Unholy Alliance Religion And Atrocity In Our Time:

Unholy Alliance Marc H. Ellis, 1997 Tragically religion has often been associated with violence repression war and vengeance Where was God during the Holocaust The violence in Bosnia Rwanda or the Middle East Theologian and author Marc Ellis takes a searing look at religious integrity in the face of evil Ellis's uncompromising moral sensitivity poses a frank examination of conscience for Christians and Jews alike who seek honestly to engage their tradition and their God **Jews of Conscience** Marc H. Ellis, 2018-07-20 Influenced by the Jewish ethical tradition and the dissonance of Jewish life after the Holocaust Professor Marc H Ellis has sought to revive the Jewish ethical tradition in the face of the demands of the late twentieth and twenty first centuries In his early career he examined the ways Holocaust Theology and Liberation Theology facilitated Jewish and Christian ethical engagements with the violent political and economic crises emerging alongside international markets and forms of government Over the course of his career Professor Ellis has translated this broad engagement into his own understanding of the Jewish ethical tradition as tethered to and endangered by the increasing identification of Jewishness with politics in the United States and Israel Within this trajectory Professor Ellis has developed further insight into the complex ways Jews Christians and Muslim relate in the contemporary period Since then he has used his position influence and writings to further examine these issues and been welcomed by a wide variety of audiences from university forums to faith based groups seeking justice and peace in interfaith settings He has given endowed and keynote lectures in the United States Israel Canada Taiwan Korea and the Philippines International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it is today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world *Philosophies of Peace and Just War in Greek Philosophy and Religions of Abraham* Mehdi Faridzadeh, 2004 A Theology of the Built Environment Timothy Gorringer, 2002-07-11 In this 2002 book Tim Gorringer reflects theologically on the built environment as a whole **The Old Testament in the Life of God's People** Jon Isaak, 2009-06-30 This book celebrates the contributions to Old

Nkrumah's Liberation Thought Robert Yaw Owusu,2006 An attempt to recapture the liberation philosophy of Kwame Nkrumah first prime minister of Ghana Owusu seeks to define a theoretical basis on which a modern socio political and ethical structure for Ghana can be built and offers a paradigm for developing a role of advocacy to the Ghanaian religious edifice He also strives to recapitulate Ghana s self dignity self realisation and self subsistence by highlighting the essential assumptions dimensions and specificities of African personhood *Engaging the Bible* Hee An Choi,Katheryn Pfisterer Darr, Bringing together some of the leading luminaries in feminist womanist and multicultural critical biblical studies in this book each woman describes her unique perspective and offers her reading of a particular biblical scene This is an ideal text for courses on feminist and multicultural biblical interpretation and includes discussion questions for each chapter and a list of suggested readings Furthering Humanity Timothy Gorringe,2004 How should we reflect theologically about culture Tim Gorringe presents a threefold and interrelated reflection organised around culture power and mission First Gorringe interrogates culture through contemporary cultural studies but also through the contribution of the great eighteenth century theologian J G Herder He concludes by considering the question of cultural imperialism Secondly Gorringe asks where power is located in culture and how the church relates to that arguing that the central theses of liberation theology are far from dead The third part turns to questions of mission asking whether this is morally feasible in a culturally pluralist world and considering the implications of Samuel Huntington s notorious thesis of the clash of civilizations Gorringe argues that mission is in fact a vital part of a respectful multicultural society *The Destructive Power of Religion* J. Harold Ellens,2004 This extensive series explores themes including the seeds of violence in Biblical interpretation human sacrifice in the Old Testament violent religious metaphors the violent messiah linguistic and psychoanalytic approaches to religious themes the jihad in context and in the Qur an fundamentalism and violence and the psychoreligious roots of violence Perspectives on Science and Christian Faith ,2002 The Journal of the Henry Martyn Institute ,2002 **Remembering Deir Yassin**

Daniel A. McGowan, Marc H. Ellis, 1998 For Palestinians the 1948 massacre by Irgun and allied Stern Gang soldiers of more than 200 residents of Deir Yassin a tiny village near Jerusalem resonates sharply as a focal point of history The resulting forced exile of over 750 000 Palestinians in 1948 over two million scattered in a far flung diaspora today remains at the heart of the Israel Palestine conflict Remembering Deir Yassin brings together Palestinians and Israelis Jews Muslims and Christians Jewish theologians and Palestinian priests to reflect on the fifty year legacy of Deir Yassin Through Our Long Exile Kenneth Leech, 2001 A provocative and powerful analysis of the way ahead for the churches in Britain today **The Future of Jewish-Christian Dialogue** Dan Cohn-Sherbok, 1999 In this volume distinguished theologians and writers reflect on the future of Jewish Christian dialogue in the next century and chart new directions for future development *Ungodly Fear* Stephen Parsons, 2000 In this disturbing and compelling new book Stephen Parsons uses real life stories to highlight the dangers that exist in the modern Church and sounds the alarm for any church or individual who may be susceptible to perpetrating or falling victim to abusive practices or behavior These harrowing stories include a vulnerable couple persuaded to part with their life savings for a church a woman raped by her minister who then had to face denial and rejection a woman demonized for resisting a church's obsession with demons a homosexual whose integrity as an individual was attacked and a woman damaged by inappropriate healing Parsons ends his bold analysis by affirming the potential for abuse free Christianity and healthy church life **Religion in Exile** Diarmuid Ó Murchú, 2000 **Peace Or Violence** Jeff Astley, Leslie J. Francis, Mandy Robbins, 2007 Religion's impact on world politics has been of major concern since the 9 11 terrorist attacks and America's military response Peace or Violence addresses the timely question of the role of religious education does it merely inculcate the fundamentalist mindset that leads to sectarian violence or can it instead promote peace Through an analysis and evaluation of many of the different models of religious education across the Western world this book considers religion's role in a polarized and globalized world The contributors gathered here persuasively argue that religious education's responsibility is to inform and enrich communal life **The Just War and Jihad** R. Joseph Hoffmann, 2006 No Marketing Blurb *Revolutionary Forgiveness* Marc H. Ellis, 2000 Revolutionary Forgiveness is a startling series of essays challenging the prevailing sensibilities of both Jews and Christians In the call for accountability and commitment Ellis asks whether the current boundaries that Jews and Christians claim continue to provide the foundations for faith and the embrace of the covenant
