Union With Christ In Scripture History And Theology:

Union with Christ Robert Letham, 2011 Union with Christ is the central truth of the whole biblical teaching about salvation The entirety of our relationship with God can be summed up in this doctrine Yet when people ask what this union actually is we flounder The incarnation shows that God has made us to be united with him and God has given us his Word to enable us to understand the nature of this union Set out with Robert Letham to explore this doctrine from Scripture using help from the church fathers to modern theologians Publisher *Union with Christ* J. Todd Billings, 2011-11 An accomplished theologian recovers the biblical theme of union with Christ showing how it affects current theological and ministry issues [Salvation Applied by the Spirit](#) Robert A. Peterson, 2024-06-17 The doctrine of believers union with Christ has undergone a renaissance in recent years Evangelicals are rightly fascinated by this previously neglected doctrine a doctrine with wide ranging implications for the whole of Christian theology and the Christian life Drawing on his extensive teaching and research experience theologian Robert Peterson has written one of the most comprehensive theological treatments of union with Christ to date highlighting the Spirit's crucial role in uniting God to his people

Complementarian Spirituality Natalie Brand, 2013-10-09 In this work Dr Brand seeks to contribute a unique complementarian expression of Reformed spirituality in order to stimulate a spiritual renewal in the contemporary Reformed tradition Using a distinctively feminine approach in a theological arena largely monopolized by male theologians the author anchors corporate and personal spirituality upon the unio mystica so returning to a Calvinistic appreciation of the Christian life Grounding Reformed spirituality on the marital union between Christ and the church a corporate portrait of the church is explored Critical of the neglect of women in Reformed church life and practice the author calls the tradition to reform proposing an intentional complementarian use of women that can practically and spiritually profit the whole church body The book culminates with an initial tracing of a Reformed feminine spirituality which is pastorally relevant to women as well as encouraging a renewed experiential enjoyment of Christ for both men and women **The Doctrine on Which the Church**

Stands or Falls (Foreword by D. A. Carson) Matthew Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone In fact Martin Luther argued that justification is the doctrine on which the church stands or falls This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history the Bible theology and pastoral practice revealing the enduring significance of this pillar of Protestant theology **Union with Christ** Lewis B. Smedes, 1983 This is a print on demand book and is therefore non returnable How can a person who lived nearly two thousand years ago radically change a human life here now How can Jesus of Nazareth radically affect us as persons to the depths of our being How can he reach out over the great span of time that divides us from him and change us so profoundly that we become new creatures in him The answer according to the Apostle Paul lies in the fact that Jesus Christ enters into

union with us Lewis B Smedes believes that union with Christ is at once the center and circumference of authentic human existence Union with Christ is Smedes probing and sustained exegetical study of what Paul means when he speaks of our being in Christ and Christ being in us Hailed as a thoughtful discerning and thoroughly scriptural study when it was first published in 1970 under the title *All Things Made New* the book has been greatly streamlined in this edition By judiciously cutting away what now strikes him as scholarly clutter Smedes has produced a carefully condensed version of his earlier work while retaining its basic substance

The Essential Trinity Brandon Crowe, Carl Trueman, 2016-06-16 The Trinity is foundational to Christian theology with immense relevance for practical living This volume offers trinitarian readings of each New Testament corpus and focuses on the importance of the doctrine for Christian life and ministry

Life in the Son Clive Bowsher, 2023-07-25 In John's Gospel the Father and Son are described as being in one another This NSBT volume from Clive Bowsher shows that union with Christ in John's Gospel and letters is the in one another relationship of believers with the Father and Son by the Spirit the intimate loving relational participation of the believer and God

Union with Christ Jordan Cooper, 2021-08 The Christian's participatory union with Christ is a central element of salvation both in Scripture and in the historic Christian tradition In the early twentieth century however this theme gradually began to diminish in its prominence within Lutheran theological writing Due to a variety of philosophical and theological shifts many Lutherans began to emphasize forensic justification to the exclusion of participationist motifs That forensic exclusivism is challenged in this work In this book Jordan Cooper articulates an approach to union with Christ that is drawn from both Patristic theology and the classical Lutheran tradition Throughout this study Cooper expositis union with Christ under three distinctive categories the objective union of God and man through the Incarnation the formal union of faith in which the believer is united to Christ's person and work and the mystical union through which the Triune God dwells in the hearts of Christians This book is the sixth volume in a series titled *A Contemporary Protestant Scholastic Theology*

Triadosis: Union with the Triune God Eduard Borysov, 2019-02-20 The complex nature of Christian communion with a personal God requires a nuanced expression Since its inception the early church affirmed God's unknowable nature and also participation in God through Christ The church fathers employed the language of theosis in talking about union with God and human transformation in the likeness of God However the term theosis or deification is a broad category and requires precise explanation to avoid human dissolution in the divine in the mystical union This book addresses the conundrum of imparticipable divine nature and personal union between human and the Trinity If God is Trinity then we are created and

Regeneration justification sanctification These are the primary words that come to mind when talking about the theology of
salvation However the Bible teaches that each of these concepts is firmly rooted in something more foundational our union
with Christ In this accessible book Johnson introduces us to this neglected doctrine arguing that it is the dominant organizing
concept for salvation in the New Testament In eight thought provoking chapters Johnson shows how a believer s position in
