Wisdom And Eloquence A Christian Paradigm For Classical Learning:

Wisdom and Eloquence Robert Littlejohn, Charles T. Evans, 2006-04-12 To succeed in the world today students need an education that equips them to recognize current trends to be creative and flexible to respond to changing circumstances to demonstrate sound judgment to work for society's good and to gain the ability to communicate persuasively *Encyclopedia of Christian Education* George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

Passing the Torch Louis Markos, 2025-04-29 What is the purpose and meaning of classical education? Imagine a world where education isn't just about information transfer but about shaping the soul where students are nurtured to become virtuous, morally self-regulating citizens. *Passing the Torch* makes an energetic case for the critical role of classical Christian education in today's world. From the pre-Christian musings of Plato to the modern reflections of C. S. Lewis, *Passing the Torch* intertwines the wisdom of diverse epochs to argue for an educational renaissance grounded in classical Christian values. *Passing the Torch* takes educators and parents on a literary and philosophical pilgrimage that includes Bibliographic Essays. Each essay serves as a gateway to key texts and influential thinkers, making it an invaluable guide for educators and homeschooling parents alike. Close Readings: Delve into thoughtful examinations of pivotal figures such as Augustine, Rousseau, and Dorothy Sayers, offering an intimate understanding of the moral and educational imperatives they championed. Passionate Advocacy: *Passing the Torch* ignites a fervor for the value and necessity of classical Christian education that is both infectious and inspiring. In an era where educational paradigms often

prioritize technological proficiency over moral formation Passing the Torch is a call to return to the roots of classical Christian education Reflecting on the writings of literary and philosophical giants from Plato and Augustine to C S Lewis and Dorothy Sayers Markos makes a strong case for the benefits of classical education over the modern public education system Library Journal Review April 2025 **The Praeger Handbook of Faith-Based Schools in the United States, K-12** Thomas C. Hunt, James C. Carper, 2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America's faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children

Teaching for Spiritual Formation Kyle R. Hughes, 2022-01-06 In Teaching for Spiritual Formation church historian and experienced Christian educator Kyle R Hughes advances a fresh vision of Christian teaching and learning by drawing upon the riches of the Christian tradition synthesizing the wisdom of the early church fathers with contemporary efforts to cultivate a distinctively Christian approach to education Of interest to a wide range of Christian educators this book examines how the writings of five significant church fathers can illuminate our understanding of the vocation of teachers the nature of students the purpose of curriculum decisions about pedagogy and how spiritual formation works Besides reimagining these aspects of Christian education Hughes also offers habits and practices that can help bring this vision of Christian teaching and learning to life challenging Christian educators to sharpen their approach to the integration of faith and learning in practical and accessible ways Did America Have a Christian Founding? Mark David Hall, 2019-10-29 A distinguished professor debunks the assertion that America's Founders were deists who desired the strict separation of church and state and instead shows that their political ideas were profoundly influenced by their Christian convictions In 2010 David Mark Hall gave a lecture at the Heritage Foundation entitled Did America Have a Christian Founding His balanced and thoughtful approach to this controversial question caused a sensation C SPAN televised his talk and an essay based on it has been downloaded more than 300 000 times In this book Hall expands upon this essay making the airtight case that America's Founders were not deists He explains why and how the Founders' views are absolutely relevant today showing

that they did not create a godless Constitution that even Jefferson and Madison did not want a high wall separating church and state that most Founders believed the government should encourage Christianity and that they embraced a robust understanding of religious liberty for biblical and theological reasons This compelling and utterly persuasive book will convince skeptics and equip believers and conservatives to defend the idea that Christian thought was crucial to the nation's founding and that this benefits all of us whatever our faith or lack of faith

The Gospel and the Mind
Bradley G. Green, 2010-11-03 History demonstrates that wherever the cross is planted the academy follows But history alone cannot demonstrate why this is and must be the case Green engages theology and philosophy to prove that the Christian vision of God mankind and the world provides the necessary precondition for and enduring foundation of meaningful intellectual life The Gospel and the Mind deeply rooted in Augustinian and Reformed thought shows that core principles of the West's Christian inheritance such as creation and the importance of history the centrality of a telos to all things and the logos and the value of words form the matrix of any promising and sustainable intellectual life More than a lament of the state of the evangelical mind or even an argument for the primacy of a Christian worldview The Gospel and the Mind is a paradigm shifting declaration that the life of the mind starts at the cross

Journal of Character Education Jacques S. Benninga, Marvin W. Berkowitz, 2021-04-01 Sample Chapters FOR THE BETTER Marvin W. Berkowitz University of Missouri St. Louis THE OVERLOOKED INEQUITY Eric Schaps The Journal of Character Education is the only professional journal in education devoted to character education It is designed to

cover the field from the latest research to applied best practices We include original research reports editorials and conceptual articles by the best minds in our field reviews of the latest books and other relevant strategies and manuscripts by educators that describe best practices in teaching and learning related to character education The Journal of Character Education has for over a decade been the sole scholarly journal focused on research theory measurement and practice of character education In this issue of the Journal of Character Education we return to something foundational and introduce something new The foundational element is a set of six independent scholarly manuscripts by a mix of emerging and established scholars We are pleased to introduce a new feature of the Journal of Character Education in this issue namely a section we are calling simply Opinion We began the JCE with an exclusive focus on publishing scholarship because there was no scholarly journal that focused on character education Over time we realized that we wanted to speak about practice and particularly to practitioners as well Hence we created a section we call Voices to present innovations and perspectives representing the voices of exemplary practitioners of character education Now we introduce the Opinion section that will allow us to publish perspectives from leading authorities in the field that might be more provocative We would love to hear responses to either or both opinion articles and are working on plans to share such responses perhaps on one of our related websites At this point we plan on publishing more opinion articles and for now by invitation However we are always willing to consider unsolicited articles for possible inclusion in the JCE Gospelbound Collin Hansen, Sarah Eekhoff

