

ULTIMATE WIZARD HINTS AND TIPS

It's not hard to be a Wizard, but becoming an Ultimate Wizard takes time and practice. Don't give up if you have trouble jumping or casting spells in the beginning. These features take some getting used to. Making mistakes and losing a few Wizards is all part of the learning process. Soon you will be moving the Wizard smoothly and swiftly through the beginner dungeons, and before you know it, moving on to the advanced dungeons to face new levels of excitement and frustration. The following sections provide some helpful hints that will help you (eventually) master all 100 levels.

General Tips

Remember that the Wizard is able to jump fairly far up, left, or right. Be careful not to jump down from too great a height. Walking off a brick (even with only one space below) is sure to be fatal. Also, don't jump off ropes that have too much empty space beneath them, and don't walk off ladders unless there's something to walk on.

Avoid monsters, trap doors, pits, burning fires, skull & crossbones, and other dangerous objects scattered through the dreaded Dungeons of Kaytel. Use magic portals to teleport around whenever possible because the Wizard is safe while using these. You can use the joystick to move the Wizard back and forth during a teleport, but for survival's sake, be careful not to stop the Wizard in the middle of a solid object or mid-air! Exit from teleports by pressing the Fire Button and pushing the joystick forward as if to jump.

Dungeon Hints

To give you an extra edge, here are four examples of playing dungeons from various levels.

SHADOW LORD: Shadow Lord is a good dungeon in which to practice jumping, climbing, casting spells, and avoiding bad guys. The first thing to do in Shadow Lord is to get the key. Taking the key gives the Wizard an invisibility spell with which he can foil even the formidable Shadow Lord.

The Wizard appears in the Shadow Lord dungeon on a suspended platform in the center of the screen. Take the left-hand ropes and ladders all the way to the bottom of the screen and grab the key and surrounding treasure. Now you can climb back up and make a leisurely sweep of the remaining dungeon treasures. Avoid the Shadow Lord as much as possible, saving the invisibility spell for an emergency. If the Shadow Lord happens to corner you, invoke
