Understanding Medjugorje

Norbert C. Brockman

Understanding Medjugorje:

Understanding Medjugorje Donal Foley, 2006 Understanding Medjugorje is an in depth investigation into some of the most surprising but also most influential spiritual phenomena to have affected modern Catholicism Millions of people have visited the site of the alleged visions of the Blessed Virgin Mary at Medjugorje despite the fact that they have received no official Church approval Understanding Medjugorje will help readers to understand how important Church figures including Pope John Paul II and Cardinal Ratzinger now Pope Benedict XVI have actually viewed Medjugorje It also looks at the role of influential priests and theologians in promoting Medjugorje and the tangled historical and religious background to the visions Similarly it deals with the links between the visions the Charismatic Renewal and the worldwide Medjugorje movement as well as looking at how Medjugorje compares with Fatima and what the successive local bishops of Mostar have said about it The degree of trustworthiness of the visions and the visionaries is also assessed as is the real significance of the Medjugorje good fruits and the reasons why it has been so incredibly popular

God's Continent Philip Jenkins, 2007-05-11 Is the Christian church in Europe doomed to collapse under the weight of globalization Western secularism and a flood of Muslim immigrants Is Europe on the brink of becoming Eurabia Though many pundits are predicting just such a scenario God's Continent reveals the flaws in these arguments and offers a much more measured assessment of Europe's religious future While frankly acknowledging current tensions Philip Jenkins shows for instance that the overheated rhetoric about a Muslim dominated Europe is based on politically convenient myths that Europe is being imperiled by floods of Muslim immigrants exploding Muslim birth rates and the demise of European Christianity He points out that by no means are Muslims the only new immigrants in Europe Christians from Africa Asia and Eastern Europe are also pouring into the Western countries and bringing with them a vibrant and enthusiastic faith that is helping to transform the face of European Christianity Jenkins agrees that both Christianity and Islam face real difficulties in surviving within Europe's secular culture But instead of fading away both have adapted and are adapting Yes the churches are in decline but there are also clear indications that Christian loyalty and devotion survive even as institutions crumble The third book in an acclaimed trilogy that includes *The Next Christendom* and *The New Faces of Christianity* God's Continent offers a realistic and historically grounded appraisal of the future of Christianity in a rapidly changing Europe

The Vatican Prophecies John Thavis, 2015-09-15 Examines how the Catholic Church evaluates judges and controls miraculous events to determine their authenticity revealing deep internal debates on the power of relics revelations and exorcisms

even though it has received no official Church approval *Medjugorje Revisited* focuses on the transcripts of the original tapes of the visionaries made in June 1981 and the credibility of the visions and the visionaries demonstrating the serious problems involved in accepting Medjugorje as genuine It also examines the role of theologians and the Hercegovina Franciscans in promoting Medjugorje and its tangled historical and religious background as well as its links with the Charismatic Renewal In sum it examines all the relevant evidence about Medjugorje and concludes that despite some good fruits it bears all the hallmarks of a vast religious fraud

Medjugorje Complete Donal Anthony Foley, 2021-06-30 *Medjugorje Complete* The Definitive Account of the Visions and Visionaries looks at the alleged visions of the Blessed Virgin Mary at Medjugorje their origins and their impact on the Catholic Church It is an expanded revised and updated version of two previous works *Understanding Medjugorje* and *Medjugorje Revisited* published in 2006 and 2011 respectively *Medjugorje Complete* focuses on the transcripts of the original tapes of the visionaries made in June 1981 It also looks at the credibility of the visions and the visionaries demonstrating serious problems in accepting Medjugorje as genuine It also examines the role of theologians and the Hercegovina Franciscans in promoting Medjugorje and its tangled historical and religious background as well as its links with the Charismatic Renewal In sum it examines all the relevant evidence about Medjugorje and concludes that despite some good fruits it does not appear to be genuinely supernatural If you want to know the truth about Medjugorje then forty years after the story began *Medjugorje Complete* offers the definitive account

Medjugorje and the Supernatural Daniel Maria Klimek,2018-03-01 In 1981 six young people in the village of Medjugorje in what was then Yugoslavia now Bosnia Herzegovina reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek analyzes the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience and concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences

Habits of the Balkan Heart Stjepan Gabriel Meštrović,Slaven Letica,Miroslav Goreta,1993 With carefully reasoned analysis the authors show how sociological theories of social character propounded by such thinkers as de Tocqueville Veblen

and Bellah can shed light on the conflicts in the Balkans which according to conventional wisdom were not supposed to occur when Communism fell They demonstrate that ancient traditional ethnic social and nationalistic tendencies habits of the heart Of the various people of the Balkans have taken precedence over pressures for democracy in the political and cultural vacuum left by the end of Communism in the region Unfortunately the difficulties in the Balkans will persist for a long time to come and similar conflicts could break out in the former Soviet Union This thought provoking book has much new to say about the causes of such ethnic and class conflicts in the region and the feasibility of policies for dealing with these sores
