University Johannesburg Student Guide 2014:

The Business Student's Guide to Sustainable Management Petra Molthan-Hill, 2017-11-30 Aimed at undergraduates this is the first textbook to offer a full introduction to sustainable management covering all subject areas relevant to business students The book includes chapters and seminars on subjects such as Corporate Sustainable Strategy Sustainable Marketing Sustainability Reporting Supply Chain Management Human Resources Management Supporting Sustainable Business Environmental Economics Sustainable Operations Management Greenhouse Gas Management and System Thinking in Sustainable Management The book contains nearly 30 ready made seminars employing various teaching methods Each chapter follows the same easy to use format This book provides a true treasure chest of materials to support staff wanting to integrate sustainability into their teaching and provides support to effectively embed sustainability in the curriculum The chapters also offer a starting point in developing teaching units for Masters and MBA students The material is not just useful to people in business schools but to those involved in wider scale curriculum change and those looking to make links between different disciplines

Universities as Living Labs for Sustainable Development Walter Leal Filho, Amanda Lange Salvia, Rudi W. Pretorius, Luciana Londero Brandli, Evangelos Manolas, Fatima Alves, Ulisses Azeiteiro, Judy Rogers, Chris Shiel, Armin da Do Paco, 2019-04-30 This book fills an important gap in the literature and presents contributions from scientists and researchers working in the field of sustainable development who have engaged in dynamic approaches to implementing sustainability in higher education It is widely known that universities are key players in terms of the implementation and further development of sustainability with some having the potential of acting as living labs in this rapidly growing field Yet there are virtually no publications that explore the living labs concept as it relates to sustainability and in an integrated manner The aims of this book which is an outcome of the 4th World Symposium on Sustainable Development at Universities WSSD U 2018 held in Malaysia in 2018 are as follows i to document the experiences of universities from all around the world in curriculum innovation research activities and practical projects as they relate to sustainable development at the university level ii to disseminate information ideas and experiences acquired in the execution of projects including successful initiatives and good practice iii to introduce and discuss methodological approaches and projects that seek to integrate the topic of sustainable development in the curricula of universities and iv to promote the scalability of existing and future models from universities as living labs for sustainable development The papers are innovative cross cutting and many reflect practice based experiences some of which may be replicable elsewhere Also this book prepared by the Inter University Sustainable Development Research Programme IUSDRP and the World Sustainable Development Research and Transfer Centre WSD RTC reinforces the role played by universities as living labs for sustainable development
