Understanding Dissidence And Controversy In The History Of Psychoanalysis:

Understanding Dissidence and Controversy in the History of Psychoanalysis Martin S. Bergmann, 2004 Dissidence and controversy have been an integral part of the history of psychoanalysis at times causing pain disappointment and shame to its adherents The seemingly endless dissent has evoked derision and thrown doubt on the validity of the findings of psychoanalysis Now for the first time a number of distinguished psychoanalysts have met to try and understand this phenomenon This volume the collected proceedings of a single landmark conference is a major contribution to the understanding not only of the history and nature of psychoanalysis but also to the history of the ideas that shaped the twentieth century essay by Martin S Bergmann which brings together the significant ideas of major dissidents in the psychoanalytic movement Bergmann s discussion of dissidence in a historical sequence results in a panoramic view of the interactions between mainstream psychoanalysis and its discontents that provides a comprehensive look at the movement across several decades The second part of the book is comprised of written responses to Dr Bergmann s essay by Andre Green Otto Kernberg Anton Kris Harold Blum Jill Savage Scharff Robert Wallerstein and Elisabeth Young Bruehl analysts named above as well as William Grossman Peter Neubauer Henry Nunberg and Mortimer Ostow that touches on such wide ranging topics as the reasons for vehement disagreement among psychoanalytic schools how dissidence should be taught in psychoanalytic training the question of what is at the heart of psychoanalysis the libido as pleasure seeking and object seeking the limitations of psychoanalysis the relationship between psychoanalysis and drug therapy and psychoanalysis as science and as ideology This singular volume illuminates issues that are some of the most troublesome and urgent among leading psychoanalysts today

Psychoanalysis Comparable and Incomparable David Tuckett, 2008-02-28 How do we know when what is happening between two people should be called psychoanalysis What is a psychoanalytic process and how do we know when one is taking place Psychoanalysis Comparable and Incomparable describes the rationale and ongoing development of a six year programme of highly original meetings conducted by the European Psychoanalytic Federation Working Party on Comparative Clinical Methods The project comprises over seventy cases discussed by more than five hundred experienced psychoanalysts over the course of sixty workshops Authored by a group of leading European psychoanalysts this book explores ways for psychoanalysts using different approaches to learn from each other when they present their work to fellow psychoanalysts and provides tools for the individual practitioner to examine and improve his or her own approach As described in detail in its pages sticking to the task led to some surprising experiences raising fundamental questions about the way clinical discussion and supervision are conducted in psychoanalysis Well known by many in the psychoanalytic community and the object of much interest and debate this project is described by those who have had the closest contact with it and will satisfy a widely held curiosity in psychoanalysts and psychotherapists throughout the world David Tuckett is winner of the 2007 Sigourney Award

Psychoanalysis at the Crossroads Fred Busch, 2023-03-15

In this clear and thoughtful book an international group of distinguished authors explore the central issues and future directions facing psychoanalytic theory and practice The book explores four main questions in the development of psychoanalysis what psychoanalysis is as an endeavour now and what it may be in the future the effect of social issues on psychoanalysis and of psychoanalysis on social issues such as race and gender the importance of psychoanalytic institutes on shaping future psychoanalytic theory and practice and the likely major issues that will be shaping psychoanalysis in years to come Including contributions from within every school of psychoanalytic thought this book is essential reading for psychoanalysts psychoanalytic psychotherapists and all who are curious about the future directions of the profession

From Impression to Inquiry Wilma Bucci,2018-06-14 From Impression to Inquiry is a tribute to the work of Robert Wallerstein and is a homage to his exceptional attitude regarding the problem of agreements divergences and uncertainties in psychoanalysis Encountering Silencing Michael B Buchholz,Aleksandar Dimitrijevic,2024-04-18 Editors Michael B Buchholz and Aleksandar Dimitrijevic are joined by Ana Altaras Dimitrijevic Uta Blohm Roger Frie Stephen Frosh Babette Gekeler Gail A Hornstein and Hans Christoph Ramm to share their knowledge research and experience on these dark issues Encountering Silencing is an invitation to closely observe the very practices and processes of silencing used by perpetrators of abuse and totalitarian institutions alike A carefully selected group of contributors reveal the dark side of communication that silences victims witnesses and perpetrators women religious heretics gifted children victims of racism psychoanalytic dissidents and psychiatric patients individuals and groups total strangers and one s family members as well as one own self All of these forms of silencing are analysed with the help of literature historiography interviewing archival research and psychoanalytic and family therapy This book helps us to face the seemingly inevitable conclusion that silencing is everywhere in our individual and social lives and that it is the silencing of trauma that leads to mental disorders more than trauma itself The hope is that by opening up these topics in a considered containing and thoughtful way the underlying mechanisms of trauma related disorders will be better understood and help victims to overcome them Encountering Silencing is the first in a series of three books on this vital but overlooked subject **After Winnicott** Harry Karnac,2018-06-13 This bibliography is based on the plethora of ideas introduced into the psychoanalytic lexicon by Donald Woods Winnicott It demonstrates amply how wide the range is of Winnicott scholarship and facilitates post Freudian Bion and Winnicott studies *Mental Disability Law, Evidence, and Testimony* John Parry,Eric York Drogin,2007 This new book written by ABA Commission on Mental and Physical Disability Law Director John Parry J D and forensic psychologist Eric Y Drogin J D Ph D Manual has been formatted and written to guide lawyers judges law students and forensic and other mental disability professionals through the maze of civil and criminal laws standards and evidentiary pitfalls and forensic practices that characterize this area of the law Moreover it summarizes what empirical evidence exists to support or raise concerns about these legal standards and forensic practices when they are introduced in the courtroom Karl Abraham Anna Bentinck van Schoonheten,2018-05-08 This

book provides the reader with rich evidence of the very contemporaneity of Karl Abraham reminding the reader of his unique clinical contributions to such diverse areas of concentration as the psychoses depression and the pre oedipal *The Road to Unity in Psychoanalytic Theory* Leo Rangell,2007 With erudition equilibrium and deep knowledge Rangell points out the main problem of the day the struggle between pluralism and unified psychoanalytic theory This text examines both positions in an effort to separate rational thinking from passion and politics The road to unity is for Rangell to recognize the development of different points of view so as to expand the theory rather than to replace a theory by another Rangell clearly distinguishes integration from split and proposes an objective approach *American Book Publishing Record* ,2003 *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,2006 The British National Bibliography Arthur James Wells,2006 **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation *Forthcoming Books* Rose Arny,2004 **The Freud-Adler Controversy** Bernhard Handlbauer,1998 This text charts the early history of the modern psychoanalytic movement through the personalities that influenced its development Many of the early theories were discussed at the Wednesday meetings of the Vienna psychoanalytic Society and extracts from the minutes of these meetings are included here Of all the splits that characterized these early years none as more heated than the acrimonious split between Freud and Adler From a relationship of mutual respect and collaboration the two men had an infamous nine year disagreement in the development of their schools of psychotherapy *Política y sociedad* ,2006 **Queer/Early/Modern** Carla Freccero,2006-01-16 Addresses theoretical and historical issues related to debates in queer theory and in early modern studies by reading early and late modern texts archival materials and contemporary popular works *Radical Philosophy* ,1972 *Psychoanalytic Politics* Sherry Turkle,1978-12-20 Arts & Humanities Citation Index ,1978
