This book delves into the intricacies of capitalism, examining the exploitation of labor, the dynamics of class struggle, and the mechanisms of surplus value extraction. Marx's writing is characterized by its rigorous analysis, dense theoretical framework, and historical context, making it a challenging yet rewarding read for those interested in understanding the inner workings of capitalist societies. The detailed examination of economic principles and power dynamics is a testament to Marx's keen intellect and commitment to social critique. *Capital* serves as a seminal text in Marxist literature, influencing generations of scholars, activists, and policymakers in their understanding of capitalism and its implications for society. **Community Level Assessment of the Impact of Mining (C.L.A.I.M.)** Papua New Guinea Naomi Kinsella, Eddie Tanago, Roddy Mesa, Marjorie Warisaiho, 2014-02-28 ABOUT CLAIM Community Level Assessment of the Impact of Mining or CLAIM is a human rights assessment methodology developed by the Centre for Environmental Law and Community Rights (CELCOR), Live and Learn PNG, and the American Bar Association Rule of Law Initiative (ABA ROLI). CLAIM is a practical tool for use by organizations like CELCOR and Live and Learn to work with local communities to assess the human rights impact of mining projects and identify remedies for mining-related harms. CLAIM is intended as a first step in providing longer-term support to mining-affected communities. CLAIM will produce a report detailing the positive and negative impacts of the mine and possible strategies or remedies for the community to pursue, depending upon their desired goal. The manual content is based on visits that CELCOR and ABA ROLI made to mining-affected communities and several workshops with environmental lawyers and civil society leaders. CELCOR and ABA ROLI would like to thank the people from Kwembu, Winima, Sam Sam, Sambio, Labu, and Markham who took the time to share their experiences. We are also grateful to the staff at the Mineral Resources Authority, the State Solicitor's Office of the Department of Justice and Attorney General, the Department of Petroleum and Energy, and the Department of Mineral Policy and Geo-Hazard Management for meeting with the CELCOR ABA ROLI project team and sharing their knowledge about the mining and oil and gas industries, as well as to the UN Office of the High Commissioner for Human Rights and the Sustainable Development Strategies Group for sharing

their expertise on human rights and business Additionally we thank all CELCOR Live and Learn Eco Forestry Forum and Greenpeace staff whose knowledge of local law environmental activism and community mobilization helped create this manual
