Hans Christian Andersen in American Literary Criticism of the Nineteenth Century Herbert Rowland, 2020-11-03 In Hans Christian Andersen in American Literary Criticism of the Nineteenth Century Herbert Rowland argues that the literary criticism accompanying the publication of Hans Christian Andersen s works in the United States compares favorably in scope perceptiveness and chronological coverage with the few other national receptions of Andersen outside of Denmark Rowland contends that American commentators made it abundantly evident that in addition to his fairy tales Andersen wrote several novels travelogues and an autobiography which were all of more than common interest In the process Rowland shows that American commentators naturalized Andersen in the United States by confronting the sensationalism in the journalism and literature of the time with the perceived wholesomeness of Andersen s writing deploying his long fiction on both sides of the debate over the nature and relative value of the romance and the novel and drawing on three of his works to support their positions on slavery the Civil War and Reconstruction

The Origins of American Religious Nationalism

Sam Haselby, 2015-03-04 Sam Haselby offers a new and persuasive account of the role of religion in the formation of American nationality showing how a contest within Protestantism reshaped American political culture and led to the creation of an enduring religious nationalism Following U S independence the new republic faced vital challenges including a vast and unique continental colonization project undertaken without in the centuries old European senses of the terms either a church or a state Amid this crisis two distinct Protestant movements arose a popular and rambunctious frontier revivalism and a nationalist corporate missionary movement dominated by Northeastern elites The former heralded the birth of popular American Protestantism while the latter marked the advent of systematic Protestant missionary activity in the West The explosive economic and territorial growth in the early American republic and the complexity of its political

life gave both movements opportunities for innovation and influence This book explores the competition between them in relation to major contemporary developments political democratization large scale immigration and unruly migration fears of political disintegration the rise of American capitalism and American slavery and the need to nationalize the frontier Haselby traces these developments from before the American Revolution to the rise of Andrew Jackson His approach illuminates important changes in American history including the decline of religious distinctions and the rise of racial ones how and why Indian removal happened when it did and with Andrew Jackson the appearance of the first full blown expression of American religious nationalism What the Railways Did For Us Stuart Hylton,2015-02-15 What the Railways Did For Us will be of interest to rail enthusiasts and to readers with an interest in the social history of Great Britain The JSE Handbook ,1997

Collins, 2015-11-06 THE hands on the hall clock pointed to half past six in the morning The house was a country residence in West Somersetshire called Combe Raven The day was the fourth of March and the year was eighteen hundred and forty six No sounds but the steady ticking of the clock and the lumpish snoring of a large dog stretched on a mat outside the dining room door disturbed the mysterious morning stillness of hall and staircase Who were the sleepers hidden in the upper regions Let the house reveal its own secrets and one by one as they descend the stairs from their beds let the sleepers disclose themselves As the clock pointed to a quarter to seven the dog woke and shook himself After waiting in vain for the footman who was accustomed to let him out the animal wandered restlessly from one closed door to another on the ground floor and returning to his mat in great perplexity appealed to the sleeping family with a long and melancholy howl Before the last notes of the dog s remonstrance had died away the oaken stairs in the higher regions of the house creaked under slowly descending footsteps In a minute more the first of the female servants made her appearance with a dingy woollen shawl over her shoulders for the March morning was bleak and rheumatism and the cook were old acquaintances Receiving the dog s first cordial advances with the worst possible grace the cook slowly opened the hall door and let the animal out It was a wild morning Over a spacious lawn and behind a black plantation of firs the rising sun rent its way upward through piles of ragged gray cloud heavy drops of rain fell few and far between the March wind shuddered round the corners of the house and the wet trees swayed wearily Seven o clock struck and the signs of domestic life began to show themselves in more rapid succession The housemaid came down tall and slim with the state of the spring temperature written redly on her nose The lady s maid followed young smart plump and sleepy The kitchen maid came next afflicted with the face ache and making no secret of her sufferings Last of all the footman appeared yawning disconsolately the living picture of a man who felt that he had been defrauded of his fair night s rest The conversation of the servants when they assembled before the slowly lighting kitchen fire referred to a recent family event and turned at starting on this question Had Thomas the footman seen anything of the concert at Clifton at which his master and the two young ladies had been present on the previous night Yes Thomas had heard the concert he had been paid for to go in at the back it was a loud concert it was a hot concert it was described at the top of the bills as Grand whether it was worth traveling sixteen miles to hear by railway with the additional hardship of going back nineteen miles by road at half past one in the morning was a question which he would leave his master and the young ladies to decide his own opinion in the meantime being unhesitatingly No Further inquiries on the part of all the female servants in succession elicited no additional information of any sort Thomas could hum none of the songs and could

describe none of the ladies dresses His audience accordingly gave him up in despair and the kitchen small talk flowed back into its ordinary channels until the clock struck eight and startled the assembled servants into separating for their morning s work Uncommon Contexts Ben Marsden,2015-10-06 Britain in the long nineteenth century developed an increasing

Against Self-Reliance William Hunting Howell,2015-04-15 Tracing continuities between literature material culture and pedagogical theory William Hunting Howell uncovers an America that celebrated the virtues of humility contingency and connection to a complex whole over ambition individuality and distinction **Arbitrary Power** William Keach,2015-07-28

This book explores previously unexamined links between the arbitrary as articulated in linguistic theories on the one hand and in political discourse about power on the other In particular Willam Keach shows how Enlightenment conceptions of the arbitrary were contested and extended in British Romantic writing In doing so he offers a new paradigm for understanding the recurrent problem of verbal representation in Romantic writing and the disputes over stylistic performance during this period With clarity and force Keach reads these phenomena in relation to a rapidly shifting literary marketplace and to the social pressures in Britain generated by the French Revolution the Napoleonic Wars and the class antagonisms that culminated in the Peterloo Massacre The question of what it means to think of language or politics as arbitrary persists through postmodern thinking and this book advances an unfinished dialogue between Romantic culture and the critical techniques we currently use to analyze it Keach s intertwined linguistic and political account of arbitrary power culminates in a detailed textual analysis of the language of revolutionary violence Including substantial sections on Blake Wollstonecraft Wordsworth Coleridge Byron P B Shelley Keats and Anna Jameson Arbitrary Power will engage not only students and scholars of eighteenth and nineteenth century literature but also those interested in critical and linguistic theory and in social and political history **Epistemic Justice and the Postcolonial University** Amrita Pande,Ruchi Chaturvedi,Shari

Daya,Sepideh Azari,Koni Benson,Hal Cooper,Athambile Masola,Kerusha Govender,Lungisile Ntsebeza,Shose Kessi,Jameelah Omar,Nomusa Makhubu,Kealeboga Ramaru,Ari Sitas,Rike Sitas,2023-08 This book addresses urgent current debates on decolonisation by offering reimagined teaching and learning interventions for obtaining greater epistemic justice in the contemporary postcolonial university At a time when debates on decolonisation have gained urgency in academic civic and public spaces this interdisciplinary collection by authors based at the University of Cape Town South Africa serves as a valuable archive documenting and reflecting on a turbulent period in South African higher education It is an important resource for academics looking to grasp debates on decoloniality both in South Africa and in university and teaching spaces further afield Calling for concerted and collaborative work towards greater epistemic justice across diverse disciplines the book puts forward a new vision of the postcolonial university as one that enables excellent teaching and learning undertaken in a spirit of critical consciousness and reciprocity
