Traditions Of International Ethics 17 Cambridge Studies In International Relations:

Traditions of International Ethics Terry Nardin, David R. Mapel, 1992 This is the first comprehensive study of how different ethical traditions deal with the central moral problems of international affairs Using the organizing concept of a tradition it shows that ethics offers many different languages for moral debate rather than a set of unified doctrines Each chapter describes the central concepts premises vocabulary and history of a particular tradition and explains how that tradition has dealt with a set of recurring ethical issues in international relations Such issues include national self determination the use of force in armed intervention or nuclear deterrence and global distributive justice **Thinking**

About International Ethics Frances V Harbour, 2019-04-09 This book describes and analyzes important moral theories as they pertain to international politics and the study of international relations examining the role that moral thinking actually played in specific cases in American foreign policy **Ethics and Statecraft** Cathal J. Nolan, 2015-10-13 This collection of essays cuts to the quick of the most pressing moral issues facing decision makers today from the actions of ordinary soldiers in a combat zone to presidents deciding when and where to use force Ethics lie at the heart of human and therefore also international affairs compelling nations to get involved over there and dedicate resources to intervention or to justify detachment The politics and rhetoric of ethics constrain decision makers greatly complicating international situations This third edition of Ethics and Statecraft addresses the moral reasoning behind the art of peacemaking as well as the ethics and statecraft of conducting war The coverage ranges from historical transformations of whole eras of diplomatic and international history to issues of ethics of bombing and the laws of war Specific attention is paid to emerging issues such as armed humanitarian intervention and sanctions drone wars war crimes and economic justice The work is ideally suited for undergraduate and graduate students of international relations history political science and ethics It will also be useful for NGO officials and military officers struggling with these issues in the field General readers will find illumination of highly relevant historical issues including Allied bombing of civilians during World War II that set precedents for both expansion and limitations on the laws of war They will also encounter pressing modern day quandaries such as the conditions that permit or even require military or humanitarian intervention and the impact of new technologies on old moral problems

The Church of England and the Second World War John D. Alexander, 2025-08-28 In The Church of England and the Second World War John D Alexander analyses how historic Christian ethical traditions influenced the Church of England's contributions to British pre war and wartime public policy debates These traditions include just war holy war pacifism and Christian realism as deployed by such diverse Anglican figures as Cosmo Gordon Lang William Temple Herbert Hensley Henson George Bell Cyril Forster Garbett Charles Raven Percy Hartill Evelyn Underhill Vera Brittain and James Parkes Additional themes include war as divine judgement humanitarian intervention and Church of England responses to the Holocaust As a case study in the application of Christian ethical traditions this book makes vital connections between

Anglican studies international relations theory and the diplomatic military and humanitarian challenges of the mid twentieth century

Theories of International Relations, Third Edition Scott Burchill, Matthew Paterson, Christian Reus-Smit, Andrew Linklater, Richard Devetak, Jacqui True, Jack Donnelly, 2005-09-03 The fully updated and revised third edition of this widely used text provides a comprehensive survey of leading perspectives in the field including an entirely new chapter on Realism by Jack Donnelly The introduction explains the nature of theory and the reasons for studying international relations in a theoretically informed way The nine chapters which follow written by leading scholars in the US the UK Canada Australia and New Zealand provide thorough examinations of each of the major approaches currently prevailing in the discipline

Hugo Grotius in International Thought R. Jeffery, 2006-09-02 Drawing on the development of Grotian scholarship in international legal and political thought this book seeks to ascertain precisely what the term has meant both historically and as it is employed in contemporary scholarship

Non-Western International Relations Theory Amitav Acharya, Barry Buzan, 2009-12-22 Introduces non Western IR traditions to a Western IR audience and challenges the dominance of Western theory This book challenges criticisms that IR theory is Western focused and therefore misrepresents much of world history by introducing the reader to non Western traditions literature and histories relevant to how IR is conceptualised

Classical Theories of International Relations Ian Clark, Iver B. Neumann, 2016-07-27 Drawing on a tripartite taxonomy first suggested by the so called English School of International Relations of a Hobbesian tradition of power politics a Grotian tradition of concern with the rules that govern relations between states and a Kantian tradition of thinking which transcends the existence of the states system this book discusses the thinking of central political theorists about the modern states system Thinkers covered are Hobbes Grotius Kant Vitoria Rousseau Smith Burke Hegel Gentz and Vattel
