They All Discovered America:

They All Discovered America Charles Michael Boland, 1963 *The Muslim Diaspora (Volume 1, 570-1500)* Everett Jenkins, Jr., 2015-05-07 This first volume covers the development of Islam in the period from the birth of Muhammad in C E 570 through 1500 during which Islam grew to dominate the area which has come to be known as the Middle East Along with their religion Muslims carried their culture their goods and their innovations to the far corners of the globe Their contributions to Western civilization such as new kinds of agriculture irrigation oranges sugarcane cotton manufactured goods satin rugs paper perfumes and technology astrolabe compass lateen sail are set out in detail **True Myth** Nashid Al-Amin, 2013-02-21 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent True Myth Black Vikings of the Middle Ages takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author presents a reassessment of Europe that some readers will find difficult to believe beginning with mans migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like this filled with quotations from noted historians as well as from several Icelandic sagas that will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed True Myth Black Vikings of the Middle Ages he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take *Uncharted* Tim Wallace-Murphy, James Martin, 2025-09-12 An exploration of the history mythology and evidence of those who traveled to pre Columbian America Native groups have lived in the Americas for more than 10 000 years but the voyages of Columbus surely did not bring the first visitors Uncharted covers a range of cultures who seemingly visited the Americas long before Columbus including Egyptians Greeks Celts Vikings as well as various people from Asia and one large Chinese group who likely settled in the

Americas in 100 BC Wallace Murphy and Martin delve into a wealth of evidence and stories from potential Roman and Phoenician shipwrecks off the coast of South America to Celtic and Norse exploration of North America How did the Knights Templar influence the discovery of the New World How did the Vikings navigate their way What do the Sinclair family the Rosslyn Chapel and two Venetian brothers have to do with the discovery of a new continent With source materials dating back through millennia including very recent finds this book will present a side of history still so readily dismissed by some Columbus should be remembered but remembered for the conquering tyrant he was These other groups did not come to conquer but to trade explore and escape
