United In Hate The Lefts Romance With Tyranny And Terror:

United in Hate Jamie Glazov, 2009 United in Hate analyzes the Left's contemporary romance with militant Islam as a continuation of the Left's love affair with communist totalitarianism in the twentieth century. Just as the Left was drawn to the communist killing machines of Lenin, Stalin, Mao, Pol Pot, and Castro, so too it is now attracted to radical Islam. Both the radical Left and radical Islam possess a profound hatred for Western culture for a capitalist economic structure that recognizes individual achievement and for the Judeo-Christian heritage of the United States. Both seek to establish a new world order: leftists in the form of a classless communist society and Islamists in the form of a caliphate ruled by Sharia law. To achieve these goals, both are willing to wipe the slate clean by means of limitless carnage with the ultimate goal of erecting their utopia upon the ruins of the system they have destroyed.

Jihadist Psychopath Jamie Glazov, 2018-12-18 Every element of the formula by which the psychopath subjugates his victim, the Islamic Supremacist likewise uses to ensnare and subjugate non-Muslims. And in the same way that the victim of the psychopath is complicit in his own destruction, Western civilization is now embracing and enabling its own conquest and consumption.

The Darkest Sides of Politics, II Jeffrey M. Bale, 2017-10-04 This book examines a wide array of phenomena that arguably constitute the most noxious, extreme, terrifying, murderous, secretive, authoritarian, and/or anti-democratic aspects of national and international politics. Scholars should not ignore these dark sides of politics, however unpleasant they may be, since they influence the world in a multitude of harmful ways. The second volume in this two-volume collection focuses primarily on assorted religious extremists, including apocalyptic millenarian cults, Islamists, and jihadist terrorist networks, as well as CBRN (chemical, biological, radiological, and nuclear) terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques. A range of global case studies are included, most of which focus on the lesser-known activities of certain religious extremist milieus. This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics.

God's Heart for Israel (and Us) John Weldon, 2011-07-12 We read God's promises to Israel in the Old Testament where it is referred to as the apple of His eye, but is God done with Israel since they rejected their Messiah? Are we as Christians supposed to stand for the nation of Israel today? Has the Church now replaced Israel so that God's promises and covenants given in the OT no longer apply to Israel? What is Israel's global importance? Is global anti-Semitism on the rise? What will be Israel's ultimate future? According to an article in the Jerusalem Post of June 17, 2011, Israel is at a do-or-die moment. As was the case in May 1967 when the combined Arab armies gathered with the express purpose of wiping the Jewish state off the map, today again Israel is alone in its hour of greatest peril. John Weldon is able to answer these questions and address the important issues of our day because of the extensive research he has done on the Middle East and America. He shares what he has learned in this deeply thought-provoking book.
