Peterkin, 2016-11-14 Preparing a learning portfolio has become a mandatory part of the course work in most clinical professions. Students and educators alike sometimes complain that these mandatory assignments become repetitive and uninspired. However, we all need to be able to speak and write clearly as we work with our colleagues, students, and those we care for. In *Portfolio To Go*, Allan D. Peterkin insists that reflective capacity, critical thinking, creative expression, and narrative competence are attributes that should be developed in every health professional, regardless of the discipline or specialty. Trainees will find over 1000 prompts organized under themes highly relevant to students and educators, including those not formally addressed in class, such as coping with uncertainty and ambiguity, team conflict, and resilience through good self-care. Practical tips for writing effectively and for discussing and evaluating narratives in a helpful, respectful manner are provided throughout. Peterkin is a pioneer in emphasizing patient-centered, humanistic care, and *Portfolio To Go* will help to train and develop more reflective practitioners.

Madness in Context: Historical, Poetic and Artistic Perspectives, 2020-09-25 A group of twenty scholars from different disciplinary and cultural backgrounds developed a series of dialogues and discussions on the notion, experience, and representation of madness. This volume is the result of those discussions. *Borders and Borderlands* Richard Pine, Vera Konidari, 2021-03-10 The crossing of borders and frontiers between political states and between languages and cultures continues to inhibit and bedevil the freedom of movement of both ideas and people. This book addresses the issues arising from problems of translation and communication, the understanding of identity in hyphenated cultures, the relationship between landscape and character, and the multiplex topic of gender transition. Literature as a key to identity in borderland situations is explored here, together with analyses of semiotics, narratives of madness, and abjection. The volume also examines the contemporary refugee crisis through first-hand Personal Witness accounts of migration and political, ethnic, and religious divisions in Kosovo, Greece, Portugal, and North America. Another section, gathering together historical and current Poetry of Exile, offers poets' perspectives on identity and tradition in the context of loss, alienation, fear, and displacement. **The Path to Personal Success and Freedom** Julie Belmont, 2005-02-14 What's holding you back? Be honest! YOU! Yes, that's who is holding you back. So how do you get out of your own way? In this book, you'll learn how to stop procrastinating. You will do simple exercises to help you overcome your fears so you can achieve those goals long hidden and forgotten. It's okay to want it all; don't feel guilty about achieving because the better you are for yourself, the better you'll be for others. This book will show you the way to seek what you want and to give yourself permission in obtaining it. We all encounter challenges, but with goals, a clear plan, and a positive perception, anything is attainable. Follow me; I'll show you how. **Fiction as Resistance** Jeffrey Berman, 2024-11-30 Samuel Shem is the nom de plume of the psychiatrist Stephen J.
