Understanding Israel/Palestine Eve Spangler, 2019-05-15 The Israeli Palestinian conflict is the longest on going hot and cold war in the 20th and 21st century In this book the author argues that human rights standards are the key to a just and sustainable solution and that tragically no one has ever made serious use of them in trying to end the conflict The reader will have a comprehensive view of the conflict its relationship to surrounding world events and its similarities to and differences from other conflicts especially those embedded in American race relations

Understanding Israel/Palestine Eve Spangler, 2015-06-28 The Israeli Palestinian conflict is the longest ongoing hot and cold war of the 20th and 21st centuries It has produced more refugees than any current conflict generating fully one quarter of all refugees worldwide Everyone knows that the Palestinian Israeli conflict is important itself and is also fueling tensions throughout the Middle East Yet most people shy away from this conflict claiming it is just too complicated to understand This book is written for people who want a point of entry into the conversation It offers both a historic and analytic framework Readers whether acting as students parishioners neighbors voters or dinner guests will find in these pages an analysis of the most commonly heard Israeli positions and a succinct account of the Palestinian voices we seldom hear I argue that human rights standards have never been used as the basis on which the Israeli Palestinian conflict should be resolved and that only these standards can produce a just and sustainable resolution This book will be useful for classes in Middle East studies peace and conflict studies Middle East history sociology of race and political science It can be helpful for church groups labor groups or other grass roots organizations committed to social justice and for all readers who wish to be informed about this important topic Professor Spangler's quest for historical and political understanding takes us on a brave and intimate journey into the consequences of Jewish privilege and Jewish victimhood the agendas of imperial superpowers and the Palestinian struggle for self determination Alice Rothchild MD author of *Broken Promises Broken Dreams Stories of Jewish and Palestinian Trauma and Resilience* and producer and director of documentary film *Voices Across the Divide* A sharp poignant well documented dossier that provides readers with all the most needed facts to grasp the conflict and get involved Sam Bahour co editor of *Homeland Oral Histories of Palestine and Palestinians* and business development consultant and activist based in Palestine This one is exceptional It recounts a historical tale it provides theoretical underpinnings it does comparative work it examines all the details and aspects of ongoing debates and it brings all to life with real life stories the wonder of this book is its insistence on hope not a naive idealistic hope but one accompanied by a tool box for concrete action that might right the wrongs of this tragic tale Anat Biletzki Professor of Philosophy Tel Aviv University and Albert Schweitzer Professor of Philosophy Quinnipiac University Chairperson of B Tselem 2001 2006 Eve Spangler is a sociologist and a human and civil rights activist For the last decade her work has focused on the Israel Palestine conflict she argues that human rights are the neglected standards that could lead to a just and sustainable solution

Palestine and the International Criminal Court Seada Hussein Adem, 2019-04-05 This book deals with the possible investigation and prosecution by the International Criminal Court ICC of crimes allegedly committed in the Israeli Palestinian conflict In light of the Rome Statute and the Practice of the Office of the Prosecutor of the Court among others it examines the route possible outcomes and challenges that may arise were the Palestine situation to be brought before the ICC The subject matter is approached using the route the Prosecutor of the Court would generally employ to deal with situations The publication offers a step by step procedure by which to conduct the preliminary

examination and investigation of the situation in Palestine and deals with matters of jurisdiction followed by a discussion of the fundamental concepts of complementarity and gravity to determine the admissibility before the ICC. Alleged crimes particularly unique to the Israeli Palestinian conflict such as the construction of settlements, forced displacement, house demolitions, the expropriation of land, the crime of apartheid and the blockade of Gaza are dealt with in light of the Rome Statute and international law. On the basis of the established theories of transitional justice, the possible impacts of an ICC investigation and prosecution on the conflict are analysed and a number of insights are shared with regard to the impacts of the ICC on combatting impunity, fostering Palestine's statehood, peace negotiations and the stability of the region. Due to the politicisation of the conflict and the various interests at stake, the impact of the ICC's involvement on the credibility of the ICC itself is also reviewed. Recognizing the numerous impacts of the conflict on the existence of the two nations and the multitude of causes for its perpetuity, it does not limit itself to the ICC but also provides other conflict resolution alternatives that could enable reconciliation and sustainable peace in the region. This book provides an array of opinions and a crucial input for researchers and practitioners alike while it is also useful to those investigating and possibly involved in prosecutions regarding Palestine or other similar situations before the ICC.

Seada Hussein Adem obtained a PhD from Humboldt University of Berlin, Germany, an LLM from the University of the Western Cape, South Africa, and an LLB from Haramaya University, Ethiopia.

div **Malcolm Lives!** Ibram X. Kendi, 2025-05-13 National Book Award winning and 1 New York Times bestselling author. Dr Ibram X. Kendi brings a global icon to life in the first major biography of Malcolm X for young people in more than thirty years, perfect for fans of blockbuster hit *STAMPED: A REMIX* with Jason Reynolds. As a Black Muslim, as a family man, as a revolutionary, Malcolm's life story shows the promise of every human being. Of you. To trace Malcolm's childhood and adult years, Kendi draws on Malcolm's stirring oratory style using repetition and rhetoric. Short, swift chapters echo Malcolm's trademark fast walk. An abundance of never-before-published letters, notes, flyers, photos, extensive source notes, and more give young readers a front-row seat to his life. Kevin Macdonald's Metaphysical Failure: a Philosophical, Historical, and Moral Critique of Evolutionary Psychology, Sociobiology, and Identity Politics Jonas E. Alexis, 2022-04-25 In *Kevin MacDonald's Metaphysical Failure*, Jonas E. Alexis offers a thoroughly researched, nuanced and lucid analysis of Kevin MacDonald's thought in particular MacDonald's belief in biological and philosophical Darwinism. It is an important book that fills a critical gap in the literature on the history of revolutionary movements and Darwinism both in the West and in Asia. It is also a study that adds many significant strands to the densely interwoven history of ideas such as Malthusianism and Eugenics. Alexis's book engages debates in the history of ideas going back to Madison Grant and beyond and the history of Darwinism. It challenges

many of the life long prevailing assumptions about identity politics and produces a powerful critique of how scientific theories have been misused to uphold misguided and faulty categorizations Powerfully reasoned and backed with a startling array of documented studies Kevin MacDonald s *Metaphysical Failure* presents an in depth look at key beliefs behind many mistaken and consequently destructive actions taken by numerous writers and thinkers particularly Darwin s ardent enthusiasts and devoted disciples The book presents eye opening insights into the historical development of Darwin s ideological project and how that project ended up crippling Darwin s intellectual children from Richard Dawkins Francis Crick James Watson Daniel Dennett Ernst Mayr and E O Wilson to Kevin MacDonald Richard Spencer David Duke and Jared Taylor
