Universe One Love Story Johnson:

Worship and the New Cosmology Catherine Vincie, 2014 What is the Christian response to developments in the hard sciences What do discoveries at the macro and micro levels have to say about Christian theology about a theology of God Christology pneumatology and creation How do the developments in systematic theology that do take the advances in cosmology and the New Sciences seriously come to bear on our worship life These are the questions that are addressed in this text It is an initial effort to bring cosmology and the New Sciences into dialogue with developments in systematic and sacramental theology This book also suggests some ways in which these developments might appear in our worship Overall the author is concerned to reduce the cognitive dissonance between our scientifically informed everyday lives and our life of faith

E.S. Dallas in The Times Graham Law, Jenny Bourne Taylor, 2023-10-10 This volume comprises of a substantial selection of E S Dallas's journalism in The Times Although his reviews were crucial not only in forging the literary reputations of upcoming writers such as different as George Eliot and Mary Elizabeth Braddon but also in recalibrating the response to well established authors such as Tennyson and Dickens Eneas Sweetland Dallas 1827-79 remains arguably the most unjustly neglected of mid-Victorian critics Although Dallas wrote for many other periodicals it was his reviews in The Times that had the greatest impact on both the market for books and literary culture in the mid-Victorian period This collection brings together an anthology of his contributions as well as a newly written introduction a comprehensive listing of the articles he submitted to The Times critical apparatus to contextualise the materials and a detailed chronology reappraising Dallas biography This volume will be of great interest to students and scholars of literary history *Literature*

Henry Duff Traill, 1898 Home Front Heroes Elizabeth Abele, 2013-12-04 This book traces the effects of the feminist and civil rights movements in the construction of Hollywood action heroes Starting in the late 1980s action blockbusters regularly have featured masculine figures who choose love and community over the path of the stoic loner committed solely to duty The American heroic quest of the past 25 years increasingly has involved a reclamation of home creating a place for the Hero at the hearth part of a more intimate community with less restrictive gender and racial boundaries The author presents pieces of contemporary popular culture that create the complex mosaic of the present-day American heroic ideal Hollywood popular films are examined that best represent the often painful shift from traditional heroic masculinity to a masculinity that is less exceptional and more vulnerable There are also chapters on how issues of race and gender intersect with the new masculinity and on subgenres of 1990s films that also developed this postfeminist masculinity **Johnson's**
