Wisteria Witches 1 Z Riddle:

Wolves of Wisteria Angela Pepper, 2018 Zinnia Riddle doesn't use her witch powers much these days. She works as a clerk at the Wisteria Permits Department where there hasn't been much need for spells and potions until now. When a beloved coworker is found dead next to her desk, the whole office gets paranoid. Is one of them a killer? Did the victim leave behind clues in the book she was writing? Is there a town-wide conspiracy or is some lone serial predator on the loose? The police are always two steps behind the evil that's threatening the peaceful town. Now it's up to Zinnia Riddle and the witches in her coven to uncover the secrets hiding in plain sight. Will Zinnia's rusty magic hold up against a powerful enemy? **WOLVES OF WISTERIA** is the sixth book set in Angela Pepper's Wisteria Witches universe and the first book featuring Zinnia Riddle in her own thrilling mystery. **FAQs about Wolves of Wisteria** I've read the Wisteria Witches series by Angela Pepper. I see this book is called *City Hall 1*. Where does this fit in? And who's Zinnia? Zinnia Riddle is the character you've come to know and love in the other books as Aunt Zinnia. This is Zinnia's first book as the featured character. The events in *Wolves of Wisteria* take place in the months leading up to Zinnia's niece Zara arriving in Wisteria. You can think of this book as a prequel or a spin-off or the start of a mini-series. In this book, you'll find out about Zinnia's workplace and witch friends, plus there's a thrilling mystery to solve. I haven't read any other Wisteria Witches books. Can I start here? Absolutely. *Wolves of Wisteria* can be read as a stand-alone novel without spoiling the other books if you decide to read them next. What's a witch cozy mystery? Witch cozies are similar to contemporary cozies in that they revolve around a mystery and feature an amateur or unconventional sleuth. The tone is humorous and breezy with a few good thrills too. Witch cozies come with the added bonus of paranormal elements. The town of Wisteria is full of many supernaturals, including gorgons, vampires, shifters, mages, and more. About the Series: Angela Pepper's Wisteria Witches series features a wise-cracking mother and daughter witch duo, Zara and Zoey Riddle, and their aunt Zinnia. This urban fantasy series has plenty of magic and supernatural elements. New to Wisteria? You can start reading with any book. 1. Wardens of Wisteria Angela Pepper, 2018-11-07 Zara Riddle is used to being woken up in the middle of the night by magical creatures Being a witch is incredibly fun but it does have a few drawbacks Zara s powers make her appealing to the recently deceased who are always showing up seeking her help This witch is a real ghost magnet When Zara s resident telepathic wyvern wakes her up to announce there s a new ghost in the house Zara is anything but surprised She greets the new spirit locates the crime scene and notifies the authorities All before the sun comes up Zara s work is done After all the town s detective should be able to solve this homicide without her The detective Theodore Bentley has other ideas He knows about Wisteria s secrets but he s not the stubborn type who insists on doing everything himself Why chase down a killer alone when you can have a powerful witch as a partner He invites Zara to join him on the investigation Zara accepts because why not She ll rest easier when the case is solved Plus two heads are better than one even if one of them is a mere human As the crime fighting duo dig deeper into the town s secrets both the human detective and the witch are shocked to discover a killer in their midst When they underestimate the killer s powers the tables are turned In a heartbeat everything changes Zara Riddle can only watch helplessly as someone she cares about saves the witch s life by sacrificing their own
