

The background image is a composite of two scenes. On the left, a woman with long, dark, flowing hair is shown from the chest up, leaning over the edge of a pond. She is looking down at the water. The pond is filled with lily pads and several white lotus flowers. On the right, a waterfall cascades down a rocky ledge into a pool of water. The sky above the waterfall is filled with soft, white clouds. The overall color palette is dominated by blues, greens, and whites, creating a serene and ethereal atmosphere.

Mistele,2012-10-23 Although the spirit beings of the four elements of nature have been represented in literature religion and folk tales descriptions of these creatures have been vague and direct experience with them is quite rare Yet each of the four elemental kingdoms offers great gifts to humanity if we are willing to recognize that the psychological and spiritual qualities they embody are already inherent in human nature Mermaids dwell in the oceans lakes and rivers They offer love and sharing a sense of wonder beauty and innocence Sylphs roam the sky they represent harmony balance and the attainment of freedom Gnomes live underground Their quiet inner wisdom banishes depression and sorrow Salamanders dwell in volcanoes and vast caverns of magma beneath the earth They offer the power of intense heat to refine transform and integrate Who are these mysterious creatures of water air earth and fire Author William Mistele has devoted a significant portion of his life to finding out Addressing the perennial questions Why are we here What is the deepest purpose of life What are our options Mermaids Sylphs Gnomes and Salamanders takes the reader directly into the realms of these spirits telling stories from their perspective Weaving together fairy tales and poems thoughtful analysis and meditative exercises Mistele illuminates the qualities these beings have mastered and humanity must begin to embrace empathy an inner peace with the universe a divine level of sensuality and a
