Unequal Freedom How Race And Gender Shaped American Citizenship And Labor

Engin Isin, Peter Nyers

Unequal Freedom How Race And Gender Shaped American Citizenship And Labor:

Unequal Freedom Evelyn Nakano GLENN,2009-06-30 The inequalities that persist in America have deep historical roots Glenn untangles this complex history in a unique comparative regional study from the end of Reconstruction to the eve of World War II

Unequal Freedom Evelyn Nakano Glenn,2001 The inequalities that persist in America have deep historical roots Evelyn Nakano Glenn untangles this complex history in a comparative regional study from the end of Reconstruction to the eve of World War II

Global Dimensions of Gender and Carework Mary K. Zimmerman,Jacquelyn S. Litt,Christine E. Bose,2006 A provocative collection on women s paid and unpaid carework examining the lives of the women at the center of new global dynamics

Citizens of the World Megan Threlkeld,2022-05-10 Between 1900 and 1950 many internationalist U S women referred to themselves as citizens of the world This book argues that the phrase was not simply a rhetorical flourish it represented a demand to participate in shaping the global polity and an expression of women s obligation to work for peace and equality The nine women profiled here invoked world citizenship as they promoted world government a permanent machinery to end war whether in the form of the League of Nations the United Nations or a full fledged world federation These women agreed neither on the best form for such a government nor on the best means to achieve it and they had different definitions of peace and different levels of commitment to genuine equality But they all saw themselves as part of a global effort to end war that required their participation in the international body politic Excluded from full national citizenship they saw in the world polity opportunities for engagement and equality as well as for peace Claiming world citizenship empowered them on the world stage It gave them a language with which to advocate for international cooperation

Citizens of the World not only provides a more complete understanding of the kind of world these women envisioned and the ways in which they claimed membership in the global community It also draws attention to the ways in which they were excluded from international institution building and to the critiques many of them leveled at those institutions Women s arguments for world government and their practices of world citizenship represented an alternative reaction to the crises of the first half of the twentieth century one predicated on cooperation and equality rather than competition and force

Race, Gender, Sexuality, and Social Class Susan J. Ferguson,2013 *Race Gender Sexuality and Social Class Dimensions of Inequality* edited by renowned researcher and scholar Susan Ferguson presents a contemporary and compelling overview of race ethnicity gender and social class issues in the United States today Taking an intersectional approach the book is organized topically rather than focusing on specific race ethnic subgroups The content is framed around the themes of identity experiences of race class gender or sexuality difference inequality and social change or personal empowerment with historical context threaded throughout to deepen the reader s understanding With engaging readings and cutting edge scholarship the collection is not only refreshingly contemporary but also relevant to students lives

Fighting Hoosiers Dawn Bakken,2021-09-07 *Fighting Hoosiers* Indiana in Two World Wars tells the compelling heartbreaking and breathtaking

stories of some of the hundreds of thousands of Hoosiers who served their country during the First and Second World Wars Drawn from the rich holdings of the Indiana Magazine of History a journal of state and midwestern history published since 1905 the collection includes original diaries letters and memoirs as well as research essays all of them focused on Hoosiers in the two world wars Readers will meet Alex Arch a Hungarian born immigrant who was the first American to fire a shot in World War I Maude Essig a nurse serving with the American Red Cross in wartime France Kenneth Baker a soldier in the Army Signal Corps who crawled across French fields sometimes over and around dead bodies to lay phone lines for military communications and Bernard Rice a combat medic who witnessed the liberation of the Dachau concentration camp in 1945 Indiana s brave men and women like these have served with distinction in the armed forces since the earliest days of the Indiana Territory Fighting Hoosiers offers a compelling glimpse at some of their remarkable stories **Working the Navajo Way** Colleen M. O'Neill, 2005 O'Neill chronicles a history of Navajo labor that illuminates how cultural practices and values influenced what it meant to work for wages or to produce commodities for the marketplace Through accounts of Navajo coal miners weavers and those who left the reservation in search of wage work she explores the tension between making a living the Navajo way and working elsewhere BOOK JACKET **Routledge Handbook of Global Citizenship Studies** Engin Isin, Peter Nyers, 2014-06-27 Citizenship studies is at a crucial moment of globalizing as a field What used to be mainly a European North American and Australian field has now expanded to major contributions featuring scholarship from Latin America Asia Africa and the Middle East The Routledge Handbook of Global Citizenship Studies takes into account this globalizing moment At the same time it considers how the global perspective exposes the strains and discords in the concept of citizenship as it is understood today With over fifty contributions from international interdisciplinary experts the Handbook features state of the art analyses of the practices and enactments of citizenship across broad continental regions Africas Americas Asias and Europes as well as deterritorialized forms of citizenship Diasporicity and Indigeneity Through these analyses the Handbook provides a deeper understanding of citizenship in both empirical and theoretical terms This volume sets a new agenda for scholarly investigations of citizenship Its wide ranging contributions and clear accessible style make it essential reading for students and scholars working on citizenship issues across the humanities and social sciences **Constructing Vernacular Culture in the Trans-Caribbean** Holger Henke, Karl-Heinz Magister, 2008-01-01 Constructing Vernacular Culture in the Trans Caribbean traces the contradictory cultural trajectories constructed and re produced in the fluid diasporic spaces we call the Trans Caribbean Particular emphasis is placed on such cultural expressions that reflect or derive from the cultural vernacular and popular culture as it exists in these spaces Its multidisciplinary approach and focus on different language areas in the Trans Caribbean are of particular interest to scholars in cultural studies migration literary theory and cultural criticism **American Studies**, 2006 The Straight State Margot Canaday, 2004 *The Masculine Worker Versus the Hybrid Citizen* Anna Cornelia Korteweg, 2004 **Resonances of**

