and to guide his people through a series of racial religious identities that demanded dramatic changes in costume gender roles and lifestyle Dr York s Blackosophy is analyzed as a new expression of that ancient mystical worldview Gnosticism Referring to theories in the sociology of deviance and media studies the author tracks the escalating hostilities against the group that climaxed in a Waco style FBI raid on the Nuwaubian compound in 2002 In the ensuing legal process we witness Dr York s dramatic reversals of fortune he is now serving a 135 year sentence as his Black Panther lawyer prepares to take his case to the Supreme Court This book presents fresh and important insights into racist spirituality and the social control of unconventional religions in America Peep Game Adalberto McFarlane,2009-05 This novel Children of Silicon explores a slice of your far future If you had to live and work in this age with robots how would you feel There is no answer until a multitude of other questions are asked and answered right How safe and how intelligent they are come to mind immediately among many others However if at this future time a decades long study had been completed called The Model of the Human Mind and if a conscious electronic mind had been forged from their Human Brain Model not a software driven computer mind and packaged in a human like frame assuming it was safe and of equal intelligence would this help your comfort level Would you feel more comfy if you knew it had fully functional genitalia and a full range of emotional responses or would you rather it didn t have any of either Would you care if it vied for your girl boyfriend or job or loan or home site If so what hierarchy limits and restrictions would you impose on this new human Perhaps your future kin will opt to make them aids or slaves Do you suppose some of these limits could affect negatively the desired result of building a compassionate human companion or might it become too alien for you to empathize with i e just another mechanical robot a machine If you have thought deeply about these questions you will realize the difficulty your future generations will experience when they face the most sensational and transitional of all future events the face off between the two human minds the organic biological human mind and the electronic silicon chip human mind Read Children of Silicon and see if you agree that I ve picked a most likely scenario for this precipitous event

NOBLE DREW ALI & THE MOORISH SCIENCE TEMPLE OF AMERICA. THE MOVEMENT THAT STARTED IT ALL Sheik Way-El,2011 This book will take the reader on a journey to the early 1900 s when the first man Prophet Noble Drew Ali did bring to the so called Negro black and colored the first light of our lost knowledge of the east and founded the first Islamic organization in the United States He would reveal to us our true identity of the Moabites whom are the Heralded Moors and he would teach us that we are not Negroes Black Folks or Colored people because these names allude to slavery as they still do today This is the first time in history that a book was dedicated to giving a public accounting of the history of Noble Drew

Ali and the Moorish Science Temple of America insofar as the origins the efflorescence and the schism of the movement and the state of the Moorish nation today What Is The Higher Self? Shem El,2018-05-06 The third book by Shem El entitled What Is The Higher Self was written and completed November of 2014 The book explores the subject matter of one s Higher Self which is our spiritual essence This book is a must read for anyone who embraces metaphysical knowledge

Metaphysical Africa Michael Muhammad Knight,2021-11-30 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad s heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large Wisdom Commentary: Zechariah Leslie J. Hoppe, OFM,2024-07-15 The book of Zechariah is one of the more obscure books of the Bible In this commentary on the life of the prophet Zechariah Leslie J Hoppe OFM explores the Bible through a feminist lens to help contemporary readers appreciate the work of the sixth century prophet and the editors who collected his words and developed his thought regarding the future of the Jewish people Hoppe further examines the prophet who spoke to people who were recovering from the total collapse of the religious political and social institutions that gave meaning to their communal and individual lives This commentary also offers insight into Zechariah s belief that the reconstruction of the Jerusalem temple and the reconstitution of its priesthood would open the way for the renewal of Jewish life through a communal life based on ancestral religious traditions **The Aliites** Spencer Dew,2019-08-20 Citizenship is salvation preached Noble Drew Ali leader of the Moorish Science Temple of America in the early twentieth century Ali s message was an aspirational call for black Americans to undertake a struggle for recognition from the state one that would both ensure protection for all Americans through rights guaranteed by the law and correct the unjust implementation of law that prevailed in the racially segregated United States

Ali and his followers took on this mission of citizenship as a religious calling working to carve out a place for themselves in American democracy and to bring about a society that lived up to what they considered the sacred purpose of the law In *The Aliites* Spencer Dew traces the history and impact of Ali's radical fusion of law and faith Dew uncovers the influence of Ali's teachings including the many movements they inspired As Dew shows Ali's teachings demonstrate an implicit yet critical component of the American approach to law that it should express our highest ideals for society even if it is rarely perfect in practice Examining this robustly creative yet largely overlooked lineage of African American religious thought Dew provides a window onto religion race citizenship and law in America

What Is The Devil Sometimes Called Shem El,2016-11-15 This book goes into the subject of the Lower self and how people suffer tremendously due to carnal desires It also gives keys on how to overcome the Lower self

How Many Days Are In The Circle? Shem El,2018-03-17 The fifth book by Shem El

entitled *What Is The Higher Self* was written and completed December of 2017 This book explores the subject matter of Space Matter Time according to Moorish Science This book is a must read for anyone who embraces metaphysical knowledge

African Origin Found in Religion and Freemasonry Kedar Griffio, Michael Berkley, 2013-02-26 In African Origin found in Religion and Freemasonry Part II Brother Griffio and Brother Berkley parallel these ancient arts and sciences to religion everyday life and the occults Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices Brother Griffio and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans They make a clear distinction between ancient tradition and its use of modern arts and sciences