Zylstra, 2021-04-06 A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture from two respected Christian storytellers and thought leaders Offers neither spin control nor image maintenance for the evangelical tribe but genuine hope Russell Moore president of ERLC As the pressures of health warnings economic turmoil and partisan politics continue to rise the influence of gospel focused Christians seems to be waning In the public square and popular opinion we are losing our voice right when it s needed most for Christ s glory and the common good But there s another story unfolding too if you know where to look In Gospelbound Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy Discover how in these dark times the light of Jesus shines even brighter You haven t heard the whole story And that s good news *God's Glory in Salvation through Judgment* James M. Hamilton Jr., 2010-11-04 In Exodus 34 Moses asks to see God s glory and God reveals himself as a God who is merciful and just James Hamilton Jr contends that from this passage comes a biblical theology that unites the meta narrative of Scripture under one central theme God s glory in salvation through judgment Hamilton begins in the Old Testament by showing that Israel was saved through God s judgment on the Egyptians and the Canaanites God was glorified through both his judgment and mercy accorded in salvation to Israel The New Testament unfolds the ultimate

display of God's glory in justice and mercy as it was God's righteous judgment shown on the cross that brought us salvation. God's glory in salvation through judgment will be shown at the end of time when Christ returns to judge his enemies and save all who have called on his name. Hamilton moves through the Bible book by book showing that there is one theological center to the whole Bible. The volume's systematic method and scope make it a unique resource for pastors, professors, and students.

Sabedoria e Eloquência Robert Littlejohn, Charles T. Evans, 2020-07-06. Para terem sucesso no mundo de hoje, nossos filhos precisam passar por uma educação capaz de torná-los aptos a reconhecer as tendências atuais, um ensino pronto a fazer deles seres criativos e flexíveis, munidos de respostas às circunstâncias sempre em constante mudança. Eles precisam de uma educação que os instrua no julgamento correto das coisas que os impulsiona a trabalhar pelo bem da sociedade, que os capacite a comunicar-se persuasivamente com verdade, bondade e beleza. Neste livro, os autores Robert Littlejohn e Charles Evans, de forma prática e encorajadora, com método e conteúdo profundamente arraigados nos conceitos e preceitos bíblicos de educação, ensinam como os pais e os professores podem dar às nossas crianças uma verdadeira educação liberal. Nas palavras de R. Albert Mohler Jr., presidente do Seminário Batista do Sul nos EUA: "Para aqueles que seguem a Cristo, a verdadeira educação preocupa-se sobretudo com quem nós somos, ainda mais do que com aquilo que sabemos." Littlejohn e Evans ajudam o cristão de hoje, em particular pais e mães, a compreender a essência da verdadeira educação. *Sabedoria e Eloquência*, um livro voltado para nossa época, apresenta nossas igrejas aos nossos filhos. Leia, aprenda, inspire-se.

Mediaevalia, 1980. *The Art of Listening in the Early Church* Carol Harrison, 2013-07-05. How did people think about listening in the ancient world and what evidence do we have of it in practice? The Christian faith came to the illiterate majority in the early Church through their ears. This proved problematic: the senses and the body had long been held in suspicion as all too temporal, mutable, and distracting. Carol Harrison argues that, despite profound ambivalence on these matters in practice, the senses and in particular the sense of hearing were ultimately regarded as necessary, indeed salvific, constraints for fallen human beings. By examining early catechesis, preaching, and prayer, she demonstrates that what illiterate early Christians heard both formed their minds and souls and, above all, enabled them to become literate listeners, able not only to grasp the rule of faith but also tacitly to follow the infinite variations on it, which were played out in early Christian teaching, exegesis, and worship. It becomes clear that listening to the faith was less a matter of rationally appropriating facts and more an art which needed to be constantly practiced for what was heard could not be definitively fixed and pinned down but was ultimately the Word of the unknowable, transcendent God. This word demanded of early Christian listeners a response: to attend to its echoes, recollect, and represent it, stretch out towards its source, and in the process be transformed by it.

[Islam, Christianity and Tradition](#) Ian Richard Netton, 2006-12-22. Offers a unique comparative exploration of the role of tradition in Islam and Christianity. The idea of tradition has enjoyed a variety of senses and definitions in Islam and Christianity, but both have cleaved at certain times to a supposedly golden age of tradition from the past. The author suggests there has been a chain of thinkers from classical Islam to the twentieth century who share

a common interest in ijtihad or independent thinking Drawing on past and present evidence and using Christian tradition as a focus for contrast and comparison the author highlights the seemingly paradoxical harmony between tradition and itjihad in Islam The author draws on a variety of primary and secondary sources including contemporary newspaper and journal