Slavery in Race/Gender Relations Jane Flax, 2010-11-15 In a provocative and insightful exposition Jane Flax posits that Americans have never properly mourned slavery and its lingering effects on American subjects and politics Using an interdisciplinary approach the book shows that a reciprocal relationship exists between unconscious processes and race gender domination and that unless we attend to these unconscious processes no adequate remedy for the malignant consequences of our current race gender practices and relations can be devised Wide ranging Flax supports her arguments using a variety of sources including psychoanalytic theory feminist theory political theory Michel Foucault's writings Obama's books and speeches critical race theory data on race gender disparities and analysis of contemporary films **One Nation Divisible** Michael B. Katz, Mark J. Stern, 2006-03-16 American society today is hardly recognizable from what it was a century ago Integrated schools an information economy and independently successful women are just a few of the remarkable changes that have occurred over just a few generations Still the country today is influenced by many of the same factors that revolutionized life in the late nineteenth century immigration globalization technology and shifting social norms and is plagued by many of the same problems economic social and racial inequality One Nation Divisible a sweeping history of twentieth century American life by Michael B Katz and Mark J Stern weaves together information from the latest census with a century's worth of data to show how trends in American life have changed while inequality and diversity have endured One Nation Divisible examines all aspects of work family and social life to paint a broad picture of the American experience over the long arc of the twentieth century Katz and Stern track the transformations of the U S workforce from the farm to the factory to the office tower Technological advances at the beginning and end of the twentieth century altered the demand for work causing large population movements between regions These labor market shifts fed both the explosive growth of cities at the dawn of the industrial age and the sprawling suburbanization of today One Nation Divisible also discusses how the norms of growing up and growing old have shifted Whereas the typical life course once involved early marriage and living with large extended families Americans today commonly take years before marrying or settling on a career path and often live in non traditional households Katz and Stern examine the growing influence of government on trends in American life showing how new laws have contributed to more diverse neighborhoods and schools and increased opportunities for minorities women and the elderly One Nation Divisible also explores the abiding economic paradox in American life while many individuals are able to climb the financial ladder inequality of income and wealth remains pervasive throughout society The last hundred years have been marked by incredible transformations in American society Great advances in civil rights have been tempered significantly by rising economic inequality One Nation Divisible provides a compelling new analysis of the issues that continue to divide this country and the powerful role of government in both mitigating and exacerbating them A Volume in the Russell Sage Foundation Census Series **Undue Process** David Manuel Hernández, 2005 **Unequal Relations** Augie Fleras, Jean Leonard Elliott, 2006 *Women's Lives* Kathleen J. Ferraro, 2009 An anthology of poetry

personal narratives research reports and theoretical analyses that depict ongoing relevance of gender to people's experiences

Social Movements Dianne Dentice, 2008 Social movements continue to provide rich fodder for social researchers in the twenty first century This reader gives range and depth to ongoing debates about what constitutes a social movement what motivates actors to participate in social movements and how social movements continue to evolve in post industrial societies such as the United States Not all social movements are about positive social change and some movements have been and will be destructive The nine essays contained in this text represent classical movements such as the Oneida utopian movement of nineteenth century America and contemporary emerging movements such as the church growth movement The authors examine movements that are attempting to revitalize American health care and religious practice along with movements that are counter to social justice such as the white supremacist movement Was Jonestown a cult or social movement How does a charismatic leader such as John Humphrey Noyes sell the notion of selective breeding to Oneida communarians What is motivating people to participate in the contemporary communal movement in the United States Such questions are fundamental to our understanding of the emergence and sustainability of social movements This reader provides authoritative answers to these questions and many more as well as providing a basis for further thought and discussion among students of social movements While this volume does not attempt to present a unified theory of social movements the authors apply different theoretical approaches to their explanation of the movements they write about Authors represent various disciplines such as anthropology education and sociology and specialty areas such as criminal justice immigration and religion This multidisciplinary approach adds to the appeal of this reader with the goal of accessibility to a wide range of audiences who are interested in social movement phenomena both past and present

Woman's Hour Julianne Unsel, 2005 **Journal of Asian American Studies**, 2004 Official publication of the Association for Asian American Studies explores all aspects of the Asian American experience Publishes original works of scholarly interest to the field including new theoretical developments research results methodological innovations public policy concerns pedagogical issues and book media reviews
