They Dont Speak Spanish In Brazil:

Portuguese Jews and New Christians in Colonial Brazil, 1500-1822 Alan P. Marcus, 2024-11-15 The diaspora of Portuguese Jews and New Christians known as Gente da Na o People of the Nation is considered the largest European diaspora of the early modern period Portuguese Jews not only founded the first congregations and synagogues in Brazil Recife and Olinda but when they left Brazil they played an imperative role in establishing the first Jewish communities in Suriname throughout the Caribbean and in North America Portuguese Jews and New Christians and their descendants were deeply involved in the colonial enterprise in Brazil They were among the New World s first sugarcane industry experts skilled laborers merchants rabbis calligraphists playwrights poets writers pharmacists medical doctors real estate brokers and geographers a fact that remains largely unknown in most public and academic spheres Drawing on nearly twenty thousand digitized dossiers of the Portuguese Inquisition this volume offers a comprehensive critical overview informed by both relatively inaccessible secondary sources and a significant body of primary sources *Brazil* Bruce Holdt, 2013-08 I decided to write this book because I enjoyed my time in Brazil so much that I wanted to share it with others When I finished my tour in the Office of the Chief of Naval Personnel I wanted to get out of the rat race in DC I requested an assignment as a defense attach My detailer gave me three choices for an attach assignment They were Yugoslavia Chile or Rio de Janeiro Brazil I was not interested in Yugoslavia but Chile interested me until I found out two American teenagers had been doused with gasoline and set on fire in Chile during a demonstration I chose Rio as my first choice Prior to going to Brazil I received a year of Brazilian language class in Washington DC My family was living in a home next to my wife s mother s home in Battle Lake Minnesota which is a small town in Northern Minnesota I lived in Bachelor Officers Quarters BOQ in US Naval Activity Anacostia Virginia a suburb of Washington DC The BOQ was on the Columbia River so I decided to try my hand at fishing for catfish When I caught my first catfish I filled it and fried it I tasted awful so I stopped fishing for catfish The Officer s Club next to the BOQ had a band every Wednesday night that imitated the Blues Brothers I had to go early to get a seat at the bar to watch the show The club was always full for the show A great time was had by all One of my teachers named Marissa at the Portuguese language school had red hair and did not look like a Brazilian like the other teachers I asked her about it and she told me she was from a small town in Southern Brazil that was settled in by Germans after the Second World War The language instruction included a one on one session every day I was able to request Marissa She was very patient with me and I learned to speak Portuguese fairly well Once a week the students and teachers would bring a dish from their native country I decided to make bruschetta a dish of toast with tomatoes and olive oil which I had learned to make when we were living in Italy When I made the toast in the BOQ I made some smoke which set off the fire alarm We had to evacuate the building until the firemen had arrived by a fire truck to check out the cause of the alarm going off I did not tell anyone that I caused it making toast One the weekends I worked for a local company that took children and teenagers skiing We rode from

Washington DC to a variety of mountains in West Virginia I enjoyed skiing with older better skiers as they did not need a lot of instruction I also skied a lot with a CIA agent who had taught the Greek army to ski He skied on long skis in the Austrian style I bought some long skis like his and to this day they are the only skis I am comfortable with Skiing every weekend got me in great shape I lost a lot of weight getting down to 180 pounds which is what I weighed when I graduated from high school In order to get around DC I bought a 1963 Fiat convertible which was literally falling apart I used the garage on the US Naval Activity Anacostia to repair the various wrong things with the car I welded a sheet of aluminum to the floor of the car which had a large hole in it I also had to repair both front and back bumpers The Fiat did not have a heater so one snowy winter day I tried to drive it back to Anacostia from language school I got so cold that I finally drove off the main road in Alexandria Virginia toward the Metro Station I drove as far as I could and parked the car alongside the street in a snowbank I walked to the Metro and took it back to Anacostia After language school I attended an attach training at the Defense Intelligence Institute on the US Air Force base next to the Naval Activity After I completed language training I attended defense attach at the Defense Intelligence Agency DIA The DIA is the central producer and manager of foreign military intelligence for the United States As one

Little Brazil Maxine L. Margolis,1993-12-19 Walking west on 46th Street in Manhattan just three blocks from Rockefeller Center one passes Brazilian restaurants the office of New York's Brazilian newspaper a Brazilian travel agency a business that sends remittances and wires flowers to Brazil and a store that sells Brazilian food products magazines newspapers videos and tapes These businesses are the tip of an ethnic iceberg an unseen minority estimated to number some 80 000 to 100 000 Brazilians in the New York metropolitan area alone Despite their numbers the lives of these people remain largely hidden to scholars and the public alike Now Maxine L Margolis remedies this neglect with a fascinating and accessible account of the lives of New York's Brazilians Showing that these immigrants belie American stereotypes Margolis reveals that they are largely from the middle strata of Brazilian society many in fact have university educations Not driven by dire poverty or political repression they are fleeing from chaotic economic conditions that prevent them from maintaining a middle class standard of living in Brazil But despite their class origin and education with little English and no work papers many are forced to take menial jobs after their arrival in the United States Little Brazil is not an insentient statistical portrait of this population writ large but a nuanced account that captures what it is like to be a new immigrant in this most cosmopolitan of world cities

United States Goodbye Brazil is the first book to provide a global perspective on Brazilian emigration Drawing and synthesizing data from a host of sociological and anthropological studies preeminent Brazilian immigration scholar Maxine L Margolis surveys and analyzes this greatly expanded Brazilian diaspora asking who these immigrants are why they left home how they traveled abroad how the Brazilian government responded to their exodus and how their host countries received them Margolis shows how Brazilian immigrants largely from the middle rungs of Brazilian society have negotiated their ethnic identity abroad She argues that Brazilian society abroad is characterized by the absence of well developed community based institutions with the exception of thriving largely evangelical Brazilian churches Margolis looks to the future as well asking what prospects at home and abroad await the new generation children of Brazilian immigrants with little or no familiarity with their parents country of origin Do Brazilian immigrants develop such deep roots in their host societies that they hesitate to return home despite Brazil s recent economic boom or have they become true transnationals traveling between Brazil and their adopted lands but feeling not quite at home in either one
